*Twenty-Five Ghost Stories* W. BOB HOLLAND,2021-01-01 Twenty-Five Ghost Stories BY W. BOB HOLLAND This collection of ghost stories owes its publication to an interest that I have long felt in the supernatural and in works of the imagination. As a child I was deeply concerned in tales of spooks, haunted houses, wraiths and specters and stories of weird experiences, clanking chains, ghostly sights and gruesome sounds always held me spellbound and breathless. Experiences in editorial offices taught me that I was not alone in liking stories of mystery. The desire to know something of that existence that is veiled by Death is equally potent in old age and in youth, and men, women and children like to be thrilled and to have a “creepy” feeling along the spinal column as the result of reading of a visitor from beyond the grave. This volume contains the most famous of the weird stories of Edgar Allan Poe, that master of this form of literature. “The Black Cat” contains all the needed element of mystery and supernatural, and yet the feline acts in a natural manner all of the time, and the story is quite possibly true. It is only in the manner of its{6} telling that the tale becomes one that fittingly finds its place in this collection. Guy de Maupassant, the clever Frenchman, is also represented by two effective bits of work, and other less widely known writers have also contributed stories that are worth reading, and when once read will be remembered. There is not a story among the twenty-five that is not worthy of close reading. There has recently been a revival in interest in ghost stories. Many of the high-class magazines have within a few months printed stories with supernatural incidents, and writers whose names are known to all who read have turned their attention to this form of literature. Whether or not the reader believe in ghosts, he cannot fail to be interested in this little book. Without venturing to express a positive opinion either way, I will only say with Hamlet: “There are more things in heaven and earth, Horatio, than are

dreamt of in your philosophy.” Twenty-Five Ghost Stories BY W. BOB HOLLAND

*India's Most Haunted* K. Hari Kumar,2019-10-25 There are places where the past lingers, making shapes in the moonlight and blowing in the curtains even as the air goes suddenly still. K. Hari Kumar, bestselling author of spine-chilling horror fiction, brings you the terrifying tales of some of India's most haunted places -- including Bhangarh Fort, Malabar Hill's Tower of Silence and Jammu and Kashmir's notorious Khooni Nala. Whether you read them at night or in daylight, these stories will remain with you long after you've turned the last page.

*Right Behind You* Neil D'Silva,2019-08-03 Right Behind You is a collection of 13 horror stories of different genres. The thing that connects these stories is the emotion of our inner fears that resides in all of us. We might mask these fears, we might even deny them, but they emerge when least expected and then they begin to encroach upon every aspect of our lives. In this collection of assorted horror stories, you will find noir horror, urban myths, fantasies, campfire tales, stories of phobias, gore, and even a story that takes place entirely on chat. An e-horror story, if you could call it that. Just like a rollercoaster is a source of unexpected adventure and you won't find its shocks and thrills unless you actually ride on it, you won't get the real experience of Right Behind You unless you read it. So, sit back, fasten your seatbelts, and plunge into the drive.

**The Classic Horror Stories** H. P. Lovecraft,2013-05-09 'Loathsomeness waits and dreams in the deep, and decay spreads over the tottering cities of men. A time will come - but I must not and cannot think!' H. P. Lovecraft (1890-1937) was a reclusive scribbler of horror stories for the American pulp magazines that specialized in Gothic and science fiction in the interwar years. He often published in Weird Tales and has since become the key figure in the slippery genre of 'weird fiction'. Lovecraft developed an extraordinary vision of feeble men driven to the edge of sanity by glimpses of malign beings that have survived from human prehistory or by malevolent extra-terrestrial visitations. The ornate language of his stories builds towards grotesque moments of revelation, quite unlike any other writer. This new selection brings together nine of his classic tales, focusing on the 'Cthulhu Mythos', a cycle of stories that develops the mythology of the Old Ones, the monstrous creatures who predate human life on earth. It includes the Introduction from Lovecraft's critical essay, 'Supernatural Horror in Literature', in which he gave his own important definition of 'weird fiction'. In a fascinating contextual introduction, Roger Luckhurst gives Lovecraft the attention he deserves as a writer who used pulp fiction to explore a remarkable philosophy that shockingly dethrones the mastery of man.

*Horror Short Stories* H. P. Lovecraft,2017-11-30 Ghouls, ghosts, and macabre terrors stalk the night in this spine-tingling collection. With tales describing unnatural frights and haunting visions of cosmic terror, you will be taken on a journey into the disturbing imaginations of some of horror's greatest writers. The stories' heroes face incredible creatures, unknowable gods, and supernatural beings who have no regard for human life. Horror literature has its roots in the mists of time. In the 19th century, writers delved into ancient folk tales and local legends to inspire an entire genre. In the 20th century, the next generation of writers brought to life a brand new array of terrifying monsters. The authors in this volume range from Victorian pioneers, such as Bram Stoker and Edgar Allan Poe, to the pulp writers of the 20th century, such as William Hope Hodgson and H. P. Lovecraft. The tradition of horror writing that developed took very different turns on either side of the Atlantic - while American authors turned to unknowable horrors and cosmic terrors, British writers such as E. F. Benson and M. R. James mastered a more familiar form, the classic ghost story. It was not only English-speakers who sought to terrify their readers. The French writer Guy de Maupassant, a prolific short story writer and pupil of the acclaimed novelist Gustave Flaubert, found ways to make his protagonists doubt their own sanity as they faced terrors that would drive any ordinary man mad. This collection of bone-chilling tales comes from the pens of some of horror's most acclaimed writers. Authors include: E. F. Benson Ambrose Bierce Francis Marion Crawford W. W. Jacobs M. R. James William Hope Hodgson H. P. Lovecraft Guy de Maupassant Edgar Allan Poe Bram Stoker

**Horror Stories 3: Knock of Death** Jaydeep Shah,2017-10-04 Horror Stories 3: Knock of Death is the third book in Horror Stories Series.
