

Ganguro

Jesse Russell, Ronald Cohn

Ganguro Jesse Russell, Ronald Cohn, 2012-06 High Quality Content by WIKIPEDIA articles! Ganguro (Kanji Hiragana: Katakana: lit. Black Face, pronounced ganguro) is an alternative fashion trend of blonde or orange hair and tanned skin among young Japanese women that peaked in popularity around the year 2000. The Shibuya and Ikebukuro districts of Tokyo were the centers of ganguro fashion. In contradiction to the traditional Japanese concept of beauty by having pale skin, dark hair, and neutral makeup tones, rebellious youth tanned their skin, bleached their hair, and used colourful makeup. There is a connection to Japanese folklore of ghosts and demons, who are depicted with a similar appearance and often displayed in kabuki and noh costumes. This connection to folklore is further noted in the ganguro offshoot style called yamanba, named after a famous story about a mountain witch. The term ganguro is a portmanteau of the Japanese word gangankuro , meaning extremely dark, and guro , meaning grotesque, and the word ganguro translates to blackface or charbroiled face, meaning heavily-sunburned face.

Hip-Hop Japan Ian Condry, 2006-11 An ethnographic study of Japanese hip-hop.

Mountain Witches Noriko T. Reider, 2021-07-01 Mountain Witches is a comprehensive guide to the complex figure of yamauba—female yōkai often translated as mountain witches, who are commonly described as tall, enigmatic women with long hair, piercing eyes, and large mouths that open from ear to ear and who live in the mountains—and the evolution of their roles and significance in Japanese culture and society from the premodern era to the present. In recent years yamauba have attracted much attention among scholars of women's literature as women unconstrained by conformative norms or social expectations, but this is the

first book to demonstrate how these figures contribute to folklore, Japanese studies, cultural studies, and gender studies. Situating the yamauba within the construct of yōkai and archetypes, Noriko T. Reider investigates the yamauba attributes through the examination of narratives including folktales, literary works, legends, modern fiction, manga, and anime. She traces the lineage of a yamauba image from the seventh-century text *Kojiki* to the streets of Shibuya, Tokyo, and explores its emergence as well as its various, often conflicting, characteristics. Reider also examines the adaptation and re-creation of the prototype in diverse media such as modern fiction, film, manga, anime, and fashion in relation to the changing status of women in Japanese society. Offering a comprehensive overview of the development of the yamauba as a literary and mythic trope, *Mountain Witches* is a study of an archetype that endures in Japanese media and folklore. It will be valuable to students, scholars, and the general reader interested in folklore, Japanese literature, demonology, history, anthropology, cultural studies, gender studies, and the visual and performing arts.

License to Play Michal Daliot-Bul, 2014-10-31
Play is one of the most powerful cultural forces in contemporary Japan and in other late modern societies. In this notable contribution to our understanding of play, Michal Daliot-Bul explores the intricate and dynamic transformations of culture and play (*asobi*) in Japan. Along the way, she takes readers on a theoretically informed journey to better comprehend what makes play a significant cultural function, asking such questions as “How can we explain the dialectics between play as a biological instinct and play as a culturally specific activity? What defines the best player? How is creativity related to play?”

What is the difference between play and playfulness? Are some cultures more play-oriented than others, and if so, why?" Daliot-Bul argues that the cultural meaning of play and its influence on sociocultural life are not inherent properties of a fixed, universal behavior called play but rather are conditioned by changing cultural contexts and competing social ideologies. Spanning Japan's premodern period to the twenty-first century, the extent and expressions of play described in this book become thought-provoking lenses through which to view Japanese social dynamics and cultural complexities. As she approaches the post-industrialized 1970s in Japan, Daliot-Bul's narrative also explores urban consumer culture as a system for organizing daily life, the tension between institutional and contemporary popular cultures, the production of new gender identities, and the cultural construction of urban space. *License to Play* is an insightful and engaging work that will appeal widely to scholars and students specializing in cultural studies, cultural anthropology, and Japanese studies. Given the global fascination with Japanese popular culture and with play-like pleasures in late consumer cultures, the book will also find a readership among those interested in Japan in general and the universal phenomenon of play.

