The Engraved Palm Anne Colbert,2021-01-11 In the summer of 1926, Colleen Spencer is a young girl of mixed heritage living in Senoia, Georgia. The elder women in her family have always taught Colleen to follow certain rules to avoid attention and perhaps even attack in the American Deep South. Despite moments of fear, her life is a happy one, but with maturity, so too come obstacles and distress. Proud of her mixed heritage, Colleen finds that God, family, and her own insights are some of the best anchors she implements as she tries to survive. She remembers the song Big Ma wrote about being engraved on God’s palm. He loves Colleen so much that He will never leave her nor forget about her, no matter what happens. Still, the Spencer family struggles in a culture that would shun them, surrounded by people who might hurt them, all while clinging to their Christian values in an antiquated time of racial dissention.

Memories and Hope Guillermina Connor,2007 Guillermina Georgina Andrew-Connor was born and raised into a world where manners and moral codes dictated how the individual would act, and in some cases even think. She was expected to sacrifice her desires and opinions in order not to upset the established order of things. In this story, she uses her memories as a lens of consciousness through which to see life. Through her leadership in spiritual things, Guillermina's family learned that God is sovereign in times of trouble. Guillermina Connor's brilliant use of realism makes this a timeless story of love for her family. Her strong faith and simple approach is a realistic view of the Hispanic culture.

The Middle School Rules of Vontae Davis Sean Jensen,Vontae Davis,2019-11-05 Before he became a first-round draft pick in the NFL, he had to survive middle school. Over one million boys play high school football every year. About 6.5% become collegiate players. Of those, only 1.5% reach the NFL. Those odds were daunting for a young Vontae Davis who endured many challenges as his parents battled addiction. At age 11, Vontae and his siblings faced living in separate foster homes, but Grandma Adaline refused to allow it—adopting and raising all seven children despite financial difficulties. With some guidance from his older brother Vernon (two-time Pro Bowl tight end) Vontae earned a college football scholarship, and after three years entered the NFL. The Middle School Rules of Vontae Davis features Vontae’s defining childhood stories and lessons learned growing up in a rough Washington D.C. neighborhood. Young readers will see how Vontae thrived with the support of those around him—none more important than his grandmother. A two-time Pro Bowl selection, Vontae was named an NFL Players Association Community MVP during the 2015 season.

Beyond Filial Piety Jeanne Shea,Katrina Moore,Hong Zhang,2020-07-01 Known for a tradition of Confucian filial piety, East Asian societies have some of the oldest and most rapidly aging populations on earth. Today these societies are experiencing unprecedented social challenges to the filial tradition of adult children caring for aging parents at home. Marshalling mixed methods data, this volume explores the complexities of aging and caregiving in contemporary East Asia. Questioning romantic visions of a senior's paradise, chapters examine emerging cultural meanings of and social responses to population aging, including caregiving both for and by the elderly. Themes include traditional ideals versus contemporary realities, the role of the state, patterns of familial and non-familial care, social stratification, and intersections of caregiving and death. Drawing on ethnographic, demographic, policy, archival, and media data, the authors trace both common patterns and diverging trends across China, Hong Kong, Taiwan, Singapore, Japan, and Korea.

HUMAN SACRIFICES María Fernanda Ampuero,2023-06-15 'A barbed, deeply affecting collection of short fiction that brims with razor-sharp prose and uncompromising cruelty, this book will linger in the mind with the same excruciating ache of an invisible wound. Human Sacrifices is masterful and profoundly distressing, and something that I will read again and again.' Eric LaRocca, author of Things Have Gotten Worse Since We Last Spoke A groundbreaking voice in contemporary Latin American literature, María Fernanda Ampuero confronts machismo, inequity, and violence in her latest short story collection. An undocumented woman answers a job posting only to find herself held hostage, a group of outcasts obsess over popular boys drowned while surfing, and two girls suspect sinister behavior from the missionaries lodging in their home. Simultaneously terrifying and exquisite, Human Sacrifices is tropical gothic at its finest. Ampuero considers the decay and oppression beneath the surface of our humid and hostile world, where those on the margins must pay the price for the comfort and safety of the elite. These twelve stories contemplate the nature of exploitation and abuse, illuminating the realities of those society consumes and leaves behind.

Live Architecture Robert Kronenburg,2013-04-15 Live Architecture explores the physical form of popular music performance space from 1960 to the present day. This book quantifies the factors that determine what makes a venue successful focusing on both famous and less well-known examples from the smallest barroom music space to the largest stadium-filling rock set. It draws on the author's extensive research expertise in the field of temporary and portable architecture, in the development of general contemporary architectural design, and personal experience of music performance. Including a range of case studies, the book analyses some of the most significant popular music venues, events and landmarks in the world. The detail of how a venue is created, how it is constructed, and the acoustic and visual environmental factors that impact on its success are examined here. Highly illustrated throughout with design drawings, plans and full colour photographs, this book provides a comprehensive overview of the architecture of live popular music.

Children of the Dragonfly Robert Bensen,2022-05-03 Sometimes the losses of childhood can be recovered only in the flight of the dragonfly. Native American children have long been subject to removal from their homes for placement in residential schools and, more recently, in foster or adoptive homes. The governments of both the United States and Canada, having reduced Native nations to the legal status of dependent children, historically have asserted a surrogate parentalism over Native children themselves. Children of the Dragonfly is the first anthology to document this struggle for cultural survival on both sides of the U.S.-Canadian border. Through autobiography and interviews, fiction and traditional tales, official transcripts and poetry, these voices— Seneca, Cherokee, Mohawk, Navajo, and many others— weave powerful accounts of struggle and loss into a moving testimony to perseverance and survival. Invoking the dragonfly spirit of Zuni legend who helps children restore a way of life that has been taken from them, the anthology explores the breadth of the conflict about Native childhood. Included are works of contemporary authors Sherman Alexie, Joy Harjo, Luci Tapahonso, and others; classic writers Zitkala-Sa and E. Pauline Johnson; and contributions from twenty important new writers as well. They take readers from the boarding school movement of the 1870s to the Sixties Scoop in Canada and the Indian Child Welfare Act of 1978 in the United States. They also spotlight the tragic consequences of racist practices such as the suppression of Indian identity in government schools and the campaign against Indian childbearing through involuntary sterilization. Grandma's Snowy Mountain Adventures Veda Taylor Strong,2007-03-27 A panic had taken over the country and left everyone in a national financial depression. Money was very short and people were not spending as they had been. The opportunists had packed up and left the Tacoma area and the population fell as thousands of people left to find work elsewhere. John was very sick and worried about what would happen to Jane and the kids. After much thinking and worrying, he contacted his brother in Montana, a wealthy sheep rancher, and his mother and sister. He had many acres for the kids to grow and roam on. After the exchange of letters, Ed was happy to take Jane and the family under his wing and help her out as much as he could. With this done, John made all necessary plans.
