Home Stories Kim Leggett, 2021-02-23 Learn how to create rooms filled with warmth, meaning, and your own unique story of home Kim Leggett's first book, *City Farmhouse Style*, was a big hit. Now Kim is back with the welcoming interiors her fans crave and a no-rules approach that is all about using what you love to create rooms that tell your personal story. Everyone has a story worth telling, and every room can become part of that story—whether you decorate it with heirlooms, flea market finds, simple mementos, or a mix. In *Home Stories*, Leggett shows readers how to use all these treasures to design very special rooms filled with interest and meaning. She begins by asking readers what it is that attracts them to a certain piece: “Thinking hard about what really speaks to you, and then using it as the basis for design, is the secret behind all of the best, most interesting rooms.” Each chapter presents fascinating spaces and the stories behind the accessories, furnishings, and mementos that fill them. There are plenty of projects, too, plus practical design guidance and design inspiration for refreshing decor as the seasons change.

Home Story Tina Schneider-Rading, 2019-10-28 If German interior designers have a genius, it's for mixing modern with vintage finds and timeless classics to create looks that you don't see anywhere else in the world. Their cultural cachet is captured in the 21 projects that rose to the top of a juried residential design competition by Munich-based *Schöner Wohnen*, Europe's leading lifestyle magazine. Better than Instagram, the book includes interviews with the designers, who share the kind of fresh, eclectic design thinking that transcends trends. Project locations range from Hamburg in the north to Munich in the south but linger in Berlin, which has been called the creative capital of the world and is home to a diverse horde of designers from all over the globe. Join the editors on a tour of these joyful and seemingly effortless spaces. There are no rules, just an invitation to rediscover the sensuous, timeless things we have known since childhood.

Stories are memorable, actionable, and emotional. We are constantly making sense of the world by forming stories, and that makes them perfect for instructional design. *Instructional Story Design* is a practical guide to writing and developing stories for training.
