**Adult English Language Teaching** Valentina Kononova,Natasha Kersh,Tatiana Dobrydina,2022-05-25 This book explores cross-international experiences in the field of adult English language teaching and learning, using cross-cultural dialogues to hear voices from different countries and different settings – formal, informal and non-formal – discussing how their lifelong learning has or is still in the process of helping them to change their lives. The book addresses two major questions: (1) How do adults learn languages and transform themselves through learning? (2) How do authorities and societies build capacity for sustainable language development? It will be of interest to researchers, policymakers and adult language teachers, concerned with diverse aspects of teaching and learning English as lingua franca for enhancing the public good internationally. The book draws on the way in which the Western paradigm of lifelong learning was applied by an international team of inspired professionals to English language education in the Tempus project “Lifelong Language Learning University Centre Network for New Career Opportunities and Personal Development (UNICO)”. This project was undertaken by eleven universities in three countries: the Siberian Federal District of the Russian Federation, the Kyrgyz Republic, and the Republic of Tajikistan, in partnership with the Charles University in Prague, the Institute of Education from the University College London, and the University of Córdoba in Spain.

**The 2012 Pfeiffer Annual** Elaine Biech, 2011-10-13 The Leader in Resources for Training & HR Professionals for the Past Four Decades For 40 years, The Pfeiffer Annuals have helped professionals in the workplace learning and performance field to stay ahead of their organizations' needs. The 2012 Pfeiffer Training Annual is no exception. It offers a hands-on guide to the latest thinking and approaches to training and development. To address the more-need-less-time dilemma, the Annual presents a Learning in the Moment theme, with valuable information on such practical topics as teamwork, communication, leadership, and emotional intelligence. ELAs are presented as complete, ready-to-use training designs. This year we are honored to have ELAs from training leaders you have come to depend on: Julie O'Mara, M.K. Key, Dennis Gilbert, Lou Russell, and Robert Alan Black. In the Instruments section Jean Barbazette shares an instructor skills survey that you will want to put to use immediately. Use the articles section for your own professional development or as a lecture resource within your training sessions. Must-haves in this section include articles by Homer Johnson, Zane Berge, and Gary Wise. The highlight of this Annual is Dr. Donald Kirkpatrick's article about how the Four Levels of Evaluation came about. You will be intrigued to learn how evaluation fits with the theme, identifying more than a dozen ways to evaluate learning in the moment. With the depth and breadth of resources, Annual content is entirely new each year, ensuring a steady stream of contemporary knowledge and tools. Use the Annual to stay on top of developments within the profession, dip into the content for a contribution that targets a specific performance need or to develop a complete program, and learn how others in the field are tackling the ever-increasing challenges of developing a capable, productive workforce. Leadership for the Future Sustainable Development of Business and Education Wadim Strielkowski,Oksana Chigisheva,2018-03-30 This proceedings volume examines leadership from the perspectives of business, economics, social sciences, cross-cultural management, and education as a means to establish a future of sustainable development. Featuring contributions from the 2017 Prague Institute for Qualification Enhancement (PRIZK) and International Research Centre (IRC) “Scientific Cooperation” International Conference held in the Czech Republic, this volume focuses particularly on business models and higher education schemes from BRICS nations and examines topics such as social and educational practices, academic policies and business development. Leadership is becoming a key element for the future sustainable development of business and education in the quickly globalizing world. In this regard, a special emphasis should be made on the formation of high-quality human resources—the leading experts in their field who will create innovations and introduce breakthrough technologies. The development of a creative economy and knowledge economy requires highly-educated human capital, thus education becomes a key element of this process. Education must keep pace with time, be competitive, and stay in touch with the process of technology. The enclosed papers identify the key steps for sustainable growth and development in business and education. Featuring contributions on theory and practice, this book is appropriate for academics, researchers, policy-makers and practitioners in the areas of business, leadership management, entrepreneurship, innovation and education.

Implementing Rapid E-Learning Through Interactive Materials Development Santally, Mohammad Issack,Rajabalee, Yousra,Rajputh, Ravi,2023-07-24 In the past, the process of developing an interactive digital learning resource required content developers, technology experts, and learning designers to work together. As such, the process was time consuming and expensive. Now there are new tools that do not require advanced mastery of ICTs for the development of digital learning resources. Such tools allow the reduction of costs and timelines of development. The rapid e-learning method helps to decentralize curriculum digitization and empower teachers to embrace technology to develop and share resources among peers. Implementing Rapid E-Learning Through Interactive Materials Development provides a relevant theoretical foundation for the design and development of interactive learning materials using the rapid e-learning method. It draws on research, case studies, and reports from different contextual applications of the methods, challenges, and learning experiences of students. Covering topics such as goal-oriented design, quality assurance, and rapid game development, this premier reference source is an essential resource for multimedia developers, IT professionals, learning designers, educators and administrators of both K-12 and higher education, pre-service teachers, teacher educators, librarians, researchers, and academicians.
