Virtual Geography McKenzie Wark, 1994-11-22 The author's capacity to grasp and interpret these [world media] events is astounding, and her ability to provide insights into a world where unbounded information is circling the earth with the speed of light is startling. -- Choice ... a wide-ranging, quirky and dextrous mix of description, theory and analysis, that documents the perils of the global telecommunications network... -- Times Literary Supplement ... this is a stimulating, even moving, book, dense with ideas and with many quotable lines. -- The New Statesman Wark is one of the most original and interesting cultural critics writing today. -- Lawrence Grossberg McKenzie Wark writes about the experience of everyday life under the impact of increasingly global media vectors. News for the Rich, White, and Blue Nikki Usher, 2021-07-06 As cash-strapped metropolitan newspapers struggle to maintain their traditional influence and quality reporting, large national and international outlets have pivoted to serving readers who can and will choose to pay for news, skewing coverage toward a wealthy, white, and liberal audience. Amid rampant inequality and distrust, media outlets have become more out of touch with the democracy they purport to serve. How did journalism end up in such a predicament, and what are the prospects for achieving a more

equitable future? In *News for the Rich, White, and Blue*, Nikki Usher recasts the challenges facing journalism in terms of place, power, and inequality. Drawing on more than a decade of field research, she illuminates how journalists decide what becomes news and how news organizations strategize about the future. Usher shows how newsrooms remain places of power, largely white institutions growing more elite as journalists confront a shrinking job market. She details how Google, Facebook, and the digital-advertising ecosystem have wreaked havoc on the economic model for quality journalism, leaving local news to suffer. Usher also highlights how the handful of likely survivors—well-funded media outlets such as the New York Times—increasingly appeal to a global, “placeless” reader. *News for the Rich, White, and Blue* concludes with a series of provocative recommendations to reimagine journalism to ensure its resiliency and its ability to speak to a diverse set of issues and readers.

The Millionaire Fastlane MJ DeMarco,2011-01-04 10TH ANNIVERSARY EDITION Is the financial plan of mediocrity -- a dream-stealing, soul-sucking dogma known as The Slowlane your plan for creating wealth? You know how it goes; it sounds a lil something like this: Go to school, get a good job, save 10% of your paycheck, buy a used car, cancel the movie channels, quit drinking expensive Starbucks mocha lattes, save and penny-pinch your life away, trust your life-savings to the stock market, and one day, when you are oh, say, 65 years old, you can retire rich. The mainstream financial gurus have sold you blindly down the river to a great financial gamble: You've been hoodwinked to believe that wealth can be created by recklessly trusting in the uncontrollable and unpredictable markets: the housing market, the stock market, and the job market. This impotent financial gamble dubiously promises wealth in a wheelchair -- sacrifice your adult life for a financial plan that reaps dividends in the twilight of life. Accept the Slowlane as your blueprint for wealth and your financial future will blow carelessly asunder on a sailboat of HOPE: HOPE you can find a job and keep it, HOPE the stock market doesn't tank, HOPE the economy rebounds, HOPE, HOPE, and HOPE. Do you really want HOPE to be the centerpiece for your family's financial plan? Drive the Slowlane road and you will find your life deteriorate into a miserable exhibition about what you cannot do, versus what you can. For those who don't want a lifetime subscription to settle-for-less and a slight chance of elderly riches, there is an alternative; an expressway to extraordinary wealth that can burn a trail to financial independence faster than any road out there. Why jobs, 401(k)s, mutual funds, and 40-years of mindless frugality will never make you rich young. Why most entrepreneurs fail and how to immediately put the odds in your favor. The real law of wealth:

Leverage this and wealth has no choice but to be magnetized to you. The leading cause of poorness: Change this and you change everything. How the rich really get rich - and no, it has nothing to do with a paycheck or a 401K match. Why the guru's grand deity - compound interest - is an impotent wealth accelerator. Why the guru myth of do what you love will most likely keep you poor, not rich. And 250+ more poverty busting distinctions... Demand the Fastlane, an alternative road-to-wealth; one that actually ignites dreams and creates millionaires young, not old. Change lanes and find your explosive wealth accelerator. Hit the Fastlane, crack the code to wealth, and find out how to live rich for a lifetime.

In what he has called some of the most exciting shoots of his career, Casteel has found a remarkable new way to capture the wonder and freedom babies feel when they're underwater. Chubby-cheeked, curious, and mischievous, these tiny swimmers remind us all of the joy of discovery--and the irresistible beauty of babies.

Faces around the World Margo DeMello, 2012-02-14 This book provides a comprehensive examination of the human face, providing fascinating information from biological, cultural, and social perspectives. Our faces identify who we are—not only what we look like and what ethnicities we belong to, but they can also identify what religions we practice and what personal ideologies we have. This one-of-a-kind A-Z reference explores the ways we change, beautify, and adorn our faces to create our personalities and identities. In addition to covering the basics such as the anatomical

structure and function of parts of the human face, the entries examine how the face is viewed around the world, allowing students to easily draw connections and differences between various cultures around the world. Readers will learn about a wide variety of topics, including identity in different cultures; religious beliefs; folklore; extreme beautification; the evil eye; scarification; facial piercing and facial tattooing masks; social views about beauty including cosmetic surgery and makeup; how gender, class and sexuality play a role in our understanding of the face; and skin, eye, mouth, nose, and ear diseases and disorders. This encyclopedia is ideal for high school and undergraduate students studying anthropology, anatomy, gender, religion, and world cultures.

