Learn to Read Georgian in 5 Days Irakli Aleksidze,2015-11-27 Have you ever wanted to learn a new language but were intimidated by the foreign script? Do you wish you could read the fascinating Georgian alphabet but are not sure how to get started? Are you interested in the Georgian language and Georgian culture? If so then this course is for you! Other language courses show beginning students a table of the alphabet and then launch directly into dialogues and grammatical descriptions. This is not the ideal way to teach a foreign alphabet and can leave the student feeling discouraged and may cause the student to just give up. Instead this course teaches each letter of the Georgian alphabet in a systematic way while providing enough practice along the way so that the student learns the entire alphabet without becoming discouraged. With this system you will be able to read the Georgian alphabet in only 5 days or less! In addition to the alphabet, this course teaches more than 150 real Georgian words that were carefully selected to be of maximum benefit to beginning language students. These are the words that you need right away. Scroll up and order a copy of Learn to Read Georgian in 5 Days today and enjoy the language and culture of Georgia in a way that only reading the language makes possible.

Complementation in Georgian Karina Vamling,1989 This is a study of subordinate clauses in Georgian. The constructions in focus are finite and non-finite clauses in subject and object position. Georgian is characterized by complex patterns in marking grammatical relations, using both case marking and subject and object affixes on the verb. The language has no infinitives. In complements of verbs like persuade, want and try, Georgian uses finite forms that include subject and object marking, making it an interesting object for study as regards the problem of control.--P.
