**Native Americans in the Movies** Michael Hilger, 2015-10-16 This book looks at portrayals of Native Americans, from the silent and early sound films through the present, covering more than 800 films, including *The Vanishing American*, *They Died with Their Boots On*, *Cheyenne Autumn*, *Dances with Wolves*, and *The Lone Ranger* (2013). A completely revised, expanded, and reorganized edition from his 1995 book *From Savage to Nobleman* (Scarecrow), this new version features an alphabetical arrangement and includes appendixes that list the films by Native American nation, image portrayals, and chronologically. Entries are more detailed and include availability on DVD, Blu-Ray, and Amazon streaming.

**Understanding Indian Movies** Patrick Colm Hogan, 2009-06-03 Indian movies are among the most popular in the world. However, despite increased availability and study, these films remain misunderstood and underappreciated in much of the English-speaking world, in part for cultural reasons. In this book, Patrick Colm Hogan sets out through close analysis and explication of culturally particular information about Indian history, Hindu metaphysics, Islamic spirituality, Sanskrit aesthetics, and other Indian traditions to provide necessary cultural contexts for understanding Indian films. Hogan analyzes eleven important films, using them as the focus to explore the topics of plot, theme, emotion, sound, and visual style in Indian cinema. These films draw on a wide range of South Asian cultural traditions and are representative of the greater whole of Indian cinema. By learning to interpret these examples with the tools Hogan provides, the reader will be able to take these skills and apply them to other Indian films. But this study is not simply culturalist. Hogan also takes up key principles from cognitive neuroscience to illustrate that all cultures share perceptual, cognitive, and emotional elements that, when properly interpreted, can help to bridge gaps between seemingly disparate societies. Hogan locates the specificity of Indian culture in relation to human universals, and illustrates this cultural-cognitive synthesis through his detailed interpretations of these films. This book will help both scholars and general readers to better understand and appreciate Indian cinema.

**100 Bollywood Films** Rachel Dwyer, 2019-07-25 Bollywood film is the national cinema of India, describing movies made in Mumbai, distributed nationally across India and with their own production, distribution and exhibition networks worldwide. This informative screen guide reflects the work of key directors, major stars and important music directors and screenplay writers. Historically important films have been included along with certain cult movies and top box office successes. No guide to Hindi film would be complete without discussing: *Mother India*, the national epic of a peasant woman's struggle against nature and society to bring up her family; *Sholay*, a 'curry western' where the all-star cast sing and dance, romance and kill; *Dilwale Dulhania le jayenge*, the greatest of the diaspora films, in which two British Asians fall in love on a holiday in Europe before going to India where they show their elders how to incorporate love into family traditions; *Junglee*, showing how love transforms a 'savage' (junglee) who yells 'Yahoo!' before singing and dancing like Elvis, creating a new youth culture; *Pyaasa*, dramatically shot in black and white film with haunting songs as the romantic poet suffers for his art in the material world; Fans of Bollywood film can debate Rachel Dwyer's personal selection of these 101 titles while those new

to the area will find this an invaluable introduction to the best of the genre.

**India's New Independent Cinema** Ashvin Immanuel Devasundaram, 2016-06-10 This is the first-ever book on the rise of the new wave of independent Indian films that is revolutionising Indian cinema. Contemporary scholarship on Indian cinema so far has focused asymmetrically on Bollywood—India's dominant cultural export. Reversing this trend, this book provides an in-depth examination of the burgeoning independent Indian film sector. It locates the new 'Indies' as a glocal hybrid film form—global in aesthetic and local in content. They critically engage with a diverse socio-political spectrum of 'state of the nation' stories; from farmer suicides, disenfranchised urban youth and migrant workers to monks turned anti-corporation animal rights agitators. This book provides comprehensive analyses of definitive Indie new wave films including *Peepli Live* (2010), *Dhobi Ghat* (2010), *The Lunchbox* (2013) and *Ship of Theseus* (2013). It explores how subversive Indies, such as polemical postmodern rap-musical *Gandu* (2010) transgress conventional notions of 'traditional Indian values', and collide with state censorship regulations. This timely and pioneering analysis shows how the new Indies have emerged from a middle space between India's globalising present and traditional past. This book draws on in-depth interviews with directors, actors, academics and members of the Indian censor board, and is essential reading for anyone seeking an insight into a current Indian film phenomenon that could chart the future of Indian cinema.

