*Web Cartography* Ian Muehlenhaus, 2013-12-10 Web mapping technologies continue to evolve at an incredible pace. Technology is but one facet of web map creation, however. Map design, aesthetics, and user-interactivity are equally important for effective map communication. From interactivity to graphical user interface design, from symbolization choices to animation, and from layout to typeface and color selection, Web Cartography offers the first

comprehensive overview and guide for designing beautiful and effective web maps for a variety of devices. Written for those with a basic understanding of mapmaking, but who may not have an in-depth knowledge of web design, this book explains how to create effective interaction, animation, and layouts for maps in online and mobile platforms. Concept-driven, this reference emphasizes cartographic principles for web and mobile map design over specific software techniques. It focuses on key design concepts that will remain true regardless of software technologies used. The book is supplemented with a website providing links to stellar web maps, video tutorials and lectures, do-it-yourself labs, map critique exercises, and links to others' tutorials. Approachable, clear, and concise, the book provides a nontechnical, approachable guide to map design for the web. It provides best practices for map communication, based on spatial data visualization and graphic design theory. By carefully avoiding overly technical jargon, it provides a solid launching pad from which students, practitioners, and innovators can begin to design aesthetically pleasing and intuitive web maps.

**The Green New Deal and the Future of Work** Craig Calhoun, Benjamin Y. Fong, 2022-08-30 Catastrophic climate change overshadows the present and the future. Wrenching economic transformations have devastated workers and hollowed out communities. However, those fighting for jobs and those fighting for the planet have often been at odds. Does the world face two separate crises, environmental and economic? The promise of the Green New Deal is to tackle the threat of climate change through the empowerment of working people and the strengthening of democracy. In this view, the crisis of nature and the crisis of work must be addressed together—or they will not be addressed at all. This book brings together leading experts to explore the possibilities of the Green New Deal, emphasizing the future of work. Together, they examine transformations that are already underway and put forth bold new proposals that can provide jobs while reducing carbon consumption—building a world that is sustainable both economically and ecologically. Contributors also debate urgent questions: What is the value of a federal jobs program, or even a jobs guarantee? How do we alleviate the miseries and precarity of work? In key economic sectors, including energy, transportation, housing, agriculture, and care work, what kind of work is needed today? How does the New Deal provide guidance in addressing these questions, and how can a Green New Deal revive democracy? Above all, this book shows, the Green New Deal offers hope for a better tomorrow—but only if it accounts for work's past transformations and shapes its future.

*Like a Sister* Kellye Garrett, 2022-03-08 In this crackling domestic suspense filled with wry humor and deft pacing (Alyssa Cole), no one bats an eye when a Black reality TV star is found dead—except her estranged half-sister, whose refusal to believe the official story leads her on a dangerous search for the

truth. Edgar Award Finalist for Best Novel • Anthony Award winner for Best Hardcover Novel • Lefty Award winner for Best Mystery Novel • A Book of the Month Club Pick • An Oxygen Book Club Pick • A Today Show Spring Fiction Pick • A New York Post Best New Book of the Week • A New York Public Library Best Book of the Year • A South Florida Sun-Sentinel Best Mystery of the Year • A CrimeReads Best Psychological Thriller of the Year “A mystery that has everything I love most: an intriguing set up; an absorbing storyline that kept me guessing; a satisfying ending; and, most of all, incredibly well-developed characters I kept thinking about long after I finished the book.” –Jasmine Guillory, Today Show “I found out my sister was back in New York from Instagram. I found out she’d died from the New York Daily News.” When the body of reality TV star Desiree Pierce is found on a playground in the Bronx the morning after her twenty-fifth birthday party, the police and the media are quick to declare her death an overdose. A tragedy, certainly, but not a crime. Yet Columbia grad student Lena—principled, headstrong, and allergic to the spotlight—knows that can’t be the case. Despite the bitter truth that the two hadn’t spoken in two years, they were half-sisters. Lena knew Desiree. And Desiree would never travel above 125th Street. Something is very wrong with the facts. So why is no one listening? While the two sisters had been torn apart by Desiree’s partying and by their difficult father, Lena becomes determined to find justice for Desiree. Even if that means untangling her family’s darkest secrets—or ending up dead herself. “A briskly plotted, socially astute thriller.” –Los Angeles Times “Equal parts charm and heartbreak, with razor-sharp insights on class, race, and family.” –Laura Lippman “Dishes up the glitz of the haves and the struggles of the have-nots, infusing classic noir storytelling with Big Apple glamour—#pageturner.” –Oprah Daily “A twisty murder mystery with nuance and heart.” –BookPage “Noir for the media-struck generation...Original and witty.” –National Public Radio

**Republican "campaign" Text-book, for the Year 1860** William Henry Fry,1860  
Conspirituallity Julian Walker,Matthew Remski,Derek Beres,2023-06-13

Conspirituality takes a deep dive into the troubling phenomenon of influencers who have curdled New Age spirituality and wellness with the politics of paranoia—peddling vaccine misinformation, tales of child trafficking, and wild conspiracy theories. In the early days of the COVID-19 pandemic, a disturbing social media trend emerged: a large number of yoga instructors and alt-health influencers were posting stories about a secretive global cabal bent on controlling the world's population with a genocidal vaccine. Instagram feeds that had been serving up green smoothie recipes and Mary Oliver poems became firehoses of Fox News links, memes from 4chan, and prophecies of global transformation. Since May 2020, Derek Beres, Matthew Remski and Julian Walker have used their Conspirituality podcast to expose countless facets of the intersection of alt-health practitioners with far-right conspiracy trolls. Now this expansive and revelatory book unpacks the follies, frauds, cons and cults that dominate the New Age and wellness spheres and betray the trust of people who seek genuine relief in this uncertain age. Each of the three authors has witnessed firsthand the use of fear-based political agendas to manipulate the human desire for spiritual fulfillment. They throw a spotlight on the telltale signs of cult dynamics and expose how influencers have stoked suspicion of public health initiatives. And they show how charlatans and pseudo-doctors encourage their followers to oppose mainstream advice as a form of spiritual quest. With analytical rigor and flashes of irreverent humor, Conspirituality offers an antidote to our times, helping readers recognize wellness grifts, engage with loved ones who've fallen under the influence, and counter lies and distortions with insight and empathy.
