Pasolini Stefania Benini,2015-09-15 Poet, novelist, dramatist, polemicist, and filmmaker Pier Paolo Pasolini continues to be one of the most influential intellectuals of post-war Italy. In *Pasolini: The Sacred Flesh*, Stefania Benini examines his corporeal vision of the sacred, focusing on his immanent interpretation of the Christian doctrine of the Incarnation and the “sacred flesh” of Christ in both Passion and Death as the subproletarian flesh of the outcast at the margins of capitalism. By investigating the many crucifixions within Pasolini’s poems, novels, films, cinematic scripts and treatments, as well as his subversive hagiographies of criminal or crazed saints, Benini illuminates the radical politics embedded within Pasolini’s adoption of Christian themes. Drawing on the work of theorists such as Ernesto De Martino, Mircea Eliade, Jean-Luc Nancy, Alain Badiou, Giorgio Agamben, and Slavoj Žižek, she shows how Pasolini’s meditation on the disappearance of the sacred in our times and its return as a haunting revenant, a threatening disruption of capitalist society, foreshadows current debates on the status of the sacred in our postmodern world.

Encyclopedia of Italian Literary Studies: A-J Gaetana Marrone,2007 Publisher description

Pasolini Robert Samuel Clive Gordon,1996 In the twenty years since his death, Pier Paolo Pasolini (1922-1975) has grown into a figure of defining importance in the history of post-war Italian literary and cinematographic culture. His extraordinary and continuing impact is explained by his capacity to appropriate and transform or distort traditional genres, media, languages, and forms of art, and to bring them into stark confrontation with the deeply fractured social, political, and sexual landscape of modern Italy. *Pasolini: Forms of Subjectivity* aims at a global reassessment of Pasolini, examining in turn his journalism and essays, his poetry, his film theory and practice, and his sprawling, posthumously published narrative fragment *Petrolio*, all from the perspective of the complex shifting workings of subjectivity which animate every aspect of his work. Gordon provides a conceptual and interpretative framework which illuminates Pasolini's mastery of both the written word and the cinematographical world.

A Poetics of Resistance David Ward,1995 *A Poetics of Resistance: Narrative and the Writings of Pier Paolo Pasolini* examines the writings of the Italian poet, novelist, filmmaker, theorist, and dramaturg.

Il Garzanti Hazon ,2002

The Passion of Pier Paolo Pasolini Sam Rohdie,2019-07-25 This is a personal account of Pier Paolo Pasolini's cinema and literature, written by the author of 'Antonioni' and 'Rocco and his Brothers'.

Sex, the Self, and the Sacred Colleen Ryan-Scheutz,2007-01-01 Drawing upon Italy's distinct socio-cultural history as well as feminist and psychoanalytic approaches to film, Colleen Ryan-Scheutz explores the ways in which Pasolini's representations of women reveal his concerns about the corruption of modern society.

Garzanti Dictionary of Business English French & European Publications, Incorporated,1993-01-01

Un editore imprevedibile. Livio Garzanti Gian Carlo Ferretti,2020-05-26 per la prima volta Il ritratto di un editore protagonista del Novecento, livio garzanti, che impersona tutta una serie di contraddizioni e imprevedibilità. dentro una riflessione sull’editoria contemporanea Emerge, di garzanti, l’uomo (di temperamento amabile e indisponente, suadente e padronale, determinato e capriccioso) e il creatore di un catalogo dove si alternano Gadda e Mike Spillane, Pasolini e 007, Colazione da Tiffany e Love Story, premi Nobel e “Garzantine”, Magris e Alberoni. capace infine di lasciare 90 milioni di euro alle associazioni milanesi che si occupano di assistenza agli anziani. Un ritratto critico documentato e al tempo stesso animato dal gusto della curiosità. con un’intervista inedita e un inserto iconografico.

Giraffes in the Garden of Italian Literature Deborah Amberson,2017-12-02 Writing in 1926, Carlo Emilio Gadda (1893-1973) acknowledges his peculiarity within the Italian literary field by describing himself as a giraffe or a kangaroo in Italy's beautiful garden of literature. Gadda's self-characterization as exotic and even ungainly animal applies in equal measure to Italo Svevo (1861-1928) and Federico Tozzi (1883-1920), authors who, like Gadda, thwarted efforts at critical classification. Yet the ostensible strangeness of these three Italian authors is diminished when their writing is considered within the framework of modernism, a label traditionally avoided by the Italian critical establishment. Indeed, within a modernism preoccupied with human embodiment, these Italian literary giraffes find their kin. Here, the central nexus of body, subjectivity and style that informs and binds the writing of Svevo, Tozzi and Gadda resonates with a modernist renegotiation and revalorization of a human body whose dignity and epistemological authority have been contested by social and technological modernity.

The Works of Claudio Magris: Temporary Homes, Mobile Identities, European Borders N. Pireddu,2015-01-12 Italian scholar, novelist, journalist, and philosopher Claudio Magris is among the most prominent of living European intellectuals. This study is the first comprehensive critical analysis of Magris's corpus for an English-speaking audience and addresses the crucial question of the return to humanism that is moving literature and theory forward.

Heavy Minerals Sergio Andò,2021-09-09 The principal aim of this book is to provide a wide range of information and a useful reference for researchers interested to investigate heavy mineral assemblages in different geological settings and for a variety of purposes. The methodological developments achieved in recent years for the identification of heavy minerals in a wide grain-size range are illustrated. All factors that affect heavy mineral concentration and relative proportions, including hydraulic sorting, mechanical abrasion, chemical weathering, and post-depositional dissolution, and all factors able to introduce analytical, environmental, or diagenetic bias are thoroughly addressed. A proper integration of multiple techniques including bulk sediment, multi-mineral, and single-mineral methods are discussed by renowned authors in their invited contributions.

Garzanti Comprehensive Italian-English, English-Italian Dictionary Mario Hazon,1963

Culture and Conflict in Postwar Italy Robert Lumley,Zygmunt G Baranski,1990-07-19 The late and turbulent transition from a largely rural and peasant society to a modern urban state involved the crisis of rooted popular traditions and the emergence of mass cultural forms. As a result, Italy, once the centre of a cultural world, has increasingly found itself on the periphery of an American media empire and serious questions of cultural identity have been raised. The Italian case is further significant on account of the theoretical and political problems it has posed. As well as dealing with these and related topics, the book examines current tendencies, such as the rapid multiplication of sub-cultures and the crisis of 'mass' forms. Each chapter is written by a specialist in the field. Although the essays normally deal with specific problems, they also highlight both the historical context and more general considerations within their sphere of interest.

The Literary and Cultural Reception of Charles Darwin in Europe Thomas F. Glick,Elinor Shaffer,2014-05-22 Beyond his pivotal place in the history of scientific thought, Charles Darwin's writings and his theory of evolution by natural selection have also had a profound impact on art and culture and continue to do so to this day. The *Literary and Cultural Reception of Charles Darwin in Europe* is a comprehensive survey of this enduring cultural impact throughout the continent. With chapters written by leading international scholars that explore how literary writers and popular culture responded to Darwin's thought, the book also includes an extensive timeline of his cultural reception in Europe and bibliographies of major translations in each country.

Pier Paolo Pasolini Patrick Allen Rumble,Bart Testa,1994-01-01 A reexamination of Pasolini life and work as a poet, novelist, filmmaker, journalist and cultural theorist reflecting new developments in semiotics, post-structuralist theory, and historical research on Italian literature and film.
