In Sight of America Dr. Anna Pegler-Gordon, 2023-04-28 When restrictive immigration laws were introduced in the late-nineteenth and early-twentieth centuries, they involved new requirements for photographing and documenting immigrants--regulations for visually inspecting race and health. This work is the first to take a comprehensive look at the history of immigration policy in the United States through the prism of visual culture. Including many previously unpublished images, and taking a new look at Lewis Hine's photographs, Anna Pegler-Gordon considers the role and uses of visual documentation at Angel Island for Chinese immigrants, at Ellis Island for European immigrants, and on the U.S.-Mexico border. Including fascinating close visual analysis and detailed histories of immigrants in addition to the perspectives of officials, this richly illustrated book traces how visual regulations became central in the early development of U.S. immigration policy and in the introduction of racial immigration restrictions. In so doing, it provides the historical context for understanding more recent developments in immigration policy and, at the same time, sheds new light on the cultural history of American photography.

Insight Tasha Eurich, 2017-05-02 Learn how to develop self-awareness and use it to become more fulfilled, confident, and successful. Most people feel like they know themselves pretty well. But what if you could know yourself just a little bit better—and with this small improvement, get a big payoff...not just in your career, but in your life? Research shows that self-awareness—knowing who we are and how others see us—is the foundation for high performance, smart choices, and lasting relationships. There's just one problem: most people don't see themselves quite as clearly as they could. Fortunately, reveals organizational psychologist Tasha Eurich, self-awareness is a surprisingly developable skill. Integrating hundreds of studies with her own research and work in the Fortune 500

world, she shows us what it really takes to better understand ourselves on the inside—and how to get others to tell us the honest truth about how we come across. Through stories of people who have made dramatic gains in self-awareness, she offers surprising secrets, techniques and strategies to help you do the same—and how to use this insight to be more fulfilled, confident, and successful in life and in work. In *Insight*, you'll learn:

- The 7 types of self-knowledge that self-aware people possess.
- The 2 biggest invisible roadblocks to self-awareness.
- Why approaches like therapy and journaling don't always lead to true insight
- How to stop your confidence-killing habits and learn to love who you are.
- How to benefit from mindfulness without uttering a single mantra.
- Why other people don't tell you the truth about yourself—and how to find out what they really think.
- How to deepen your insight into your passions, gifts, and the blind spots that could be holding you back.
- How to hear critical feedback without losing your mojo.
- Why the people with the most power can often be the least-self-aware, and how smart leaders avoid this trap.
- The 3 building blocks for self-aware teams.
- How to deal with delusional bosses, clients, and coworkers.

In Sight of Stars Gae Polisner, 2018-03-13 An emotional, full-hearted teen novel about love, loss, and mental health from the award-winning author of *The Memory of Things*. An achingly fierce exploration of the way the world wounds us and heals us.--Jeff Zentner, William C. Morris award-winning author of *The Serpent King*.

No End in Sight Anna Krakus, 2018-08-31 *No End in Sight* offers a critical analysis of Polish cinema and literature during the transformative late Socialist period of the 1970s and 1980s. Anna Krakus details how conceptions of time, permanence, and endings shaped major Polish artistic works. She further demonstrates how film and literature played a major role in shaping political consciousness during this highly-charged era. Despite being controlled by an authoritarian state and the doctrine of

socialism, artists were able to portray the unsettled nature of the political and psychological climate of the period, and an undetermined future. In analyzing films by Andrzej Wajda, Krzysztof Kieslowski, Krzysztof Zanussi, Wojciech Has, and Tadeusz Konwicki alongside Konwicki's literary production, Anna Krakus identifies their shared penchant to defer or completely eschew narrative closure, whether in plot, theme, or style. Krakus calls this artistic tendency aesthetic unfinalizability. As she reveals, aesthetic unfinalizability was far more than an occasional artistic preference or a passing trend; it was a radical counterpolitical act. The obsession with historical teleology saturated Polish public life during socialism to such a degree that instances of nonclosure or ambivalent endings emerged as polemical responses to official ideology.

No End in Sight Charles Ferguson, 2008-02-05 A ... chronicle of the reasons behind Iraq's descent into guerrilla war, warlord rule, criminality, and anarchy ... It features candid interviews with high-ranking officials ... as well as Iraqi civilians, American soldiers, intelligence officers, and prominent analysts... Together, these voices reveal the principal errors of U.S. policy -- using insufficient troop levels, allowing the looting of Baghdad, purging professionals from the Iraq government, and disbanding the Iraqi military -- errors that largely created the insurgency and chaos that engulf Iraq today. The book brings the movie up-to-date by evaluating the military's recent 'surge' tactic as well as current administration policy. It concludes with a wide-ranging debate on the crucial question: what do we do now?--P. [4] of cover.

