Includes dedicated chapters for retailers, manufacturers and wholesalers Covers the rules on superannuation, pay rates and OH&S Shows you how to market your business more effectively Guides you step-by-step through putting your business online Squash issues before they arise, pounce on opportunities the competition has missed and make your small business thrive with the help of Small Business For Dummies.

*Bookkeeping For Dummies - Australia / NZ* Veechi Curtis,Lynley Averis,2014-09-02 The bestselling guide to stress-free bookkeeping - specifically for Australia and New Zealand Do you want to save time, money, and a few grey hairs by establishing efficient bookkeeping practices? You've come to the right place! Bookkeeping For Dummies, Second Australian & New Zealand Edition, shows small business owners and bookkeepers how to record day-to-day transactions, understand GST, generate Profit & Loss reports, and so much more. Inside, you'll get to grips with bookkeeping basics, discover how to record business transactions correctly, use the latest accounting software, and find out how to manage employee payroll. You'll also get advice on allocating tricky transactions correctly. The new edition of this bestselling guide has been fully updated to include cloud accounting software, bank feeds, and automated reconciliations. You can find out about changes to BAS Agent legislation, and the latest in payroll and tax reporting obligations. New chapters include how to start your own independent bookkeeping practice, and a practical explanation of the bookkeeper's professional 'code of conduct.' Covers cloud accounting and recent changes in the accounting software landscape Includes information and resources specific to Australia and New Zealand Contains a Foreword written by Matthew Addison, Executive Director of the Institute of Certified Bookkeepers Provides lots of helpful information and tips for students studying Certificate IV in Bookkeeping or Financial Services. Do you know your assets from your equity? Or are you confused about depreciation? Whether you're a small business owner who is new to bookkeeping or a seasoned bookkeeping professional who wants to learn more about creating complex financial reports, Bookkeeping For Dummies sets you up for success.

*Exchange-Traded Funds For Dummies* Colin Davidson,Russell Wild,2011-09-26 Diversify your investments with today's fastest growing financial product Exchange-traded funds (ETFs) offer access to a range of investments in a single trade, are usually less volatile than individual stocks, cheaper than most managed funds and more tax-effective. But how do you pick the one that's right for you? This straightforward book helps you weigh up your options, build an effective portfolio and maximise your profits. Get to know the major players in Australia and New Zealand — find a broker, open an account and familiarise yourself with suppliers and indices Understand risk control and diversification — learn the importance of a diversified, lowly correlated portfolio, and how ETFs can help you achieve this Invest smartly in commodities and precious metals — tap into the returns offered by the Australian mining boom Manage small-cap, large-cap, sector and international investments — take advantage of returns in local markets and invest directly in US-listed ETFs Add bonds, REITs and other ETFs — secure consistent yields and add property to your investment portfolio Work non-ETFs into your investment mix — improve returns through careful selection of active managed funds Fund your retirement years — determine how much you need for retirement, and how ETFs can get you there Open the book and find: Advice on choosing ETFs over options, CFDs and warrants Sample portfolios Tips on revamping your portfolio based on life changes How to avoid mistakes that even experienced investors make Forecasts for the future of ETFs in Australia and New Zealand A complete listing of Australian and New Zealand ETFs Great online resources to help you invest in ETFs Learn to: Diversify your investment portfolio Lower your investment costs and reduce your tax liabilities Take advantage of Australia's mining boom by investing in commodities Invest in international markets

**Australian Property Finance Made Simple** Konrad Bobilak,2018-11-01 An essential tool for any serious property investor who is wanting to stake their claim in the 5.4 trillion dollar residential property market. Finally, an ex-banker, mortgage broker and property millionaire's 'tell-all' step-by-step blueprint, explaining how to build, structure and automate a multi-million dollar residential investment property portfolio correctly, that has the potential to replace your income for life! International author, speaker, entrepreneur and property expert Konrad Bobilak reveals all in this insightful and valuable book. You'll learn:- How to potentially save thousands of dollars in interest payments, and pay off your current 30-year principle and interest mortgage in 15 years or less without making any additional payments.- How to correctly structure your first and subsequent investment property acquisitions, and why you should never cross-collateralise your properties.- The function and importance of LVR (loan to value ratio), LOC (line of credit facilities), LMI (lenders mortgage insurance), offset accounts, and terms and conditions of loans.- How to beat the banks at their own game by understanding the exact formulas that the banks use to work out how much money you can borrow; DSR (debt servicing ratio).- 12 powerful ways to supercharge your borrowing capacity that will enable you to buy more property than you ever thought possible.- 19 crucial questions that you must know in order to choose the best mortgage broker in the industry.- 12 most common and deadly property finance mistakes and how you can avoid them. This book will boost your financial literacy and intelligence, and take your property investing to a whole new level!

Basic Income in Australia and New Zealand J. Mays,G. Marston,J. Tomlinson,2016-04-08 Basic income is an innovative, powerful egalitarian response to widening global inequalities and poverty experiences in society, one that runs counter to the neoliberal transformations of modern welfare states, social security, and labor market programs. This book is the first collective volume of its kind to ask whether a basic income offers a viable solution to the income support systems in Australia and New Zealand. Though often neglected in discussions of basic income, both countries are advanced liberal democracies dominated by neoliberal transformations of the welfare state, and therefore have great potential to advance debates on the topic. The contributors' essays and case studies explore the historical basis on which a basic income program might stand in these two countries, the ideological nuances and complexities of implementing such a policy, and ideas for future development that might allow the program to be put into practice regionally and applied internationally.

Child Poverty in New Zealand Jonathan Boston,Simon Chapple,2014-06-16 Jonathan Boston and Simon Chapple have written the definitive book on child poverty in New Zealand. Dr Russell Wills, Children’s Commissioner Between 130,000 and 285,000 New Zealand children live in poverty, depending on the measure used. These disturbing figures are widely discussed, yet often poorly understood. If New Zealand does not have ‘third world poverty’, what are these children actually experiencing? Is the real problem not poverty but simply poor parenting? How does New Zealand compare globally and what measures of poverty and hardship are most relevant here? What are the consequences of this poverty for children, their families and society? Can we afford to reduce child poverty and, if we can, how? Jonathan Boston and Simon Chapple look hard at these questions, drawing on available national and international evidence and speaking to an audience across the political spectrum. Their analysis highlights the strong and urgent case for addressing child poverty in New Zealand. Crucially, the book goes beyond illustrating the scale of this challenge, and why it must be addressed, to identifying real options for reducing child poverty. A range of practical and achievable policies is presented, alongside candid discussion of their strengths and limitations. These proposals for improving the lives of disadvantaged children deserve wide public debate and make this a vitally important book for all New Zealanders.
