Bunion Derby Charles B. Kastner,2007-10-15 On March 4, 1928, 199 men lined up in Los Angeles, California, to participate in a 3,400-mile transcontinental footrace to New York City. The Bunion Derby, as the press dubbed the event, was the brainchild of sports promoter Charles C. Pyle. He promised a \$25,000 grand prize and claimed the competition would immortalize U.S. Highway Route 66, a 2,400-mile road, mostly unpaved, that subjected the runners to mountains, deserts, mud, and sandstorms, from Los

Angeles to Chicago. The runners represented all walks of American life from immigrants to millionaires, with a peppering of star international athletes included by Pyle for publicity purposes. For eighty-four days, the men participated in this part footrace and part Hollywood production that incorporated a road show featuring football legend Red Grange, food concessions, vaudeville acts, sideshows, a portable radio station, and the world's largest coffeepot sponsored by Maxwell House serving ninety gallons of coffee a day. Drawn by hopes for a better future and dreams of fame, fortune, and glory, the bunioneers embarked on an exhaustive and grueling journey that would challenge their physical and psychological endurance to the fullest while Pyle struggled to keep his cross-country road show afloat. In a wild grab for glory, a cast of nobodies saw hope in the dust: blacks who escaped the poverty and terror of the Old South; first-generation immigrants with their mother tongue thick on their lips; Midwest farm boys with leather-brown tans. These men were the 'shadow runners' men without fame, wealth, or sponsors, who came to Los Angeles to face the world's greatest runners and race walkers. This was a formidable field of past Olympic champions and professional racers that should have discouraged sane men from thinking they could win a transcontinental race to New York. Yet they came, flouting the odds. Charley Pyle's offer Of free food and lodging to anyone who would take up the challenge opened the race to men of limited means. For some, it was a cry from the psyche of no-longer-young men, seeking a last grasp at greatness or a summons to do the impossible. This pulled men on the wrong side of thirty from blue-collar jobs and families.--from the Preface No writer 'owns' a swath of history the way Chuck Kastner 'owns' the wildly crazy C. C. Pyle Bunion Derbies. The inaugural race was a truly American epic: from its massive scope to the fact that it was dominated by a handful of second-rate runners who decided there was no future in continuing in the underdog role. Chuck's book makes you want to schedule your next vacation for Route 66,

there to relive the zaniness and heroics of 1928.--Rich Benyo, editor, *Marathon & Beyond Magazine* Bunion Derby's narrative arc transcends the academic approach one would expect from a university press.--Philip Damon, on the Peace Corps Writers website

Cross Country Rickey Gates,2020-04-14 In 2017, professional runner Rickey Gates ran 3,700 miles across the continental United States with just a small backpack and an anthropologist's curiosity to discover the divided America in which we live. In the book *Cross Country*, Gates documents this epic experience from South Carolina to San Francisco, sharing first-person essays, interviews, and over 200 photographs of the ordinary and extraordinary people and places he saw along the way. While Gates delivers unparalleled insight into the extreme athletic and mental challenge of this transcontinental run, running is not the core

focus of Cross Country—it is a story of the remarkable people across the United States who we would otherwise never meet. • A photographic travelogue that follows along Rickey Gates's run across the country, and the individuals who live in it • Filled with portraits, landscapes, and collages of towns and communities that most people have never seen • From South Carolina to San Francisco, the five-month-long run covers 3,700 miles of hiking trails, rivers, and roads. Gates slept in the rain, carried meager possessions on his back, ran through the night, endured mental and physical challenges, and survived on a staple of gas station hot dogs and Pop Tarts. Delivering a patchwork portrait of America, Gates's captivating story captures the spirit of our country—that grit, determination, and compassion are qualities that can unite us all. • Perfect book for runners, hikers, and lovers of the outdoors, as well as fans of travelogues, photography, and photo-journalism • A great pick for those who loved *Humans of New York* by Brandon Stanton, *The Oregon Trail: A New American Journey* by Rinker Buck, and *A Walk in the Woods: Rediscovering America on the Appalachian Trail* by Bill Bryson. • A unique perspective of the United States

Hopi Runners Matthew Sakiestewa Gilbert, 2018-10-10 In the summer of 1912 Hopi runner Louis Tewanima won silver in the 10,000-meter race at the Stockholm Olympics. In that same year Tewanima and another champion Hopi runner, Philip Zeyouma, were soundly defeated by two Hopi elders in a race hosted by members of the tribe. Long before Hopis won trophy cups or received acclaim in American newspapers, Hopi clan runners competed against each other on and below their mesas—and when they won footraces, they received rain. *Hopi Runners* provides a window into this venerable tradition at a time of great consequence for Hopi culture. The book places Hopi long-distance runners within the larger context of American sport and identity from the early 1880s to the 1930s, a time when Hopis competed simultaneously for their tribal communities, Indian schools, city

athletic clubs, the nation, and themselves. Author Matthew Sakiestewa Gilbert brings a Hopi perspective to this history. His book calls attention to Hopi philosophies of running that connected the runners to their villages; at the same time it explores the internal and external forces that strengthened and strained these cultural ties when Hopis competed in US marathons. Between 1908 and 1936 Hopi marathon runners such as Tewanima, Zeyouma, Franklin Suhu, and Harry Chaca navigated among tribal dynamics, school loyalties, and a country that closely associated sport with US nationalism. The cultural identity of these runners, Sakiestewa Gilbert contends, challenged white American perceptions of modernity, and did so in a way that had national and international dimensions. This broad perspective linked Hopi runners to athletes from around the world—including runners from Japan, Ireland, and Mexico—and thus, *Hopi Runners* suggests, caused non-Natives to reevaluate their understandings of sport, nationhood, and the cultures of American Indian people.