Globalization, Culture and Inequality in Asia
Timothy J. Scrase, Todd Joseph Miles Holden, Scott Baum, 2003
Contemplating globalization from a sociological perspective, it is without doubt that a major site for social, political, economic and cultural change in the new millennium lies in the Asian region. The chapters in this book seek to describe and analyze a number of key aspects of social and cultural change wrought by globalization in the Asian region. The underlying theme in the book is the multi-dimensional way in

which globalization - in the form of ideas, practices and technology - have introduced social inequalities in specific contexts. In particular, the book examines how inequality has been reproduced, challenged and theorized in Asia by the advent of globalizing culture. Written by experienced and established scholars, the study provides both theoretical explanation, and discussion and analysis of empirical data, from a range of social, cultural and political-economic perspectives and draws on studies from several countries in the region.

Racial Representations in Asia Yasuko I. Takezawa, 2011 Though there is no biological validity to race, it continues to play a central role in various aspects of our daily lives. What, then, generates and reinforces the reality of race, and in what ways? In order to explore these questions, this book examines racial representations from both scientific and humanistic perspectives, taking into account both historical and contemporary views. This incisive anthology is the product of an interdisciplinary collaboration among scholars from Japan, Korea, Singapore, Germany, Israel, Iraq, and the US. The discussion consists of studies in history, literature, sociology, cultural anthropology, and genetics, while the primary focus is on racial representations in Asia. The book elucidates issues and phenomena that have been neglected or marginalized in the literature on racial representation, and it serves to broaden our understanding, both in the theoretical and empirical realms. Looking at these phenomena, it is realized that racism has become increasingly obscure and harder to identify and articulate, thus posing the question: Are we really beyond 'race' and heading towards a future of 'integration?'

Fashioning Japanese Subcultures Yuniya

Kawamura, 2013-08-15 Western fashion has been widely appreciated and consumed in Tokyo for decades, but since the mid-1990s Japanese youth have been playing a crucial role in forming their own unique fashion communities and producing creative styles which have had a major impact on fashion globally. Geographically and stylistically defined, subcultures such as Lolita in Harajuku, Gyarū and Gyarū-o in Shibuya, Age-jo in Shinjuku, and Mori Girl in Kouenji, reflect the affiliation and identities of their members, and have often blurred the boundary between professionals and amateurs for models, photographers, merchandisers and designers. Based on insightful ethnographic fieldwork in Tokyo, *Fashioning Japanese Subcultures* is the first theoretical and analytical study on Japan's contemporary youth subcultures and their stylistic expressions. It is essential reading for students, scholars and anyone interested in fashion, sociology and subcultures.

Southeast Review of Asian Studies , 2006

Bad Girls of Japan L. Miller, J.

Bardsley, 2005-12-09 Are bad girls casualties of patriarchy, a necessary evil, or visionary pioneers? The authors in this volume propose shifts in our perceptions of bad girls by providing new ways to understand them through the case of Japan. By tracing the concept of the bad girl as a product of specific cultural assumptions and historical settings, *Bad Girls of Japan* maps new roads and old detours in revealing a disorderly politics of gender. *Bad Girls of Japan* explores deviancy in richly diverse media: mountain witches, murderers, performance artists, cartoonists, schoolgirls and shoppers gone wild are all part of the terrain.

Routledge Handbook of Japanese Sociolinguistics

Patrick Heinrich, Yumiko Ohara, 2019-06-05

Presenting new approaches and results previously

inaccessible in English, the Routledge Handbook of Japanese Sociolinguistics provides an insight into the language and society of contemporary Japan from a fresh perspective. While it was once believed that Japan was a linguistically homogenous country, research over the past two decades has shown Japan to be a multilingual and sociolinguistically diversifying country. Building on this approach, the contributors to this handbook take this further, combining Japanese and western approaches alike and producing research which is relevant to twenty-first century societies. Organised into five parts, the sections covered include: The languages and language varieties of Japan. The multilingual ecology. Variation, style and interaction. Language problems and language planning. Research overviews. With contributions from across the field of Japanese sociolinguistics, this handbook will prove very useful for students and scholars of Japanese Studies, as well as sociolinguists more generally.

Traveling Texts and the Work of Afro-Japanese Cultural Production William H. Bridges, IV, Nina Cornyetz, 2015-06-24 This book analyzes the complex conversations taking place in texts of all sorts traveling between Africans, African diasporas, and Japanese across disciplinary, geographic, racial, ethnic, and cultural borders.

The Search for the Beautiful Woman Kyō Chō, 2012 For centuries, Japanese culture, including ideals of feminine beauty, was profoundly shaped by China. In this first full comparative history on the subject, Cho Kyo explores changing standards of beauty in China and Japan, ranging from plumpness to bound feet to blackened teeth. Drawing on a rich array of sources gathered over a decade of research, he considers which Chinese representations were rejected or accepted and transformed in Japan. He then traces the

introduction of Western aesthetics into Japan starting in the Meiji era, leading to slowly developing but radical changes in the repres.

