Videogames in the Indian Subcontinent Souvik Mukherjee, 2022-09-30 Videogames in the Indian Subcontinent: Development, Culture(s) and Representations explores the gaming culture of one of the most culturally diverse and populous regions of the world—the Indian subcontinent. Building on the author's earlier work on videogame culture in India, this book addresses issues of how discussions of equality and diversity sit within videogame studies, particularly in connection with the subcontinent, thereby presenting pioneering research on the videogame cultures of the region. Drawing on a series of player and developer interviews and surveys conducted over the last five years, including some recent ones, this book provides a sense of how games have become a part of the culture of the region despite its huge diversity and plurality and opens up avenues for further study through vignettes and snapshots of the diverse gaming culture. It addresses the rapid rise of videogames as an entertainment medium in South Asia and, as such, also tries to better understand the recent controversies connected to gaming in the region. In the process, it aims to make a larger connection between the development of videogames and player culture, in the subcontinent and globally, thus opening up channels for collaboration between the industry and academic research, local and global.

Karnali Blues Buddhisagar,2022-02-15 Karnali Blues, by Buddhisagar, is the most widely read Nepali novel to have appeared in the last twenty years. As it recounts the evolution of a father-son relationship-a son's search for approval, a father's small acts of kindness and forgiveness, a son's fears for his father's dignity as his fortunes and faculties begin to fail-the reader is deeply drawn into young Brisha Bahadur's world. His father is kind and idealistic; his mother, though she is kind too, is often frustrated and irascible. The characters in this book are some of the most carefully drawn and authentic in all of Nepali literature. In a backwater district of a country about to undergo radical social, political and cultural change, Brisha's dreams, his games and his mischief, his loves, his hopes and his fears come alive. Translated from the Nepali by Michael Hutt, this highly original piece of work, with the simplicity of its language and its emotional range, holds the power to take your breath away. Its principal themes-the love between a son and his father, the joys and sorrows of childhood, the

daily struggle for survival-are universal, and will resonate with readers the world over.

Hana Khan Carries On Uzma Jalaluddin,2021-04-06 From the author of Ayesha at Last comes a sparkling new rom-com for fans of "You've Got Mail," set in two competing halal restaurants Sales are slow at Three Sisters Biryani Poutine, the only halal restaurant in the close-knit Golden Crescent neighbourhood. Hana waitresses there part time, but what she really wants is to tell stories on the radio. If she can just outshine her fellow intern at the city radio station, she may have a chance at landing a job. In the meantime, Hana pours her thoughts and dreams into a podcast, where she forms a lively relationship with one of her listeners. But soon she'll need all the support she can get: a new competing restaurant, a more upscale halal place, is about to open in the Golden Crescent, threatening Three Sisters. When her mysterious aunt and her teenage cousin arrive from India for a surprise visit, they draw Hana into a long-buried family secret. A hate-motivated attack on their neighbourhood complicates the situation further, as does Hana's growing attraction for Aydin, the young owner of the rival restaurant—who might not be a complete stranger after all. As life on the Golden Crescent unravels, Hana must learn to use her voice, draw on the strength of her community and decide what her future should be.

Between Queens and the Cities Niranjana Kunwar,2020-11-13 Between Queens and the Cities is the riveting tale of a 19-year-old Nepali gay man and his long journey from Kathmandu to New York and back. Set against the backdrop of contemporary Nepal, the author reveals, with elan and ease, queer spaces where friendships are fostered outside the normalcy accorded to family and marriage. In the process, he introduces many fellow travellers of the LGBTIQ community. With rare courage and outrageous emotional honesty, the author lays bare the ceaseless conflict of the mind and heart in exploring sexuality. He also compels the reader to interrogate dominant notions regarding love and longing and in doing so, reveals dynamic relationships that are not confined to the realm of queer intimacy alone. This memoir on the shaping of queer identity in the South Asian context bristles with deeper questions regarding belonging. By showing us how he negotiated a life for himself, Kunwar helps queer Nepalis reimagine their lives anew. He also shows all of us Nepali society as we have never seen it before: young, dynamic, open, and urbane. There is hope yet for social change. -Manjushree Thapa, Author of Forget Kathmandu Brave and beautifully written. --Samrat Upadhyay, Author of Arresting God in Kathmandu