Quite Enough of Calvin Trillin Calvin Trillin, 2012-12-04 "Brilliant . . . The dean of American comic writers showcases his varied talents mocking the public and private lives of politicians, average citizens and himself."—The Star-Ledger Calvin Trillin has committed blatant acts of funniness all over the place—in The New Yorker, in one-man off-Broadway shows, in his "deadline poetry" for The Nation, in comic novels, and in what USA Today called "simply the funniest regular column in journalism." Now Trillin selects the best of his funny stuff and organizes it into topics like high finance ("My long-term investment strategy has been criticized as being entirely too dependent on Publishers Clearing House sweepstakes") and the literary life ("The average shelf life of a book is somewhere between milk and yogurt"). He addresses the horrors of witnessing a voodoo economics ceremony and the mystery of how his mother managed for thirty years to feed her family nothing but leftovers ("We have a team of anthropologists in there now looking for the original meal"). He even

skewers deserving political figures in poetry. In this, the definitive collection of his humor, Calvin Trillin is prescient, insightful, and invariably hilarious. "A literary treasure . . . There is only one Calvin Trillin, and if he didn't exist we would have to invent him."—The Washington Times "Funny is to Trillin what drinking is to Uncle Jed in Annie Get Your Gun—it's what he does 'natur'lly.' He's also a lot more than funny. Quite Enough of Calvin Trillin is the twenty-eighth book he's published over not far short of a half-century, and their range of subjects is remarkable."—Jonathan Yardley, The Washington Post "Trillin made his reputation over four decades as the author of 'U.S. Journal' in the New Yorker [but he] is incapable of resisting the temptation of comedy. The jokes kept on welling up and Mr. Trillin made a parallel reputation as a writer of funny stuff."—The Economist "Wry, whip-smart, understated, and entertaining."—The Miami Herald

No Dream Is Too High Buzz Aldrin, Ken Abraham, 2016-04-05 Beloved American hero and astronaut Buzz Aldrin reflects on the wisdom, guiding principles, and irreverent anecdotes he's gathered—both in outer space and on earth—through his event-filled life, in this inspiring guide-to-life for the next generation. Everywhere he goes, crowds gather to meet Buzz Aldrin. He is a world-class hero, a larger-than-life figurehead, best known of a generation of astronauts whose achievements surged in just a few years from first man in space to first men on the moon. Now he pauses to reflect and share what he has learned, from the vantage point not only of outer space but also of time: still a non-stop traveler and impassioned advocate for space exploration, Aldrin will be 86 in 2016. *No Dream Is Too High* whittles down Buzz Aldrin's event-filled life into a short list of principles he values, each illustrated by fascinating anecdotes and memories, such as: · Second comes right after first. NASA protocol should have meant he was first on the moon, but rules changed just before the mission. How he learned to be proud of being the second man on the moon. ·

Look for opportunities, not obstacles. Buzz was rejected the first time he applied to be an astronaut. Failure is an opportunity to learn to do better. · Always maintain your spirit of adventure. For his 80th birthday, Buzz went diving in the Galapagos and hitched a ride on a whale shark. He stays fit, energetic, and fascinated with life. No Dream Is Too High is a beautiful memento, a thought-provoking set of ideas, and a new opportunity for Buzz Aldrin to connect with the masses of people who recognize his unique place in human history.

No Land to Light On Yara Zgheib,2022-09-06 Hadi and Sama are a young Syrian couple in the throes of new love, building a life in the country that brought them together. They'd met in Cambridge, Massachusetts: he, a shell-shocked refugee of a bloody civil war; she, a passionate dreamer who'd come to America years earlier in search of new horizons. Now, they giddily await the birth of their son, a boy whose native language would be freedom and belonging. When Sama is five months pregnant, Hadi's father dies, in Amman, the night before the embassy interview that would

finally reunite Hadi with his parents and deliver them from a country in crisis. Hadi flies back to the Middle East for the funeral, promising he'll be gone only a few days. On the day his flight is due to arrive in Boston, Sama decides to surprise him at the airport, eager to scoop him up and bring him back home. She waits, and waits. There are protests at Logan airport, and Hadi never shows up. What Sama doesn't yet know is that Hadi has been stopped at the border. That he's been taken away for questioning, detained in a windowless, timeless, nightmarish limbo. She does not know about the travel ban, that his legal status in the U.S., which yesterday seemed rock solid, is now in jeopardy - and with it, the chance that he'll ever step foot on U.S. soil again. Amid the protests, Sama goes into premature labor; their son, Naseem, is born, too soon, his father nowhere to be found, the future they could almost taste wrenched from their grasp in a matter of hours. Worlds apart, suspended between hope and disillusion as hours become days become weeks, Sama and Hadi yearn for a way back to each other, and to the life they'd dreamed up together. But does that life exist anymore? Was it only ever an illusion? Achingly intimate yet poignantly universal, *No Land to Light On* is the story of a family caught on either side of a border, fighting for freedom and home, finding both in each other, and in the tenacious faith of creatures who take flight--