Status and Culture W. David Marx, 2022-09-06
Subtly altered how I see the world. –Michelle Goldberg, New York Times “[Status and Culture] consistently posits theories I'd never previously considered that instantly feel obvious.” –Chuck Klosterman, author of *The Nineties* “Why are you the way that you are? Status and Culture explains nearly everything about the things you choose to be—and how the society we live in takes shape in the process.” –B.J. Novak, writer and actor
Solving the long-standing mysteries of culture—from the origin of our tastes and identities, to the perpetual cycles of fashions and fads—through a careful exploration of the fundamental human desire for status All humans share a need to secure their social standing, and this universal motivation structures our behavior, forms our tastes, determines how we live, and ultimately shapes who we are. We can use status, then, to explain why some things become “cool,” how stylistic innovations arise, and why there are constant changes in clothing, music, food, sports, slang, travel, hairstyles, and even dog breeds. In *Status and Culture*, W. David Marx weaves together the wisdom from history, psychology, sociology, anthropology, economics, philosophy, linguistics, semiotics, cultural theory, literary theory, art history, media studies, and neuroscience to demonstrate exactly how individual status seeking creates our cultural ecosystem. Marx examines three fundamental questions: Why do individuals cluster around arbitrary behaviors and take deep meaning from them? How do distinct styles, conventions, and sensibilities emerge? Why do we change behaviors over time and why do some behaviors stick around? The answers then provide new perspectives for understanding the seeming

“weightlessness” of internet culture. Status and Culture is a book that will appeal to business people, students, creators, and anyone who has ever wondered why things become popular, why their own preferences change over time, and how identity plays out in contemporary society. Readers of this book will walk away with deep and lasting knowledge of the often secret rules of how culture really works.

Faces around the World Margo DeMello, 2012-02-14
This book provides a comprehensive examination of the human face, providing fascinating information from biological, cultural, and social perspectives. Our faces identify who we are—not only what we look like and what ethnicities we belong to, but they can also identify what religions we practice and what personal ideologies we have. This one-of-a-kind A-Z reference explores the ways we change, beautify, and adorn our faces to create our personalities and identities. In addition to covering the basics such as the anatomical structure and function of parts of the human face, the entries examine how the face is viewed around the world, allowing students to easily draw connections and differences between various cultures around the world. Readers will learn about a wide variety of topics, including identity in different cultures; religious beliefs; folklore; extreme beautification; the evil eye; scarification; facial piercing and facial tattooing masks; social views about beauty including cosmetic surgery and makeup; how gender, class and sexuality play a role in our understanding of the face; and skin, eye, mouth, nose, and ear diseases and disorders. This encyclopedia is ideal for high school and undergraduate students studying anthropology, anatomy, gender, religion, and world cultures.

Japan Studies Review , 2009

Geek in Japan Hector Garcia, 2019-06-25 Created

specifically for fans of Japanese cool culture, *A Geek in Japan* is one of the most iconic, hip, and concise cultural guides available. This new edition has been thoroughly revised and expanded with new chapters on Japanese video games, architecture, and a special section on visiting Kyoto. Reinvented for the internet age, it's packed with personal essays and hundreds of photographs, presenting all the touchstones of both traditional and contemporary culture in an entirely new way. The expansive range of topics include: Bushido, Geisha, Samurai, Shintoism, and Buddhism Traditional arts and disciplines like Ukiyo-e, Ikebana, Zen meditation, calligraphy, martial arts, and the tea ceremony Insightful essays on code words and social mores; dating and drinking rituals; working and living conditions and symbols and practices that are peculiarly Japanese Japanese pop culture genres and their subcultures, like otaku, gals, visual kei, and cosplay For visitors, the author includes a mini guide to his favorite neighborhoods in Tokyo as well as tips on special places of interest in other parts of Japan. Garcia has written an irreverent, insightful, and highly informative guide for the growing ranks of Japanophiles around the world.

Women and the Media Theresa Carilli, Jane Campbell, 2005 This anthology has a cultural focus and addresses issues of race, ethnicity, class, and sexuality.