*Indian Indies* Ashvin Immanuel Devasundaram, 2022-02-10 This book offers a concise and cutting-edge repository of essential information on new independent Indian films, which have orchestrated a recent renaissance in the Bollywood-dominated Indian cinema sphere. Spotlighting a specific timeline, from the Indies' consolidated emergence in 2010 across a decade of their development, the book takes note of recent transformations in the Indian political, economic, cultural and social matrix and the concurrent release of unflinchingly interrogative and radically evocative films that traverse LGBTQ+ issues, female empowerment, caste discrimination, populist politics and religious violence. A combination of essential Indie-specific information and concise case studies makes this a must-have quick guide to the future torchbearers of Indian cinema for scholars, students, early career researchers and a global audience interested in intersecting aspects of cinema, culture, politics and society in contemporary India.

**Indian Movie Entrepreneurship** Rajeev Kamineni, Ruth Rentschler, 2020-05-13 One of the world's most prolific creative industries, the Indian movie industry has received scant attention for its spirit of enterprise. *Indian Movie Entrepreneurship* addresses this omission. For many readers, it might come as a surprise that the Indian movie industry is not just Bollywood and that it has several regional clusters, which are just as vibrant, with a significant output. The authors begin by outlining the contours of Indian cinema and the different regional language hubs that form part of the larger picture. The reader is then offered a glimpse into the actual process of making a film from day zero to release day. The key players in the Indian movie ecosystem are analysed, with the central role of the producer highlighted. Concluding with a look into the future of the entrepreneurial process in the Indian movie industry, the authors illuminate the shifting parameters of distribution and exhibition. Appealing to those interested in

understanding the entrepreneurial journey of the Indian movie industry, the book provides a sneak peek into the business landscape of India more broadly.

*Conjugations* Sangita Gopal, 2012-01-26 Bollywood movies have been long known for their colorful song-and-dance numbers and knack for combining drama, comedy, action-adventure, and music. But when India entered the global marketplace in the early 1990s, its film industry transformed radically. Production and distribution of films became regulated, advertising and marketing created a largely middle-class audience, and films began to fit into genres like science fiction and horror. In this bold study of what she names New Bollywood, Sangita Gopal contends that the key to understanding these changes is to analyze films' evolving treatment of romantic relationships. Gopal argues that the form of the conjugal duo in movies reflects other social forces in India's new consumerist and global society. She takes a daring look at recent Hindi films and movie trends—the decline of song-and-dance sequences, the upgraded status of the horror genre, and the rise of the multiplex and multi-plot—to demonstrate how these relationships exemplify different formulas of contemporary living. A provocative account of how cultural artifacts can embody globalization's effects on intimate life, *Conjugations* will shake up the study of Hindi film.

**The Politics of Hindi Cinema in the New Millennium** M. K. Raghavendra, 2014 Bringing out the transformation of the mainstream Hindi film after it became 'Bollywood', this book charts out a new direction in scholarship on Indian cinema. It is devoted to analyses of important Hindi films in the new millennium and focuses on overt and covert political discourse and the detection of tendencies identifiable with India's transformation in the global age. Popular culture is taken to be transparent, but the mainstream film has political implications which are far from obvious.

**The Newtonian Quest** Deepak Vidyarthi, 2017-05-29 Ever wondered how the great laws of Physics were discovered? Well, not all of them originated inside a four-walled lab. Some of the discoveries had more to them - a fight, a war or an epic tale of adventure. Yes! Newton, a genius scientist, must travel in time to discover the most important laws of Physics, and while doing so, he must also learn how to fight an army of villains hell-bent on the destruction of the universe, befriend some other legendary scientists, encounter strange life forms, which he considered as a figment of his imagination and meet God—totally changing his take on life and spirituality. This is an untold story of how a mere human transformed into the legend that he was. Find out how Newton unravels not only the most famous laws of physics but also some thought-provoking truths of life, the mysticism of death and paradoxes of humanity.

