**Mol Mama** Diana M. Silva,2017-04-27 In this heartfelt love story, Diana shares the intimate journey of her mother's final thirteen months. She cooks her mother's heirloom Mexican recipes every weekend while Rose presides from her nearby hospice bed and completes taste tests to ensure that Diana has perfected her favorite dishes. Rose also uses this precious time to help

Diana understand the secrets to a good life: forgiveness, love, faith, and gratitude for every moment. Diana hopes that her story will inspire you to be courageous, present, authentic and vulnerable during your farewell journeys. The book includes some of Rose's most cherished recipes, Chicken mole, Spanish rice, chili beans, enchiladas, guacamole and others. Diana was just nine years old and when her culinary training began. Rose was making her legendary flour tortillas, and Diana's big job was to mix the masa. Rose expertly poured water, flour, salt and a little baking powder in the bowl and Diana eagerly put her small hands in the bowl and tried to follow her mother's patient instructions on how to mix it. Diana loved the way the sticky dough felt in her little fingers. She was so very proud and excited to help her mama. Diana didn't understand the road she had embarked on that afternoon and the joy she'd experience cooking with her mother for more than 20 years. But none of these multi-generational recipes had been written down, nor could Diana make them without help from her mother. And thus the urgency for this final training from her master chef, Rose. Her recipes needed to be perfected for future generations to enjoy. About the author Diana Silva is a San Francisco-based home chef, video blogger and radio host. Her Mole Mama Recipes YouTube channel celebrates family recipes, cooking delicious meals at home and adding love to every recipe. Diving into her Latina roots, she uses her magical molcajete, and other tools and techniques that make her food taste like grandma used to make back in Mexico. Along with her guest chefs,

Diana explores recipes and traditions from all over the world and the stories that keep them alive. Diana is calling everyone to return to their kitchens and to preserve their living and passed ancestor's favorite recipes and stories for future generations. We need to try to preserve our cultures and not just let those favorite recipes disappear forever. The common thread of every cherished family recipe is that they were homemade with love, and that's the real secret ingredient, says Diana. For many home chefs, cooking is their preferred love language, and that's why we cherish their recipes. Their love has the power to transcend an ordinary recipe into magic! Diana encourages everyone to preserve those precious recipes and the stories that make them special. She invites those whose recipes have been lost or have faded over time to subscribe to her YouTube channel, there are plenty of recipes and traditions to share, and you just might be inspired to create your own because, Every Recipe Tells a Story. Many of the recipes in this book are on her YouTube channel.

**Mama Beck's Recession Proof Cooking** Becky Handsaker, 2009-11-19 Growing up in the midwest, there were many times when our meals consisted of what wild game my pa brought home and ground beef. Which meant my mom had to become

creative in preparing our meals. After all Ground beef can get pretty boring and we had be to careful with our budget. Much like many of us are doing again. This collection of recipes, partially come from my childhood and part from having to get creative in order to get my son to eat. All the recipes are quick, easy and most are inexpensive to make but they all look and taste like a million dollars. There are things listed in my book that are included to make life a little easier. My son is disabled and when he was younger, I needed simple and easy. These non traditional recipes are for pampering and some are just suggestions to help save money around the house. One example is to take a piece of fruit cut it into sections and serve it with dinner. This adds color to the plate making it more appealing to the eye and is giving our bodies nutrition as well as it helps make a bag of fruit last a little longer. Like said it is not that I have reinvented the wheel, I just have some ideas that help keep my budget under control and ensure that my family ends up with full tummies, a clean house and yes a little pampering.

**Cook'n Like Mama** Virgil Dixon,2005-07-01 Have you ever longed for that home cooked meal that Mama used to make? Or have you ever said, if I could only remember how Mama used to bake those cakes or pies? Well now you can, through this book. Cook'n like Mama is easy if you follow the recipes and instructions in this book. It contains two generations of recipes acquired directly from my Mama who got some of them from her Mama, my Grandmother. These recipes are written just as they would have been years ago with the ingredients of their time. Translating such phrases as Oleo, sweet milk, dabs, and pinches and to taste into actual measurements and understandable products of today has been a monumental task. And yes, of course, Mama being the good cook that she was, always left out an item or two so that her recipe could not be duplicated. There is a story in the introduction of this book which tells of someone who actually attempted to do just that. Many times I have been speaking with my mama about cooking an item in this book and she has said, you need to add another ingredient, that she did not have written in her recipe book. She would always say in a matter of fact way, Well you

have to have X Y and Z or it won't taste right. It has taken years, but I have finally acquired all of the missing ingredients and secrets, and I am sharing them with you. This book contains recipes that range from 25 different cakes including Red Velvet Cake; pies, gumbo from scratch; and luscious crab dips. I have attempted to make it as user friendly as possible by giving you simple step by step instructions and measurements with each recipe. Mama is much older now, and her health is failing, but her hope and desire is that the world will continue her legacy of cooking by preparing the recipes in this book.