Contemporary Environmental Problems in Nepal Keshav Bhattarai,Dennis Conway,2020-11-23 This monograph examines contemporary environmental challenges facing Nepal, this landlocked country's representativeness in the wider South Asian context is both distinct and generalizable. In large part, this is because of its extremes of physiographical structure- plains, hill ranges, mountainous massifs - and wide range of altitudinal terrains, which represent and replicate South Asian and East Asian continental conditions differing as markedly as humid tropical lowlands, sub-tropical hill ranges and temperate to sub-arctic mountainous environments. Associated forest regimes, in which deforestation and reforestation patterns have evolved in recent times, and differing densities of settlement and cleared agricultural landscapes in each of these altitudinal zones, add to the environmental diversity of Nepal. Associated fauna and exotic species are in various states of endangerment especially Bengal tigers, one horned rhinos, wild elephants, crocodile, musk deer, and peacocks, to name a few- so that their forested and mountainous habitats as 'Wild Life Reserves' also deserve our attention, and are featured in this monograph's remit.

Progressive Education in Nepal: The Community is the Curriculum Bertram C. Bruce, 2018-10-28 Nepal is a country with daunting needs in terms of basic education and other social services. At the same time, its cultural and moral wealth provide a strong basis for meaningful life and learning. In particular, it offers fertile ground for progressive education, in which learning grows out of experiences in the community. Thus, despite material poverty, the country holds the possibility of significant advances, even international leadership, in the area of progressive education. This book reports on recent educational innovations. There are more than 100 color photos.

Kathmandu Dilemma Ranjit Rae, 2021-09-27 "...unmatched in its meticulous and careful research into the wellsprings of a truly unique relationship between two neighbouring states." SHYAM SARAN "Ranjit Rae's portrayal of India-Nepal relations from the Indian perspective is meticulous, nuanced and insightful. S.D. MUNI "Ranjit Rae breaks down the paradox of India's very intimate yet troubled relationship with Nepal." C. RAJA MOHAN The first two decades of the new millennium have witnessed a dramatic socio-political transformation of Nepal. A violent Maoist insurgency ended peacefully, a new constitution abolished the monarchy and established a secular federal democratic republic. Nevertheless, political stability and a peace dividend have both remained elusive. Nepal is also buffeted by changing geopolitics, including the US-China contestation for influence and the uneasy relationship between India and China. As a close neighbour, India has been deeply associated with the seminal changes in Nepal, and the bilateral relationship has seen many twists and turns. Partly a memoir, this book examines India's perspective on these developments, in the context of the civilizational and economic underpinnings of the India-Nepal relationship, as well as issues that continue to prevent this relationship from exploiting its full potential. Though there are several Nepalese accounts that deal with this subject, there are few from an Indian point of view. Kathmandu Dilemma fills this gap.

The Fix Declan Hill, 2010-04-13 The Fix is the most explosive story of sports corruption in a generation. Intriguing, riveting, and compelling, it tells the story of an investigative journalist who sets out to examine the world of match-fixing in professional soccer. From the Introduction Understand how gambling fixers work to corrupt a soccer game and you will understand how they move into a basketball league, a cricket tournament, or a tennis match (all places, by the way, that criminal fixers have moved into). My views on soccer have changed. I still love the Saturday-morning game between amateurs: the camaraderie and the fresh smell of grass. But the professional game leaves me cold. I hope you will understand why after reading the book. I think you may never look at sport in the same way again.

Backfire in Nepal Sanjay Upadhyaya, 2021 Backfire in Nepal explores how China has become the ultimate beneficiary of India's democracy-promotion agenda in Nepal. New Delhi had made a bold bet in 2005, but one that contained two mutually fortifying flaws: the abolition of the monarchy and the empowerment of the former Maoist rebels. The world's only Hindu monarch and kingdom were bound to India in a special relationship that neither country needed to define or assert. True, Indians had been put off by successive Nepalese monarchs playing New Delhi off against Beijing. In retrospect, a little more compassion for Nepal's compulsions might have put things into sharper relief. Nepalese Maoists, being communists first, were trained to denounce Indian 'expansionism' before American 'imperialism'. Experience may have impelled the senior leadership to make practical compromises. It was a leap of faith for New Delhi to trust the leadership to rein in their cadres' radicalism. More broadly, since India had also enlisted Western democracies, it needed to address their often-contradictory concerns throughout Nepal's turbulent transition.