Covering the full range of Indian film, this new revised edition of the Encyclopedia of Indian Cinema includes vastly expanded coverage of mainstream productions from the 1970s to the 1990s and, for the first time, a comprehensive name index. *Native American Movie Actors* E. Dennis King, 2023-05-23 About the Book  
Native American Movie Actors honors those courageously infamous, brave unsung Native Americans who reenacted in films and emphasizes their plight to preserve the sacred land of their inheritance while displaying the beauty and grandeur of their homeland. Many Hollywood Western movies used hundreds of local Native American people to create box-office hits. Yet the faces of these Native Americans, their riding skills, and "War Cries," that contributed to their success never received the proper credit they deserved. E. Dennis King reviews the history of filmmaking with Native American actors as well as the beginning of Western moviemaking in Utah. Through an in-depth look at the history and struggle of the Native American actors, he brings to life the immense talent of their work and the beautiful landscape of their homeland.

*Stardom in Contemporary Hindi Cinema* Aysha Iqbal Viswamohan, Clare M. Wilkinson, 2020-01-03 In this book, film scholars, anthropologists, and critics discuss star-making in the contemporary Hindi-language film industry in India, also known as "Bollywood." Drawing on theories of stardom, globalization, transnationalism, gender, and new media studies, the chapters explore contemporary Hindi film celebrity. With the rise of social media and India's increased engagement in the global economy, Hindi film stars are forging their identities not just through their on-screen images and magazine and advertising appearances, but also through an array of media platforms, product endorsements, setting fashion trends, and involvement in social causes. Focusing on some of the best-known Indian stars since the late 1990s, the book discusses the multiplying avenues for forging a star identity, the strategies industry outsiders adopt to become stars, and the contradictions and conflicts that such star-making produces. It addresses questions such as: What traits of contemporary stars have contributed most to longevity and success in the industry? How has filmmaking technology and practice altered the nature of stardom? How has the manufacture of celebrity altered with the recent appearance of commodity culture in India and the rise of a hyper-connected global economy? By doing so, it describes a distinct moment in India and in the world in which stars and stardom are drawn more closely than ever into the vital events of global culture. Hindi films and their stars are part of the national and global entertainment circuits that are bigger and more competitive than ever. As such, this is a timely book creates opportunities for examining stardom in other industries and provides fruitful cross-cultural perspectives on star identities today. Grounded in rigorous scholarship as well as a palpable love of Hindi cinema, this collection of 19 essays on a dizzying array of contemporary Hindi film stars makes for an informative, thought-provoking, illuminating, and most of all, a joyful read. Pushing boundaries of not only global Star Studies but also film theory as a whole, this de-colonised and de-colonising volume is a must read for film scholars, students and cinephiles! Dr. Sunny Singh, Senior Lecturer - Creative Writing and English Literature, Sir John Cass School of Art, Architecture & Design, London Metropolitan University "A wide-ranging overview of Hindi cinema's filmi firmament today, focussing on its most intriguing and brightest-burning stars. The variety of approaches to stardom and celebrity by both established and upcoming scholars reveals a web of interconnecting stories and concerns that provide fascinating new insights into the workings of today's Hindi film industry, while shining fresh light

on contemporary India and the world we live in.” Professor Rosie Thomas, Centre for Research and Education in Arts and Media (CREAM), College of Design, Creative and Digital Industries, University of Westminster

