## The Original I Ching Oracle or The Book of Changes Rudolf Ritsema, Shantena Augusto

Sabbadini, 2018-05-15 Often referred to as the Eranos edition, this revised and updated translation offers the most substantial advance in I Ching since Richard Wilhelm introduced the oracle to the West in the 1920s. The I Ching is one of the oldest Chinese texts and the world's oldest oracle. Accumulated from over 2,500 years of diviners, sages and shamans and born out of the oral tradition, the I Ching as we know it today is a collection of texts, imagery and advice, philosophy and poetry, divided into 64 chapters. There are 64 hexagrams, created from a collection of six lines, either broken or solid. In order to "read" from the book, you must cast a hexagram. The traditional method required yarrow sticks but nowadays is based on tossing three coins six times. The Original I Ching Oracle or Book of Changes was inspired by Carl Gustav Jung's insights into the psyche and researched for more than 60 years through the Eranos Foundation of Switzerland. It presents the oracular core of the I Ching as a psychological tool: the symbols interact with our minds in the same way dream images

do.

The Original I Ching Oracle ,2007 This remarkable work is the final result of 50 years of I Ching research and over 10 years of roundtables and seminars. Based on a revolutionary translation method, and inspired by Carl Jung's insights into the psyche, The Original I Ching Oracle offers Western readers the closest possible approach to the true content of the ancient Chinese oracle. By cutting through layers of philosophical analysis and recovering the original images of the I Ching, it puts readers in contact with a deep universal dimension of the human psyche, as important today as it was for the shamans in China over 3,000 years ago.

*I Ching* Kerson Huang,2014 This book contains a dramatic and revealing translation of this ancient classic into English. The Chinese original is set side-by-side with the translation. Two things set this work apart from other translated versions. First, archeological findings are used to uncover the meaning of passages obscured for thousands of years. Second, it preserves the flavor of the original in a poetic rendition. An introductory part of this book provides the historical and philosophical

background to the I Ching . The story is told of the ancient Chinese civilization, pointing out events and figures mentioned in the I Ching . The undisguised face of the I Ching will appeal to the modern reader, who will read it in his or her own individual way, as poetry, as discoverer of self, or as soothsayer. It is in the grand tradition of the I Ching for different people to see different things.: To Confucius, who was born in 550 B.C., it was a source of ethics.; To Leibnitz, the eighteenth-century inventor of calculus, it was the essence of binary mathematics.; To Jung Freud"s rival in psychology, it was an explorer of the unconscious.; To some Wall Streeters, it predicts the stock market. This second edition includes a new chapter on a historical perspective, and other additions, changes and minor reformatting. Sample Chapter(s). Chapter 1: Introduction (285 KB). Readership: Graduate and undergraduate students, academic researchers, scholars who are interested in Chinese classics, history and culture; general audience interested in Chinese classics and culture.

IChing John Minford,2014-10-30 The award-winning new translation of the ancient Chinese oracle and book of wisdom, by the acclaimed translator of the Tao Te Ching and The Art of War Pose a

question, then toss three coins (or cast your yarrow stalks) to access the time-honored wisdom of the I Ching. The I Ching, or Book of Change, has been consulted through the ages, in both China and the West, for answers to fundamental questions about the world and our place in it. The oldest extant book of divination, it dates back three thousand years to ancient shamanistic practices involving the ritual preparation of the shoulder bones of oxen. From this early form of communication with the other world, it has become the Chinese spiritual book par excellence. An influence on such cultural icons as Bob Dylan, John Cage, Merce Cunningham, Philip K. Dick, and Philip Pullman, the I Ching is turned to by millions around the world for insights on spiritual growth, business, medicine, genetics, game theory, strategic thinking, and leadership, and of course for the window it opens on China. This new translation, over a decade in the making, is informed by the latest archaeological discoveries and features a gorgeously rendered codex of divination signs—the I Ching’s sixty-four Tarot-like hexagrams. It captures the majesty and mystery of this legendary work and charts an illuminating path to self-knowledge.

*The I Ching Oracle: A Guide Through The Human Maze* Timothy Dowdle,Johanna

Dowdle,2021-09-24 The I Ching Oracle – A guide through the human maze is designed to help the reader find a way through the complexities and challenges of everyday life. Timothy and Johanna Dowdle show the reader how to consult the I Ching oracle and receive clear answers to important questions. They explain the methods used for consulting the oracle and how the oracle responds to the reader's questions. The authors also provide a series of examples from their own consultations to illustrate how the I Ching has guided them through many difficult situations. All of the descriptions of the I Ching hexagrams are based on the authors' lives. These autobiographical narratives can help and support everyone who is living through similar experiences. For those who are familiar with the I Ching and have been consulting the oracle, this book offers new methods for interpreting hexagrams with multiple moving lines and static hexagrams. These methods have proven to give consistently clear and accurate answers to the authors' questions over many years of consultations. Timothy and

Johanna Dowdle are an Anglo-Dutch couple who have lived and worked in many different countries and are currently living in the Netherlands. Over the years the authors have studied and practised the art of divination, using divination as a tool for making important decisions. A red thread running through their lives together has been The I Ching or Book of Changes. Their aim is to share the knowledge and wisdom of the I Ching and make it accessible to everyone.

