Robert Sewell

Calendars of India Dr Vinod K. Mishra,2020-01-01 Calendars are created by civilisations to give meaning to the continuous flow of time according to their world-views. Over the past millennia, India has developed its own unique collection of many calendars for regulating its religious and cultural life. The current book presents a comprehensive account of their structure and relative importance at the present time and places them in the context of other calendars prevalent outside India. Suggestions have also been made for making some changes to bring them in line with our current astronomical knowledge. This book will be very useful to students and anyone who is curious about calendars.

INDIAN CALENDAR ROBERT. SEWELL,2018

Panchang Arijit Roy Chowdhury,2020-08-20 Buying a house? Hosting an annaprasan or a grihapraves ceremony? Or perhaps you need your child's horoscope for their wedding? The Panchang offers a codified daily guide to auspicious dates and timings throughout the year for important life events, religious festivals and ceremonies, and special occasions. A 'panchang' is the combined analysis of 'panch angas' or five attributes, namely, day of the week, tithi, nakshatra, yog and karan -- each of these elements and its impact is taken into careful consideration to arrive at an auspicious day. This first-ever English panchang, based on the famed 150-year-old Gupta Press Bengali panjika, also explains, in a simple, easy-to-understand manner, what a panchang is, what its different elements signify, and how you can use it. For all those who wish to know the astrological configurations for any special event, this is an indispensable tool.

The Hindu Religious Year M. Underhill,2015-06-02 Excerpt from The Hindu Religious Year A few years ago I published a small book under the name of The Hindu Year: a Primer on the Hindu Calendar of Maharashtra. It consisted of the Calendar which forms Chapter VII of the present book, with very short comments in the form of footnotes. It was pointed out by several readers at the time that there was room for a much fuller book on the same subject, which, while dealing in detail with customs in Maharashtra, should describe the festivals common to the whole of Hindu India, and so prove useful to a much wider circle. An attempt to do this has been made in the present book. A mere list of feasts is unsatisfactory. Some attempt to trace customs back to their sources is necessary. The study of Anthropology in India still leaves large fields untouched, and much yet remains to be done. But in Chapters III to VI, the existing feasts have been related in each case to what I believe to be their origins, whether Sun worship with resultant Seasonal feasts. Moon worship with resultant Monthly feasts. Planet worship, the worship of Siva and Vishnu, or the worship of Animistic deities. Chapter I deals with the Hindu method of reckoning time, Chapter II with Auspicious and Inauspicious seasons, while Chapter VIII applies only to Maharashtra, being a list, with notes, of the principal Religious Fairs of the country. The Indian Calendar Robert Sewell,2019-01-28 Excerpt from The Indian Calendar: With Tables for the Conversion of Hindu and Muhammadan Into A. D. Dates, and Vice Versa It is impossible to over-estimate the value of the work done by Dr. Schram, which renders it now for the first time easy for anyone to ascertain the incidence, in time and place, of every solar eclipse occurring in India during the past 1600 years, but while thus briefly noting his services in the cause of science, I cannot neglect this opportunity of expressing to him my gratitude for his kindness to myself. Evolution and Science of Indian Hindu and Other Calendars Mr RAJESH KUMAR CHOPRA,2023-12-05 About the Book This book is about the evolution of different Calendar Systems from Sumerian to Gregorian and their logic, history, science. Many allied topics such as the eclipse, are explained, with real-life examples. Facts like, why a month has 28, 29, 30 or 31 days are explained with reasons and chronology. The book is a must also for all Indians, who will find answers to almost all queries regarding Indian and Hindu calendars. A festival falling on different dates (of a Gregorian calendar) in different years is a common feature of all religions. For Hindus, the Holi Festival may occur on any day from March 1 to March 29; for Muslims, the Id may happen on any day of the year, whereas for Christians, the Easter Sunday may occur from March 22 to April 25,... Hindu Festivals-Why to Celebrate Them Ashish Dhyani,2021-07-30 This book endeavors to uncover the underlying reasons behind the celebration of various festivals within the Hindu community. Many of us joyfully partake in these festivals without a comprehensive understanding of their origins and significance. Throughout the year, numerous festivals are observed, but this book focuses on some of the most renowned festivals celebrated in India and the Indian subcontinent. Hindus are deeply religious individuals who faithfully adhere to their customs and rituals. However, in matters of religion, faith often takes precedence over wisdom in India. This book delves into the multifaceted reasons behind the celebration of these festivals, exploring why ancient sages and seers designated these special days for their descendants and elucidating the benefits of adhering to rituals on these auspicious occasions.
