Pensions, Contracts and Trusts: Legal Issues on Decision Making David Pollard,2020-05-10 This is a topical area

for the courts, which have moved to imply various limitations or tests on decision makers powers and when they can be challenged. This is made more difficult for lay users and lawyers alike in that implied restrictions are (by definition) not apparent from the words of the relevant contract itself. These limits are applied by the courts not just to fiduciaries (such as trustees or directors), but also to non-fiduciaries (eg banks and employers). Recent case law includes: · Pitt v Holt (SC) – trustee decisions (2013) · Braganza (SC) – contractual discretions (2015) · Eclairs (SC) – directors powers: proper purposes (2015) · IBM UK Holdings v Dalgleish (CA) – employer powers under pension plans (2017) · British Airways (CA)– pension plan – proper purposes (2018) The book reviews the relevant doctrines of: · Interpretation rules · Proper purposes; · Due consideration of relevant factors · Full perversity (no reasonable decision maker)

A Place at the Table shows they can be solved once and for all, if the American public decides—as they have in the past—that making healthy food available, and affordable, is in the best interest of us all.

Trading in Legal Claims Vickie Waye, 2007 This book provides a critical analysis of law and policy issues regarding possible future markets for trading in legal claims. The cost of litigation significantly impedes access to justice. Permitting potential plaintiffs to sell their legal claims to litigation entrepreneurs who can deal with claim prosecution efficiently would provide a means of redressing the imbalance that exists between legal costs, risks and claim values. However, the well-entrenched doctrines of maintenance and champerty prohibit legal claim assignment, primarily on the grounds that it would amount to the commodification of justice. The advent of litigation funding and its acceptance on access to justice grounds by Australian courts and, to a lesser extent, the UK and US judiciaries has challenged the status quo. Together with other measures, such as the introduction of conditional fee agreements, the resistance to full claim alienability has been significantly weakened. This book reviews the current positions in Australia, UK and US regarding claim alienability and provides a comparative analysis of the divergent paths that have developed in relation to matters such as litigation funding, conditional fee agreements and legal costs insurance, all of which portend towards claim commodification. The author examines regulatory options that would be required to ensure that claim holders in any future legal claim market are protected from exploitation and that the market operates fairly and efficiently, such as statutory and common law restrictions regarding unconscionability and misleading and deceptive conduct, licensing, mandatory disclosures, cooling off and default contractual terms. The book reviews costs and abuse of process issues that markets for legal claims may create and analyses conflicts of interest that may arise between claimholders, lawyers

and entrepreneurs and how these may be resolved. The author concludes that legal claim markets are justified on both policy and efficiency grounds as a means of improving access to justice.

Hungry Eve Turow-Paul, 2020-06-09 We wait in lines around the block for scoops of cookie dough. We photograph every meal. We visit selfie performance spaces and leave lucrative jobs to become farmers and craft brewers. Why? What are we really hungry for? In *Hungry*, Eve Turow-Paul provides a guided tour through the stranger corners of today's global food and lifestyle culture. How are 21st-century innovations and pressures redefining people's needs and desires? How does foodie culture, along with other lifestyle trends, provide an answer to our rising rates of stress, loneliness, anxiety, and depression? Weaving together evolutionary psychology and sociology with captivating investigative reporting from around the world, Turow-Paul reveals the modern hungers—physical, spiritual, and emotional—that are driving today's top trends:

- The connection between the death of the cereal industry and access to work email on our smartphones
- How posting images of our dinners on social media both fulfills and feeds our hunger for human connection in an increasingly isolated world
- The ways diet tribes and boutique fitness gyms substitute for organized religion
- How access to round-the-clock news relates to the blowback against GMO foods
- Wellness retreats, astrology, plant parenthood, and other methods of easing modern anxiety
- Why eating local might be the key to solving not just climate change, but our current global sense of disconnection

From gluten-free and Paleo diets to meal kit subscriptions, and from mukbang broadcast jockeys to craft beer, *Hungry* deepens our understanding of why we do what we do, and helps us find greater purpose and joy in today's technology-altered world.

One of Forbes Best YA of 2020 Meet Pepper, swim team captain, chronic overachiever, and all-around perfectionist. Her family may be falling apart, but their massive fast-food chain is booming — mainly thanks to Pepper, who is barely managing to juggle real life while secretly running Big League Burger’s massive Twitter account. Enter Jack, class clown and constant thorn in Pepper’s side. When he isn’t trying to duck out of his obscenely popular twin’s shadow, he’s busy working in his family’s deli. His relationship with the business that holds his future might be love/hate, but when Big League Burger steals his grandma’s iconic grilled cheese recipe, he’ll do whatever it takes to take them down, one tweet at a time. All’s fair in love and cheese — that is, until Pepper and Jack’s spat turns into a viral Twitter war. Little do they know, while they’re publicly duking it out with snarky memes and retweet battles, they’re also falling for each other in real life — on an anonymous chat app Jack built. As their relationship deepens and their online shenanigans escalate — people on the internet are shipping them?? — their battle gets more and more personal, until even these two rivals can’t ignore they were destined for the most unexpected, awkward, all-the-feels romance that neither of them expected.

Go the Fk to Sleep** Adam Mansbach,2011-06-14 The #1 New York Times Bestseller: "A hilarious take on that age-old problem: getting the beloved child to go to sleep" (NPR). "Hell no, you can't go to the bathroom. You know where you can go? The f**k to sleep." *Go the Fuck to Sleep* is a book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland.