Twenty-First Century Bollywood Ajay Gehlawat, 2015-05-08 Key changes have emerged in Bollywood in the new millennium. *Twenty-First Century Bollywood* traces the emerging shifts in both the content and form of Bollywood cinema and examines these new tendencies in relation to the changing dynamics of Indian culture. The book historically situates these emerging trends in relation to previous norms, and develops new, innovative paradigms for conceptualizing Bollywood in the twenty-first century. The particular shifts in contemporary Bollywood cinema that the book examines include the changing nature of the song and dance sequence, the evolving representations of male and female sexuality, and the increasing presence of whiteness as a dominant trope in Bollywood cinema. It also focuses on the increasing presence of Bollywood in higher education courses in the West, as well as how Bollywood's growing presence in such academic contexts illuminates the changing ways in which this cinema is consumed by Western audiences. Shifting the focus back on the cinematic elements of contemporary films themselves, the book analyses Bollywood films by considering the film dynamics on their own terms, and related to their narrative and aesthetic usage, rather than through an analysis of large-scale industrial practices. It will be of interest to students and scholars of South Asian Studies, Film Studies, and Cultural Studies.

The Desai Trio and the Movie Industry of India Nilu N. Gavankar, 2011 This book explores the careers of three creative men whose artistic and technical work was essential to the success of leading films of the day in India. It tells the moving stories of three family members: Vasant Desai (1912 - 1975); Sadanand Desai (1916 - 1985); and Mangesh Desai (1923 - 1985). In addition to documenting the historic contributions of the Desai Trio to the Indian film industry, Nilu Gavankar provides details about their professional lives that highlight their multifaceted talents. The personal approach of this book makes two especially significant contributions to the historical understanding of the history of North Indian film. First, it describes the contributions of three immensely important participants in the film industry. Second, it presents background information that sheds light on the conditions that facilitated the extraordinary upsurge of creative productivity among Indian filmmakers in the mid twentieth century. By Prof. Michael H. Hoffheimer University of Mississippi School of Law Oxford, Mississippi, USA

Making the White Man's Indian Angela Aleiss, 2005-05-30 The image in Hollywood movies of savage Indians attacking white settlers represents only one side of a very complicated picture. In fact sympathetic portrayals of Native Americans stood alongside those of hostile Indians in the silent films of D. W. Griffith and Cecil B. DeMille, and flourished during the early 1930s with Hollywood's cycle of pro-Indian adventures. Decades later, the stereotype became even more complicated, as films depicted the savagery of whites (*The Searchers*) in contrast to the more peaceful Indian (*Broken Arrow*). By 1990 the release of *Dances with Wolves* appeared to have recycled the romantic and savage portrayals embedded in early cinema. In this new study, author Angela Aleiss traces the history of Native Americans on the silver screen, and breaks new ground by drawing on primary sources such as studio correspondence, script treatments, trade newspapers, industry

censorship files, and filmmakers' interviews to reveal how and why Hollywood created its Indian characters. Behind-the-scenes anecdotes of filmmakers and Native Americans, as well as rare archival photographs, supplement the discussion, which often shows a stark contrast between depiction and reality. The book traces chronologically the development of the Native American's screen image while also examining many forgotten or lost Western films. Each chapter will feature black and white stills from the films discussed.

**Bollywood and its Other(s)** V. Kishore,A. Sarwal,P. Patra,2016-01-26 How do we define the globalized cinema and media cultures of Bollywood in an age when it has become part of the cultural diplomacy of an emerging superpower? *Bollywood and Its Other(s)* explores the aesthetic-philosophical questions of the other through, for example, discussions on Indian diaspora's negotiations with national identity.

**Bollywood and Postmodernism** Neelam Sidhar Wright,2015-06-24 'New Bollywood' has arrived, but its postmodern impulse often leaves film scholars reluctant to theorise its aesthetics. How do we define the style of a contemporary Bollywood film? Are Bollywood films just uninspired Hollywood rip-offs, or does their borrowing signal genuine innovation within the industry?Applying postmodern concepts and locating postmodern motifs in key commercial Hindi films, this innovative study reveals how Indian cinema has changed in the 21st century. Equipping readers with an alternative method of reading contemporary Indian cinema, *Bollywood and Postmodernism* takes Indian film studies beyond the exhausted theme of diaspora, and exposes a new decade of aesthetic experimentation and textual appropriation in mainstream Bombay cinema. A bold celebration of contemporary Bollywood texts, this book radically redefines Indian film and persuasively argues for its seriousness as a field of study in world cinema.
