Managing Employee Attitudes and Behaviors in the Tourism and Hospitality Industry Salih Kusluvan,2003 The tourism industry, of which the hospitality industry is the core element, is one of the largest and the fastest growing industries world-wide. According to World Tourism Organisation forecasts, the industry will continue to grow and employ more people in the twenty-first century. In parallel with the growth of the tourism and hospitality industry world-wide, consumer expectations and demands for quality are rising while consumer tastes are varying on the one hand, and competition among the firms, both nationally and internationally, is intensifying on the other. In this business environment of heightened consumer expectations, distinct market segments that demand unique products and services, and stiff competition, tourism and hospitality organisations are looking for ways to excel in service quality, customer satisfaction, competition and performance. This book takes the view that employees are one of the most, if not the most, important resources or assets for tourism and hospitality organisations in their endeavour to provide excellent service, meet and exceed consumer expectations, achieve competitive advantage and exceptional organisational performance. The purpose of this book is to emphasise the critical role of employees for tourism and hospitality organisations and to examine the ways and means of managing their attitudes and behaviours for the mutual benefit of both parties: tourism and hospitality organisations and their employees.

In the last three year period, the sector has seen a boost of about 3000 new entries into the industry catapulted by the ever increasing number of customers primarily the millennial willing and able to spend their significant proportion of their income on eating out (Crick, 2016). The increasing demand has created an opportunity for new players in the industry to acquire a proportion of the market making the other traditional market players to continuously strive for market share making each service provider to frequently review their brands and estates as well as how to handle their customers in relation to time they spend in the premises and the quality of the service and experience during the eating out. Consuming Geographies David Bell,Gill Valentine,2013-01-11 Food occupies a seemingly mundane position in all our lives, yet the ways we think about shopping, cooking and eating are actually intensely reflexive. The daily pick and mix of our eating habits is one way we experience spatial scale. From the relationship of our food intake to our body-shape, to the impact of our tastes upon global food-production regimes, we all read food consumption as a practice which impacts on our sense of place. Drawing on anthropological, sociological and cultural readings of food consumption, as well as empirical material on shopping, cooking, food technology and the food media, this book demonstrates the importance of space and place in identity formation. We all think place (and) identity through food - we are where we eat!

A Father's Daughter Stephen Bradley-Waters,2023-09-20 Originally released in 2019, this 2023, revised 2nd edition replaces the original book with improved grammar, formatting, and story-

telling. The original was my first book as an author; however, since releasing 'A Father's Daughter', I authored more books, which were better written, and 'A Father's Daughter', deserved to be upgraded to do it justice. The story is emotional, traumatising, uplifting, and involves a roller-coaster of emotions, and it is one of my best books. - Stephen Bradley-Waters 'The story is beautifully written.... one of love between a father and daughter. No matter the struggle, the father continued to battle everything to get his child back to the life she loved... I recommend this book to everyone. It's in my top 5 reads.' - Goodreads reviewer, 5 stars In this heartbreaking true story, the abduction of his daughter has a father on an emotional and difficult journey through Family Court in pursuit of justice. The battle is bitter and brutal, with the child stuck in the middle of a heartless and inept UK legal system. Constant and baseless accusations from the mother further derail proceedings, causing delays and torment for their daughter. This story is about courage, angst, perseverance, selfishness, love, and pain. Two sides rival for the residency of their daughter. One trying to bring her back home to the life she adores. The other is starting a new life in an unfamiliar location many miles away from family and friends. Readers are passionate about A Father's Daughter: 'A book that takes you on a heartfelt journey that only a parent can imagine... the only important thing to the author is seeing his daughter be happy... would definitely recommend.' - Amazon UK reviewer, 5 stars 'A Father's love is a mighty thing... This is a story of a father fighting the world for his daughter. It's traumatic and sad to see the story plan out... A great read' - Goodreads reviewer, 5 stars 'While reading this detailed memoir I felt as though I was right there as the events unfolded... Blindsided and accused Stephen never loses hope' - Goodreads reviewer, 4 stars 'This is a true story, straight from the heart... It was interesting to hear the story from the dad's point of view... He is simply a doting dad who wants what is best, both practically and emotionally for his child and is prepared to sacrifice his own quality of life to achieve this... To anyone experiencing a similar situation, whether male or female, I would definitely recommend you read this.' - Goodreads reviewer, 4 stars 'A truly tear-jerking insight into the authors' life' - Goodreads reviewer, 4 stars.

