Houses for Sale Michael Meredith,Hilary Sample,2020-09-22 Journey with architects Michael Meredith and Hilary Sample through the history of architecture on their quest to find a perfect home In Houses for Sale, architects Michael Meredith and Hilary Sample of MOS Architects invite readers on their family's quest for a new home through the annals of architectural history, exploring details and peculiarities from some of the greatest names in architecture. When they realize that there isn't any one house that suits them perfectly, they decide to design their own. In doing so, Meredith and Sample come to the conclusion that no building is perfect and that architecture is an exciting, ever-evolving project in which the process of bringing a new building to life through design and construction can be even more satisfying than the final product itself.Published in collaboration with the Canadian Centre for Architecture, Houses for Sale is a charming and thoughtful introduction to architecture's varied history, with full-color illustrations and simple text that are suitable for aspiring young designers and experienced architects alike.

Cottage for Sale, Must Be Moved Kate Whouley,2011-05-02 A true account of one woman's quest to move a vacation cottage across Cape Cod to create a home, and the people, complications, and self-discoveries she encountered along the way. When Kate Whouley saw the classified ad for an abandoned vacation cottage, she began to dream: Transport the cottage through four Cape Cod towns. Attach it to my three-room house. Create more space for my work and life. Smart, single, and self-employed, Kate was used to fending for herself. But she wasn't prepared for half the surprises, complications, and self-discoveries of her house-moving adventure. Supported by friends and family, and egged on by Egypt, her bossy gray cat, Kate encountered a parade of town officials, a small convoy of State Police, and an eccentric band of house-movers, carpenters, and tradesmen. She found herself dancing on the edge of the gender divide-infatuated with trucks, cranes, tools, construction terms, and a dreamy mason who taught her the history of concrete. In one remarkable year, Whouley moved a cottage and created a home.
