Oregon Voter ,1918

Paws Off My Cannon Brave Books,Dana Loesch,2021-12-07 When hyenas hit Mushroom Village, the animals want to ban all weapons. Bongo, however, believes his coconut cannons help the community stay safe and keep the hyenas away. Join Bongo as he explores the dangers and benefits of weapons, then lead your family through a lesson on Second Amendment rights with the activities included in the BRAVE Challenge at the end of the book.

Michigan Out-of-doors ,2007

The Military History of Ohio A. Parsons Stevens,1885

Reports of State Trials Great Britain. State Trials Committee,1896

Understanding America's Gun Culture Craig Hovey,Lisa Fisher,2017-12-06 Understanding America's Gun Culture focuses on building understanding of some of the issues associated with US gun culture and the contemporary debate about the availability and use of guns. This edited volume is unique in that it draws on a wide variety of disciplines and presents perspectives on both sides of the debate. Contributors hail from the academic disciplines of history, social work, criminal justice, sociology, religion, and theological ethics as well as policy agencies. Some chapters examine the issues social-psychologically to help readers better understand dynamics within the debate. Others pose important ethical and philosophical questions about gun culture. Still others address practical policy solutions for enhancing gun safety and minimizing gun violence, even bringing in international perspectives. Together, the chapters create a thought-provoking compilation that offers insightful findings, considers theoretical and practical implications, and invites further exploration of the topic.

Trap Shooting Secrets James Russell,1997 With over 132 practice tips and more than 100 illustrations, reading this guide is like having a personal shooting coach. This huge technical book teaches techniques of professional trap shooting; singles, handicap and double trap.

Gun Guys Dan Baum,2013 A funny, raucous, eye-opening, wholly non-partisan trip in search of Americans who love their guns--

The Ironmonger ,1896

Gun Curious David Yamane,2024-06-15 More than ever, it feels like cultural and political divisions over firearms are tearing the United States apart. Guns are an undeniable and contradictory presence in America, both widely owned and controversial. This book does something remarkable: it promotes insight over animosity in understanding the complex reality of guns in America. It challenges firearms skeptics, entertains enthusiasts, and informs the uncommitted by taking readers on a surprising journey inside gun culture. A lifelong liberal from the San Francisco Bay Area, David Yamane became a new gun owner as a 42-year-old and embarked on an immersive twelve-year study of American gun culture. Weaving together his personal experiences and sociological observations to explain why guns make sense to those who own them, he illuminates defensive gun ownership, the risk of negative outcomes associated with firearms, and what responsible gun ownership looks like in the twenty-first century. This book lowers the heat on America's inflamed arguments about firearms and models the civil discussions we desperately need.

Dialogues on Gun Control David DeGrazia,2023-04-03 What happens when two intelligent American college students with different attitudes about guns launch into a careful exploration of the ethics of gun policy? What might a European exchange student add to the mix? All three characters in this book are fictional, the creation of author David DeGrazia's imagination. But their vigorous, respectful conversations over six meetings—well-informed by the latest empirical data and the best available philosophical arguments—shed needed light on the reality of guns in the U.S. today. These dialogues introduce students, professional academics, and others to the American experience with gun violence and gun policy, articulating ethical arguments supporting and opposing substantial gun control, and specific possibilities for reform. They also demonstrate how those who initially disagree about the place of guns in American society can communicate constructively and agree on many ideas. Dialogue 1 distinguishes the legal rights to private gun ownership from the ethics of gun policy and illustrates how the U.S. is an outlier with respect to gun violence, gun ownership, and gun politics. Dialogue 2 explores the overall social consequences of high rates of gun ownership and minimal regulation and enforcement. Then, turning to moral rights, Dialogue 3 probes the subtle relationships among a right to self-defense, its possible foundation(s), and alleged gun rights. Dialogue 4 turns to appeals to various liberties as possible bases for gun rights. Next, Dialogue 5 examines the possibility that various other moral rights—such as a right to a reasonably safe environment—can illuminate gun policy ethics. Finally, Dialogue 6 concludes with a fairly detailed exploration of the shape of morally defensible gun policy in the United States. Key features: Dialogue format provides an engaging and accessible exchange throughout the book Depth of the ethical analysis refutes those who believe the issues pertaining to guns are simple Up-to-date references and examples make the book more current than the competition.

Field & Stream ,1982-01 FIELD & STREAM, America's largest outdoor sports magazine, celebrates the outdoor experience with great stories, compelling photography, and sound advice while honoring the traditions hunters and fishermen have passed down for generations.

Citizen-Protectors Jennifer Carlson,2015-04-01 From gang- and drug-related shootings to mass shootings in schools, shopping centers, and movie theatres, reports of gun crimes fill the headlines of newspapers and

nightly news programs. At the same time, a different kind of headline has captured public attention: a steady surge in pro-gun sentiment among Americans. In *Citizen-Protectors*, Jennifer Carlson offers a compelling portrait of gun carriers, shedding light on Americans' complex relationship with guns. Delving headlong into the world of guns, Carlson participated in firearms training classes, attending pro-gun events, and carried a firearm herself. Through these experiences, she explores the role guns play in the lives of Americans who carry them and shows how, against a backdrop of economic insecurity and social instability, gun carrying becomes a means of being a good citizen. A much-needed counterpoint to the rhetorical battles over gun control, *Citizen-Protectors* is a captivating and revealing look at gun culture in America, and a must-read for anyone with a stake in this heated debate.

If you ally need such a referred **I Gun Pro** ebook that will give you worth, acquire the unquestionably best seller from us currently from several preferred authors.
