Extreme South James Castrission, 2012-07-31 On 31 October 2011 James Castrission and Justin Jones set out to achieve 'one of the last great polar adventures' - an unsupported return journey from the edge of the Antarctic continent to the South Pole. This is a quest that has been attempted by many experienced polar explorers before them...and all have failed. This book details everything - the preparation, the setbacks, the outset, the highs and the lows - all in brutally honest detail. This expedition is the modern-day equivalent of the exploits of Scott, Amundsen and Shackleton and Castrission and Jones man-hauled a pulk (with 200kg of provisions each), utilising prevailing winds with kites when possible. Why do this? Through realising a childhood dream and committing themselves to a groundbreaking expedition, these two intrepid blokes hope to inspire others to overcome fear and pursue their own adventures and dreams.

The NOW Revolution Jay Baer, Amber Naslund, 2011-02-08 The social web has changed the way we do business forever The future of your company is not in measured, considered responses and carefully planned initiatives. Business today is about near-instantaneous response. About doing the best you can with extremely limited information. About every customer being a reporter, and every reporter being a customer. About winning and losing customers in real-time, every second of every day. About a monumental increase in the findable commentary about our companies. Having the time and information required to make a considered business decision is a luxury - a luxury that's quickly facing extinction. Yet business hasn't adapted to this evolution. And adapt you must. This book isn't about how to do social media. Instead, The Now Revolution outlines how you must retool your organization to make real-time business work for you rather than against you. Read about seven shifts that will help you make your company faster, smarter, and more social: Engineer a New Bedrock Find Talent You Can Trust Organize your Armies Answer the New Telephone Emphasize Response-Ability Build a Fire Extinguisher Make a Calculator The Now Revolution is pushing you to adapt the way you do business, from the inside out. It impacts your organization culturally, operationally, and functionally. This book is your guide to making the changes you need, and to harnessing the potential of this new communication era.

The Bliss Experiment (with embedded videos) Sean Meshorer, 2012-05-08 HAPPINESS IS GOOD. BLISS IS BETTER. We have a higher standard of living and more ways to instantaneously fulfill every desire than ever before. Then why are we unhappy? Because happiness isn't what we really want. Happiness alone is fleeting and not deeply transformative. Bliss is a spiritual state where happiness, profound meaning, and enduring truth converge. With bliss comes an unshakable joy, a practical wisdom, and a lasting solution to our personal and planetary sufferings. Based on a successful seminar taught by Sean Meshorer, a leading spiritual teacher and New Thought minister, The Bliss Experiment contains dozens of stories of real people learning from everyday situations, backed by more than five hundred scientific studies. This is the one essential book that distills and unifies seemingly competing practices, philosophies, religions, and psychologies. Meshorer includes exercises that have worked time and again for people from all walks of life—including him. Meshorer suffers with severe chronic pain and is able to live his life to the fullest through the practices he shares here. Bliss helps with stress, anxiety, and depression. It makes people more successful, better able to see and seize opportunities, and build or improve relationships. Give these ideas and practices twenty-eight days of dedicated attention and you will see results. You only need a moment of bliss to benefit the rest of your life. The text includes links to bonus videos of Sean Meshorer expanding on the

book's themes and demonstrating the exercises.
