The Soul of the Family Tree Lori Erickson,2021-08-24 Readers may find themselves ordering their own DNA testing kit upon finishing this. —Publishers Weekly The Soul of the Family Tree posits that a spiritual grounding in one's family history can combat 'historical amnesia' and nurture a sense of belonging. —Foreword Reviews Growing up in a passionately Norwegian-American Iowa town, Lori Erickson rolled her eyes at traditions like Nordic Fest and steaming pots of rømmegrøt. But like many Americans, she eventually felt drawn to genealogy, the quintessential hobby of middle age. Her quest to know more about the Vikings and immigrants who perch in her family tree led her to visit Norse settlements and reenactments, medieval villages and modern museums, her picturesque hometown and her ancestor's farm on the fjords. Along the way, Erickson discovers how her soul has been shaped by her ancestors and finds unexpected spiritual guides among the seafaring Vikings and her hardscrabble immigrant forebears. Erickson's far-ranging journeys and spiritual musings show us how researching family history can be a powerful tool for inner growth. Travel with Erickson in The Soul of the Family Tree to learn how the spirits of your ancestral past can guide you today.

Warhol-isms Andy Warhol,2022-05-10 A unique collection of brilliant quotations from the legendary Pop artist One of the most influential artists of his time and ours, Andy Warhol is nearly as renowned for what he said as for what he did. Indeed, he is so quotable that things he never said are endlessly and plausibly attributed to him, including, fittingly, the most celebrated fake Warhol saying—"In the future, everyone will be world-famous for 15 minutes." Warhol-isms separates legend from fact to present a unique and comprehensive collection of authentic quotations from the Pop artist. Gathered from interviews and other primary sources, these deadpan, droll, ironic, and sincere gems—in which a superficial embrace of superficiality often disguises provocative, unconventional ideas—provide compelling insights into the life and work of an artist who has left an indelible mark on art and popular culture. Select quotations from the book: I think an artist is anybody who does something well.I went to [a psychiatrist] once, and he never called me back.They always say that time changes things, but you actually have to change them yourself.I've never met a person I couldn't call a beauty.New things are always better than old things.I'm still a commercial artist. I was always a commercial artist.

Sports Cardiology Casebook Antonio Pelliccia, 2009-07-21 Comparatively little is known about the risk of sudden death associated with exercise in young competitive athletes, and whether the benefits of sports activity outweigh the hazards of exercise-related fatal events is a clinical dilemma. This is only a small part of the story, however, as there are considerable effects of exercise whether it be at a competitive level or on a 'leisure' level on patients of all ages. This in itself is of massive importance to the cardiac patient population as exercise is a key component of effective recovery and recommended as central in the prevention of much cardiac disease.
