The Garmin Fenix 5x Handbook George Root, 2018-08-23 I have been using Garmin GPS devices for decades, but when I bought my Garmin fenix 5x I was overwhelmed by its complexity. The fenix does dozens of things but there are only 5 buttons to make it operate. As I do in such situations, I tried to find a book that would describe all of the fenix capabilities and how to make them work. I couldn't find any - except for one in German. So I decided to research and experiment with the fenix 5x and write down what I found. This book is the result. This book describes the fenix user interface in great detail. It also describes the fenix 5x system which includes the Garmin Connect app for your cell phone, the Garmin Express app for your computer, the Garmin Connect on-line app and, finally, how to use Garmin BaseCamp to plan activities that will be accomplished using the fenix 5x. It is impossible to fit everything the fenix can do into one small book. All of the examples used throughout this book are based on the Hike activity. I believe that the Running and Cycling activities will operate identically to the Hike activity. But there is nothing in this book about using the fenix for Golf nor for Swimming nor for using Exercise Equipment. Even so, what is in this book will provide a good background no matter what activity you wish to pursue.

The Boys Who Cycled Europe Alex Pavitt,2014-04-10 Alex and Tom are just schoolboys who do not have much knowledge about cycling. What they do have is a huge summer holiday to fill. Armed with some overly packed bicycles and no training they waved bye to their parents and set off to cycle 3000 kilometres around Europe, to raise money for the MS society. They aimed to cycle their bikes through 8 countries, meeting new people and seeing the world from a different perspective. However with crashes, infestations, and being eaten alive they are faced with a much harder task in order to make it home. Alex and Tom managed to raise over 3000 for the MS Society during their cycle. This book will enable them to carry on this effort, as 1 from every book will be donated to the MS Society.