Passing Interest Julie Cary Nerad, 2014-06-16 Explores how the trope of racial passing continues to serve as a touchstone for gauging public beliefs and anxieties about race in this multiracial era. The first volume to focus on the trope of racial passing in novels, memoirs, television, and films published or produced between 1990 and 2010, *Passing Interest* takes the scholarly conversation on passing into the twenty-

first century. With contributors working in the fields of African American studies, American studies, cultural studies, film studies, literature, and media studies, this book offers a rich, interdisciplinary survey of critical approaches to a broad range of contemporary passing texts. Contributors frame recent passing texts with a wide array of cultural discourses, including immigration law, the Post-Soul Aesthetic, contemporary political satire, affirmative action, the paradoxes of "colorblindness," and the rhetoric of "post-racialism." Many explore whether "one drop" of blood still governs our sense of racial identity, or to what extent contemporary American culture allows for the racially indeterminate individual. Some essays open the scholarly conversation to focus on "ethnic" passers—individuals who complicate the traditional black-white binary—while others explore the slippage between traditional racial passing and related forms of racial performance, including blackface minstrelsy and racial masquerade. Julie Cary Nerad is Associate Professor of American Literature at Morgan State University.

Japan Close-up, 2007

Schoolgirls, Money and Rebellion in Japan Sharon Kinsella, 2013-11-07 Japanese society in the 1990s and 2000s produced a range of complicated material about sexualized schoolgirls, and few topics have caught the imagination of western observers so powerfully. While young Japanese girls had previously been portrayed as demure and obedient, in training to become the obedient wife and prudent mother, in recent years less than demure young women have become central to urban mythology and the content of culture. The cultic fascination with the figure of a deviant school girl, which has some of its earliest roots in the nineteenth and early twentieth centuries, likewise re-emerged

and proliferated in fascinating and timely ways in the 1990s and 2000s. Through exploring the history and politics underlying the cult of girls in contemporary Japanese media and culture, this book presents a striking picture of contemporary Japanese society from the 1990s to the start of the 2010s. At its core is an in-depth case study of the media delight and panic surrounding delinquent prostitute schoolgirls. Sharon Kinsella traces this social panic back to male anxieties relating to gender equality and female emancipation in Japan. In each chapter in turn, the book reveals the conflicted, nostalgic, pornographic, and at times distinctly racialized manner, in which largely male sentiments about this transformation of gender relations have been expressed. The book simultaneously explores the stylistic and flamboyant manner in which young women have reacted to the weight of an obsessive and accusatory male media gaze. Covering the often controversial subjects of compensated dating (enjo kôsai), the role of porn and lifestyle magazines, the historical sources and politicized social meanings of the schoolgirl, and the racialization of fashionable girls, *Schoolgirls, Money, Rebellion in Japan* will be invaluable to students and scholars of Japanese culture and society, sociology, anthropology, gender and women's studies.

Ganguro Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has been much more apparent than ever. Its ability to stir emotions, provoke thought, and instigate transformation is truly remarkable. This extraordinary book, aptly titled "**Ganguro**,"

published by a highly acclaimed author, immerses readers in a captivating exploration of the significance of language and its profound affect on our existence. Throughout this critique, we will delve into the book's central themes, evaluate its unique writing style, and assess its overall influence on its readership.

textbooks. While it operates in a legal gray area due to copyright issues, its a popular resource for finding various publications. Internet Archive for Ganguro : Has an extensive collection of digital content, including books, articles, videos, and more. It has a massive library of free downloadable books. Free-eBooks Ganguro Offers a diverse range of free eBooks across various genres. Ganguro Focuses mainly on educational books, textbooks, and business books. It offers free PDF downloads

for educational purposes. Ganguro Provides a large selection of free eBooks in different genres, which are available for download in various formats, including PDF. Finding specific Ganguro, especially related to Ganguro, might be challenging as theyre often artistic creations rather than practical blueprints. However, you can explore the following steps to search for or create your own Online Searches: Look for websites, forums, or blogs dedicated to Ganguro, Sometimes enthusiasts share their

designs or concepts in PDF format. Books and Magazines Some Ganguro books or magazines might include. Look for these in online stores or libraries. Remember that while Ganguro, sharing copyrighted material without permission is not legal. Always ensure youre either creating your own or obtaining them from legitimate sources that allow sharing and downloading. Library Check if your local library offers eBook lending services. Many libraries have digital catalogs where you can borrow Ganguro eBooks for free,

including popular titles. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Ganguro full book , it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of

Ganguro eBooks, including some popular titles.

FAQs About Ganguro Books

What is a Ganguro PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Ganguro PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in

PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Ganguro PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities.

How do I convert a Ganguro PDF to another file format? There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Ganguro PDF?**

Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance,

you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf,

ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such

as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