Hope in Sight Aisha Simjee, 2013 Demonstrating compassion, courage, and generosity in the face of adversity, this autobiography tells the story of a remarkable Burmese American immigrant,

venerated eye surgeon, and mother to 21 sponsored and natural-born children who undertook a remarkable quest to restore hope and dignity to sight-deprived and disadvantaged people all over the world. At the age of seven, Aisha Simjee contracted and recovered from trachoma—the world's leading cause of preventable blindness—which fueled her desire to become an eye doctor. While a revolution rocked her homeland and in spite of the consternation of her traditional Muslim family, she triumphed as the first woman in her tribe of Indian heritage to graduate from high school, going on to attend college and medical school and eventually fleeing the country for America. She is now a board-certified ophthalmologist with a busy medical practice in Southern California and has traveled solo and with medical humanitarian volunteer agencies, performing corneal transplants and cataract surgeries throughout the world, including Colombia, Myanmar, Egypt, Cambodia, Haiti, Pakistan, and Afghanistan, as well as caring for the sight-deprived poor in her own backyard. Her story not only brings focus to global health challenges but also serves as encouragement to all of us to live more productive and meaningful lives.

Truth in Sight Cori Doerrfeld, 2016-08-01 Cici has a lot to figure out. She's learning how to make friends. She's learning how to be a better big sister. Oh, and she's learning how to use her fairy powers! Things look easy for Kendra, a popular girl at Cici's school. So when Cici finds Kendra's lost doll, she uses her magic to play a trick: change the doll, and Kendra changes too! It's only a joke—but the changes could last forever if Cici doesn't learn to see the best in people.

Hidden in Sight Julie E. Czerneda, 2003-04-01 Picco's moon was where it all began for Esen-alit-Quar, Youngest of Ersh's Web. It was here where Ersh, the Oldest, had chosen to make her home; here, too, where Esen received her early training as a shapeshifter and member of the Web. When Ersh's Web was destroyed, Esen and her human friend Paul survived, and together they founded

Esen's Web, a group composed initially of the two of them but one which expanded slowly to include a chosen few selected by Paul. For in their universe there were all too many species ready to destroy Esen, should they discover her true nature. Still, despite the need for concealment, life had been good to Esen and Paul. They now had well-established identities, a thriving business, and numerous friends. It seemed as though they'd finally created a safe haven for themselves. At least until they received word that someone was mining Picco's Moon, desecrating Ersh's Mountain. Esen and Paul had no choice. They had to go to Picco's Moon and put a stop to the situation. But before they could even set out, they found themselves under attack on every front. Their carefully built haven gone, and loyal friends suddenly transformed into vengeful enemies, was there anywhere Esen and Paul could run, anyone they could turn to for help, any way to defeat a foe they couldn't even identify?

Landscape in Sight John Brinckerhoff Jackson, 1997-01-01 During a long and distinguished career, John Brinckerhoff Jackson (1909-1996) brought about a new understanding and appreciation of the American landscape. Hailed in 1995 by New York Times architectural critic Herbert Muschamp as 'America's greatest living writer on the forces that have shaped the land this nation occupies,' Jackson founded Landscape Magazine in 1951, taught at Harvard University and the University of California at Berkeley, and wrote nearly 200 essays and reviews. This appealing anthology of his most important writings on the American landscape, illustrated with his own sketches and photographs, brings together Jackson's most famous essays, significant but less well known writings, and articles that were originally published unsigned or under various pseudonyms. Jackson also completed a new essay for this volume, 'Places for Fun and Games,' a few months before his death. Focusing not on nature but on landscape - land shaped by human presence - Jackson insists in his writings that the workaday world gives form to the essential American landscape. In the everyday places of the

countryside and city, he discerns texts capable of revealing important truths about society and culture, present and past. For this collection Helen Lefkowitz Horowitz provides an introduction that discusses the larger body of Jackson's writing and locates each of the selected essays within his oeuvre. She also includes a complete bibliography of Jackson's writings.

Bully in Sight Tim Field,1996 Bully In Sight is a comprehensive guide on how to predict, resist, challenge and combat bullying in the workplace. Find out why some people become bullies while others become victims, and how and why the bullies victims are picked.