The Medical I Ching Miki Shima, 1992 The first translation of this timeless classic of philosophy specifically for practitioners of the healing arts. Includes: diagnostic indications & prognosis for all 64 hexagrams & changing lines, discussions of casting methods, & case histories.

*I Ching* Carol K. Anthony, Hanna Moog, 2002 This book is an entirely new version of the I Ching. It is the result of discovering a totally new way of consulting the oracle. *I Ching: The Oracle of the Cosmic Way* is a book that shows two layers of text, side by side, one layer being the feudal overlays over the original oracle text, the other showing the 'Cosmic Way' - the Cosmic Principles that are the subject of each hexagram.

**I Ching for Beginners** Mark McElroy, 2005 Offering guidance to emperors, generals, and kings for millennia, the I Ching remains a powerful oracle today. However, many seekers find its symbolism and outdated metaphors a challenge to interpret. Mark McElroy strips away obscure references and reverently recasts the I Ching's ancient ideas into everyday terms, making it fast and easy to apply its enduring wisdom to contemporary life. Neither a translation nor a paraphrased interpretation, *I Ching for Beginners* helps readers consult this remarkable Chinese classic with confidence. For each of the I Ching's sixty-four passages, McElroy provides a summary, study questions, and keywords, and explains how the message relates to relationships, love, work, and projects. Also included are directions for creating and interpreting hexagrams.

*I Ching*, 1994 This first complete translation of a 3,000-year-old Chinese divination system includes imagery and material previously unavailable to Westerners. The spirit of this unique translation is both very old and radically new--a modern psychological approach that truly bridges East and West.

The **Visual I Ching** Oliver Perrottet,1997 Included in this unique kit is everything needed to easily consult the oldest oracle in the world. Instead of struggling with traditional yarrow stalks or throwing coins to create hexagrams, the author has devised a beautiful deck of picture cards based on the five elements of nature. With this visual interpretation, the I Ching is brought to life.

Oracle Bones Divination Kostas Dervenis,2013-12-17 The first complete guide to this ancient Greek form of divination • Explains how to cast and interpret this oracle using either coins or traditional animal bones • Reveals how the use of oracle bones predates the I Ching • Includes the complete matrix of oracle interpretations reconstructed by the author from stanzas in ancient Greek temples In ancient Greece methods of foretelling the future were widespread, whether they were official oracles of the gods or simple dice games to divine one's luck. One of the most popular and accessible ways of determining one's fate and fortune was through the ritual casting of animal bones, similar to the casting of coins or yarrow stalks with the Chinese I Ching. Kostas Dervenis explains how to interpret the casting of the oracle bones--either traditional sheep anklebones or coins--to answer

your questions on love, health, wealth, and the future. Using the original stanzas discovered in ancient Greek temples in Greece and Turkey, the author reconstructs the complete matrix of interpretation for each possible casting of the bones. He explores how this practice traces back to the Golden Age of the Neolithic period in Greece, Turkey, and Bulgaria--predating the I Ching--and how it is still practiced today as the popular folk game of "knucklebones." Providing the first complete guide to this ancient practice, Dervenis allows anyone to cast the bones for guidance, inspiration, and insight into their fate.

**I Ching** Carol K. Anthony, Hanna Moog, 2002-11 This book is an entirely new version of the I Ching. It is the result of discovering a totally new way of consulting the oracle. *I Ching: The Oracle of the Cosmic Way* is a book that shows two layers of text, side by side, one layer being the feudal overlays over the original oracle text, the other showing the 'Cosmic Way' - the Cosmic Principles that are the subject of each hexagram.

*How to Use the I Ching* Stephen L. Karcher, 1997 Gives a clear and comprehensive introduction on how to use the 3,000 year old oracle. Includes simple instructions on making consultations.

*I Ching Made Easy* Amy M. Sorrell, 2013-02-26 With fifteen cents and five minutes, you too can use and understand the I Ching With six coins (one dime and five pennies) and this easy-to-use guide, tapping into the synchronicity of the universe is simpler and more rewarding than ever.

