*1808: The Flight of the Emperor* Laurentino Gomes, 2013-08-29 In a time of terror for Europe's monarchs—imprisoned, exiled, executed—Napoleon's army marched toward Lisbon. Cornered, Prince Regent João had to make the most fraught decision of his life. Protected by the British Navy, he fled to Brazil with his entire family, including his deranged mother, most of the nobility, and the entire state apparatus. Until then, no European monarch had ever set foot in the Americas. Thousands made the voyage, but it was no luxury cruise. It took two months in cramped, decrepit ships. Lice infested some of the vessels, and noble women had to shave their hair and grease their bald heads with antiseptic sulfur. Vermin infested the food, and bacteria contaminated the drinking water. Sickiness ran rampant. After landing in Brazil, Prince João liberated the colony from a trade monopoly with Portugal. As explorers mapped the burgeoning nation's distant regions, the prince authorized the construction of roads, the founding of schools, and the creation of factories, raising Brazil to kingdom status in 1815. Meanwhile, Portugal was suffering the effects of abandonment, war, and famine. Never had the country lost so many people in so little time. Finally, after Napoleon's fall and over a decade of misery, the Portuguese demanded the return of their king. João sailed back in tears in 1821, and the last chapter of colonial Brazil drew to a close, setting the stage for the strong, independent nation that we know today, changing the New World forever.

*The Good Book* Peter J. Gomes, 2002-04-30 The Bible and the social and moral consequences that derive from its interpretation are all too important to be left in the hands of the pious or the experts, and too significant to be ignored and trivialized by the uninformed and indifferent.

The Master of the "Literatura De Cordel" Leandro Gomes De Barros Mark J. Curran, 2022-03-03 The Master of the 'Literatura de Cordel' - Leandro Gomes de Barros. A Bilingual Anthology of Selected Works is Professor Curran's return to research and writing from his first days in Brazil in 1966-1967 on a Fulbright Hays Fellowship for Ph.D. dissertation work. This book treats Cordel's best known and arguably best poet, a translation to English of his selected works, and a commentary on his pioneering days of the Literatura de Cordel. Among the poet's topics were the changing times, foreigners in Brazil, government-politics-and war, mothers-in-law, sugar cane rum, religion and satire, banditry, the oral poetic duel, and the long narrative poems from the European popular tradition. Curran in addition gives a synopsis of the Literatura de Cordel as it was in its heyday in his initial research in the 1960s. The translation was a challenge but also a great pleasure.

Paulo Emílio Salles Gomes Maite Conde, Stephanie Dennison, 2018-10-15 Paulo Emílio Salles Gomes (1916–77) is revered in Brazil as the first ardent defender, promoter and theorist of Brazilian cinema. A film professor, critic and historian, his dedication to cinema shaped a generation of influential film critics in his home country, and set the foundations for the serious study of film in Brazil. For the first time in English, this book brings together a selection of his essays for an English-speaking audience, with detailed explanatory introductions to each section for readers unfamiliar with the context of the writings of Salles

Gomes. By blending together ruminations on global and national cinema, as well as avant-garde film and popular movies, the collection shows how the defence and promotion of a national cinema has been forged through dialogues with international trends, informed by commercial influences, and shaped by global and national political contexts. The book thus introduces readers to the international dimensions of Salles Gomes's engagements with film, and in doing so reassesses the locatedness of his formulations on national cinema and signals their international dimensions.

**Epistemological Mysticism: Volume 1** Othello D. Gomes, 2018-04-16 Epistemological Mysticism consists of poems which explore the deeper meaning of the cultural and traditional barriers of society. It's all jammed up texts which themselves contain deeper wisdom and knowledge which extends beyond limitations of the evolutionary human society. The whole purpose of these poems is to have the readers engage in their own comprehension of an anomaly, in which they'd come out with an insight of their own since it's their interpretation of the poem that mainly matters to them.

**Paulo Emílio Salles Gomes** Maite Conde, Stephanie Dennison, 2018-10-15 This volume includes the first English translations of Paulo Emílio Salles Gomes' most influential essays on Hollywood, Soviet, European and Brazilian Cinema. Provides readers with theoretical ruminations on the vicissitudes of developing a national film archive, extending our appreciation of national film theory to encompass such practical endeavours. Shows how Brazil's national film culture was theorised through extensive engagements with international trends thereby broadening our understanding of national cinema.