Out of Reach But in Sight Andrew Lacivita,2014-01-20 Why do some people achieve great heights in life while others struggle? It's not just luck; luck only takes you so far. It's not just hard work; many people work diligently their entire lives and never attain their goals. So what's the secret to success and happiness? Recruitment consultant, author, and inspirational speaker Andrew LaCivita believes there's no single path to success. Ask fifty successful people their secret and you'll get fifty different answers, none of which might work for you. Those same fifty people, however, have something in common. They understand the importance of identifying, analyzing, setting, and achieving their goals. They don't just enjoy accomplishing goals-they enjoy the journey toward accomplishment. Out of Reach but in Sight is based on a speech LaCivita made to a three-hundred-member audience on the importance of proper goal-setting for achievements and happiness. Once you know the formula for setting and achieving goals, you can develop your own, unique path to success.

No Land in Sight Charles Simic, 2022-08-09 From one of America's most beloved poets, a piercing new collection reflecting on the characters and encounters that haunt us through this life and into the next. Leading us into a city stirring with gravediggers and beggars, lovers and dogs, Charles Simic returns with a brilliant collection full of his singular wit, dark humor, and tenderheartedness. In poems that are often as spare as they are monumental, he captures the fleeting moments of modern life—peering inside pawnshop windows, brushing shoulders with strangers on the street, and walking familiar cemetery rows—to uncover all the beauty and worry hiding in plain sight. As the poet reflects on a lifetime's worth of pleasure and loss, he recalls instances when he “made excuses and hurried away,” and considers the way memory always trails just behind. *No Land in Sight* is a testament to all we leave in our wake and, simultaneously, all we hang on to: the passing minutes, the evening's stillness, and the many lives we inhabit in dim thresholds and bright mornings alike.

Ends in Sight Gregory Elliott, 2008-01-20 A truly international study of the many flavours of democracy, concentrating on electoral systems, and the structures making up the systems of parliamentary democracies

The Sense of Sight John Berger, 2011-07-13 With this provocative and infinitely moving collection of essays, a preeminent critic of our time responds to the profound questions posed by the visual world. For when John Berger writes about Cubism, he writes not only of Braque, Léger, Picasso, and Gris, but of that incredible moment early in this century when the world converged around a marvelous sense of promise. When he looks at the Modigliani, he sees a man's infinite love revealed in the elongated lines of the painted figure. Ranging from the Renaissance to the conflagration of Hiroshima; from the Bosphorus to Manhattan; from the woodcarvers of a French village to Goya,

Dürer, and Van Gogh; and from private experiences of love and of loss to the major political upheavals of our time, *The Sense of Sight* encourages us to see with the same breadth, courage, and moral engagement that its author does.

Sight Jessie Greengrass, 2018-08-21 SHORTLISTED FOR THE WOMEN'S PRIZE FOR FICTION 2018 'A dazzling obsessive entry in a burgeoning genre. Unusual and absorbing... the novel as a whole exudes a strange consoling power.' – The New Yorker 'Sight delves into a lot in under 200 pages: mothers and daughters, birth and death, loss and grief, finding one's balance, the ardor and arduousness of scientific discovery. Readers willing to give themselves over to Greengrass' penetrating vision will surely expand theirs.' – NPR 'With visceral, elegantly wrought truths of life and loss, this is an exciting companion to Sheila Heti's recent *Motherhood* (2018).' – Booklist In Jessie Greengrass' dazzlingly brilliant debut novel, our unnamed narrator recounts her progress to motherhood, while remembering the death of her own mother ten years before, and the childhood summers she spent with her psychoanalyst grandmother. Woven among these personal recollections are significant events in medical history: Wilhelm Röntgen's discovery of the X-ray; Sigmund Freud's development of psychoanalysis and the work that he did with his daughter, Anna; and the origins of modern surgery and the anatomy of pregnant bodies. *Sight* is a novel about being a parent and a child: what it is like to bring a person in to the world, and what it is to let one go. Exquisitely written and fiercely intelligent, it is an incisive exploration of how we see others, and how we might know ourselves.

No God in Sight Altaf Tyrewala, 2011-03-18 Fast — paced and innovative, *No God in Sight* captures the seething multiplicity of Bombay through the first — person accounts of an abortionist, a convert, a pregnant refugee, a gangster in hiding, a butcher, and an apathetic CEO, among others. As the reader is hurtled from monologue to short story to anecdote, disparate lives collide in tantalizing ways. A

family flees religious persecution in their village to take refuge in an urban slum; women walk the tightrope of free will and dormant violence; a father and son grant each other the relief of estrangement; and young men and women struggle to comprehend the consequences of sexual attraction. Insightful, ironic, and scathingly honest, *No God in Sight* is a brilliant debut by a talented young writer.