*I Ching, the Oracle* Benebell Wen, 2023-09-26 Benebell Wen's (Holistic Tarot and The Tao of Craft) historic new translation of the I Ching brings the power and mysticism of The Book of Changes to contemporary readers. Now in a beautiful hardcover format with a ribbon bookmark. Through in-depth annotations, cultural and historical references, and magical practices, Wen amplifies the wisdom—both profound and practical—of the 3,000-year old text. She includes aspects of the I Ching that have never before been translated into English, offering fresh perspectives on a classic work. Rooted in her experience and knowledge as a Taiwanese-American occultist and Buddhist with deep family ties to Taoist mysticism, Wen's groundbreaking translation is accompanied by a critical analysis of earlier I Ching transmissions. Readers will learn how to: Situate the I Ching within its historical and cultural context Interpret the hexagrams and utilize various divination methods, such as yarrow stalk,

coin toss, cowrie shells, and rice grains Work with the I Ching for personal guidance and developing intuitive wisdom Understand correspondences of Taoist mystical tradition with other schools of metaphysics, including shamanism, faith healing, and soul retrieval Approach the Book of Changes as a grimoire and attain a foundational understanding of the eight trigrams and Wu Xing five alchemical phases Whether you're new to the I Ching or an experienced occultist, I Ching, The Oracle will deepen your understanding of esoteric Taoism and the art and craft of divination. Highlighting the two main schools of interpretation—Image and Numbers and Meanings and Principles—and exploring Taoist cosmology, mysticism, ritual practice, and the shamanic origins of the I Ching, Wen provides you with everything you need to apply the I Ching for life guidance, spiritual practice, and ancestral connection.

**When I Ching Has No Text** Alfred Kee,2021-04-07 If you are looking for an oracle system that can provide direct, precise, detailed, accurate, and straight to the point, no-nonsense answers. This book will serve you well! We will be discussing different examples (with real-life case studies) of questions that can be answered by WWG, such as employment and career, wealth (from personal to business

and investment), health ( From general health to a professional application that not limited to Chinese and Modern Medicine), relationships (in any kind of relationships), property and feng shui, luck (including those that is intangible), and so much more. Wen Wang Gua is another I Ching practice that has a history of more than a thousand years. The accuracy of this system is extremely high. The designed framework of WWG adopts only the yin and yang to read the hexagrams and this makes deciphering so much easier. (i.e, if it wasn't yin, then it must be yang) Hence, there is no need for text during the entire deciphering process. Please be rest assured you will not need to pick up another translation of the I Ching again. This book simply does not copy just from the ancients. In fact, it has not much to do with the ancient texts. Despite saying this, this book is still using the basic and original designed structure, that was built thousands of years ago. It reveals many secret techniques and explains why some theories are not working. For the first time ever, I am revealing all those privately passed down techniques about this little known system of I Ching. I will lead the reader step by step through this fantastic and rewarding oracle from ancient China. To perform divination, it is absolutely

not just about throwing coins and using one's intuition. It is a fully analytical system. That is why everyone can learn to read in the future. This book will guide you step by step with lessons (with proper listing and organising) from A to Z. I can assure you that this book is the one that you have been searching for a long time.

*The Essential I Ching* Kari Hohne, 2015-09-20 The I Ching is the oldest work of literature and while it has been used for centuries as an oracle, it is also a profound work of ancient Chinese philosophy. The Taoist philosophers observed nature to be a teacher and this compilation of the I Ching is especially rich in examining how nature can teach us about the human journey. By examining all possible ancient and modern interpretations The Essential I Ching offers the most comprehensive I Ching translation. All interpretations include quotes from the ancient masters of Chinese philosophy as well as being based on the power of nature which originally inspired the Book of Changes. Each line interpretation refers to the hexagram that would have been created by the line change for added insight. Additionally, each hexagram includes the Hu Gua (secondary influence) the Zong Gua

(opposite influence) and even a quick reference to what the hexagram means when received as the changing hexagram. There is no other book on the I Ching that can compare to the research that has gone into preparing this text and it is interpreted in a way that is modern and relevant to today.

*The Magical I Ching* J. H. Brennan, 2000 It's one of the oldest books on Earth, and it has a message for you. The I Ching is a mystical collection of ancient wisdom, generally explained as a simple look-up-the-answer method of fortune telling. Now, J.H. Brennan reveals to Western practitioners the magical spiritual techniques behind this most ancient oracle, in *The Magical I Ching*. This is a unique, exciting, and easy-to-use version of the ancient oracle. Using the information in *The Magical I Ching*, you will be able to contact the spirit sage waiting to tell you the inner meaning of any of the six-line symbols you bring forth (the hexagrams) and how that meaning can change your life. *The Magical I Ching* explains the history of the I Ching and how to develop the symbols by using several different methods, including using six sticks or wands, sixty-four wands, eight coins, or the popular three-coin technique. The book analyzes each of the possible sixty-four hexagrams that form

the basis of the oracle, in clear, modern language anyone can understand. That is just the beginning. The I Ching has survived for so long because of its spirituality. You'll learn how to use the book to enter astral doorways to mystic realms of reality. It will allow you to create a new framework for operations of real magic. You'll probe the deepest mysteries of Eastern esoteric thought. It even shows you ways to put your life on a new and better course. After 5,000 years, the I Ching remains one of the most popular sources of spiritual wisdom in the world. If it puzzled you in the past, you'll be able to understand it at the deepest level possible when you read *The Magical I Ching*.

**The Everyday I Ching** Sarah Denning, 1997-01-15 Details how to use the ancient Chinese book of divination and discuss how to relate the I Ching's hexagrams to the problems of modern life