Effective Multi-Unit Leadership Chris Edger, 2016-04-29 There is a growing recognition of the increasing importance of 'local leadership' practice within multi-unit service contexts, given the threat to costly land-based retail infrastructures from smart technologies. Multi-site organizations are economically significant, but currently under-researched and poorly understood. In *Effective Multi-Unit Leadership*, Chris Edger looks at that key managerial cohort in the retail, hospitality and service sectors operating between the centre and unit - the Multi-Unit Leader (MUL). This district, area or regional manager, is tasked with maximising revenue and profit from a complex and ambiguous positional space, being sandwiched between the centre and unit, facing the MUL paradox: how do they motivate unit managers and team members to provide great service whilst simultaneously fulfilling the Centre's compliance agenda? Based on extensive case study research across a range of multi-unit service organisations, Edger advances an Integrated Model of MUL that elucidates how key activities (sales-led service, systems and standards - 3Ss) are driven through behavioural practices (commitment, control and change - 3Cs) underpinned by MUL personal characteristics (expertise, emotional intelligence and energy - 3Es). Central to this model is the notion of 'portfolio optimisation through social exchange' (POSE) where MULs apply 'local leadership', leveraging their portfolios through the deft application of exchange-based currencies. Replete with case studies, *Effective Multi-Unit Leadership* will appeal to high potential unit managers; existing multi-unit leaders who want to improve their performance levels; and retail/service directors wishing to train and coach their direct reports; as well as business educators and those with an academic interest in organisational studies.

Hospitality Retail Management Conrad Lashley, 2009-11-03 'Hospitality Retail Management' provides students and managers with a practical guide to managing units in hospitality retail organizations. Customers rely on a particular chain of hotels, restaurants or pubs to provide the same level of service and environment across the board. This standardised service provides the customer with the security of knowing what to expect from that particular organisation. However, this standardisation allows little room for creativity for individual managers to respond to the particular needs of their local market. There is a growing realisation that there is greater profitability if the chain can offer both standardised services across all its retail operations while at the same time allowing local managers the freedom to interpret the needs of its local market as they see fit. 'Hospitality Retail Management' shows managers and students how competitive advantage can be gained by adopting management techniques which are both 'tight and loose', and demonstrates how you can manage businesses with well-defined objectives while also allowing local managers to interpret their local market as they see fit. Conrad Lashley has done extensive consultancy with companies such as McDonalds and uses case studies from these companies to reiterate key issues throughout the text.

Business Development in Licensed Retailing Guy Lincoln, Conrad Lashley, 2012-05-31 'Business Development in Licensed Retailing: a unit manager's guide' details the indispensable skills and techniques needed to manage units within licensed retail organisations in a flexible and entrepreneurial manner. This book: · Forms the basis of a complete course for a unit manager's development. · Provides an overview of the range of skills needed for effective unit management. · Supports the development of techniques with examples from existing best practice and case examples from companies such as JD Wetherspoon's, TGI Fridays and McDonald's amongst others. *Business Development in Licensed Retailing* considers the functional management techniques required at unit management level, covering recruitment, human resource management, operations, service quality and customer relations, financial measurement and analysis, promotions and strategic planning. The analysis systematically provides all the practical know-how you need to produce of a comprehensive business plan for your unit. Ending with a comprehensive case study that demonstrates all the aspects of business development working in a real-life scenario, the text is ideally suited for lecturers and management development personnel to use as a learning resource through which readers can apply the principles and techniques outlined.

Slice Harvester Colin Atrophy Hagendorf,2015-08-11 When a twenty-something punk rocker eats a cheese slice from every pizzeria in New York City over the course of two years, he also gets sober, falls in love, and starts a blog. He is the Slice Harvester, and “everyone has something to gain from this tale of blackouts, almost burning out, and too-burned crusts” (Newsweek). In August 2009, Colin Hagendorf set out to review every regular slice of pizza in Manhattan, and his blog, Slice Harvester, was born. Two years and 435 slices later, he’d been featured in The Wall Street Journal and the New York Daily News and on radio shows all over the country. Suddenly, this self-proclaimed punk who was barely making a living delivering burritos had a following. But at the same time Hagendorf was stepping up his game for the masses (grabbing slices with Phoebe Cates and her teenage daughter, reviewing kosher pizza so you don’t have to), his personal life was falling apart. A problem drinker and chronic bad boyfriend, he started out using the blog as a way to escape—the hangovers, the midnight arguments, the hangovers again—until realizing that by taking steps to reach a goal day by day, he’d actually put himself in a place to finally take control of his life for good. “In this entertaining memoir, Hagendorf mashes up that journey with the topics of addiction, family, punk rock, nostalgia, and love....Full of drinking binges, colorful characters from the punk scene, and random asides, like comparing a slice to Anthony Kiedis, the narrative takes readers on a roller-coaster ride” (Publishers Weekly). One of NPR’s Best Books of 2015, Slice Harvester “stands out from the pack...wry, witty, surprisingly insightful. Hagendorf veers from the profane to the profound in the same sentence...about chasing ideals, romantic as well as culinary, and how that can be both noble and annihilating” (NPR Books).
