How to Prevent the Next Pandemic Bill Gates,2022-05-03 Governments, businesses, and individuals around the world are thinking about what happens after the COVID-19 pandemic. Can we hope to not only ward off another COVID-like disaster but also eliminate all respiratory diseases, including the flu? Bill Gates, one of our greatest and most effective thinkers and activists, believes the answer is yes. The author of the #1 New York Times best seller *How to Avoid a Climate Disaster* lays out clearly and convincingly what the world should have learned from COVID-19 and what all of us can do to ward off another catastrophe like it. Relying on the shared knowledge of the world's foremost experts and on his own experience of combating fatal diseases through the Gates Foundation, Gates first helps us understand the science of infectious diseases. Then he shows us how the nations of the world, working in conjunction with one another and with the private sector, how we can prevent a new pandemic from killing millions of people and devastating the global economy. Here is a clarion call—strong, comprehensive, and of the gravest importance.

The Sound Inside Adam Rapp,2020-03-10 “The closest thing that the American theater currently has to a David Foster Wallace, Rapp can give you the head rush of sophisticated literary allusion and unreliable narrative trickery à la Dostoevsky, and yet talk of Plano, Illinois, and let you know that he knows exactly how it feels...A gripping stunner of a play.” —Chris Jones, *Chicago Tribune* When Bella Baird, an isolated creative writing professor at Yale, begins to mentor a brilliant but enigmatic student, Christopher, the two form an unexpectedly intense bond. As their lives and the stories they tell about themselves become intertwined in unpredictable ways, Bella makes a surprising request of Christopher. Brimming with suspense, Rapp's riveting play explores the limits of what one person can ask of another.

Transfer of Power Vince Flynn,2011-07-07 On a busy Washington morning, amid the shuffle of tourists and the brisk rush of government officials, the stately calm of the White House is shattered in a hail of gunfire. A group of terrorists has descended on the Executive Mansion, and gained access by means of a violent massacre that has left dozens of innocent bystanders murdered. The president is evacuated to his underground bunker - but not before almost one hundred hostages are taken. While the politicians and the military leaders argue over how to negotiate with the terrorists, one man is sent to break through the barrage of panicked responses and political agendas surrounding the crisis. Mitch Rapp, the CIA's top counterterrorism agent, makes his way into the White House and soon discovers that the president is not as safe as Washington's power elite had thought. And, in a race against time, he makes a chilling discovery that could determine the fate of America - and realizes that the terrorist attack is only the beginning of a master scheme to undermine an entire nation. Look out for the new Vince Flynn novel, *The Survivor*, published in autumn 2015!

Inner Engineering Sadhguru,2016-09-20 NEW YORK TIMES BESTSELLER • Thought leader, visionary, philanthropist, mystic, and yogi Sadhguru presents Western readers with a time-tested path to achieving absolute well-being: the classical science of yoga. “A loving invitation to live our best lives and a profound reassurance of why and how we can.”—Sir Ken Robinson, author of *The Element*, *Finding Your Element*, and *Out of Our Minds: Learning to Be Creative* NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY SPIRITUALITY & HEALTH The practice of hatha yoga, as we commonly know it, is but one of eight branches of the body of knowledge that is yoga. In fact, yoga is a sophisticated system of self-empowerment that is capable of harnessing and activating inner energies in such a way that your body and mind function at their optimal capacity. It is a means to create inner situations exactly the way you want them, turning you into the architect of your own joy. A yogi lives life in this expansive state, and in this transformative book Sadhguru tells the story of his own awakening, from a boy with an unusual affinity for the natural world to a young

daredevil who crossed the Indian continent on his motorcycle. He relates the moment of his enlightenment on a mountaintop in southern India, where time stood still and he emerged radically changed. Today, as the founder of Isha, an organization devoted to humanitarian causes, he lights the path for millions. The term guru, he notes, means “dispeller of darkness, someone who opens the door for you. . . . As a guru, I have no doctrine to teach, no philosophy to impart, no belief to propagate. And that is because the only solution for all the ills that plague humanity is self-transformation. Self-transformation means that nothing of the old remains. It is a dimensional shift in the way you perceive and experience life.” The wisdom distilled in this accessible, profound, and engaging book offers readers time-tested tools that are fresh, alive, and radiantly new. Inner Engineering presents a revolutionary way of thinking about our agency and our humanity and the opportunity to achieve nothing less than a life of joy.

Vaster Than Sky, Greater Than Space Mooji,2018-07-05 In ever-growing gatherings worldwide, the revered teacher Mooji has opened the eyes of thousands through his rare ability to shine light on the ineffable with uncommon clarity, humour and warmth. Now, in Vaster Than Sky, Greater Than Space, Mooji invites and inspires readers everywhere to discover the true essence from which we all arise. Throughout the book he addresses various questions that come up for seekers, such as: How do I find peace, joy, love and happiness? Is it really possible for an ordinary person with a job and family to attain enlightenment? Are intimate relationships a help or a hindrance to awakening? I don't believe in God, and I don't consider myself a devotional type of person, but the word Truth resonates with me - are your teachings relevant to me? You use the phrase 'timeless presence'. What does it mean? How can anything be timeless? How does one transcend personal conditioning and suppressed emotions, and so come to lasting freedom? If we are essentially free, why does it seem so difficult and distant, so remote or rare to realise the Truth? Through our own earnest search for truth, Mooji helps us arrive at the answers, not by offering concepts but by leading us back to our hidden yet inherent knowing.

The Way of the Father Michael W. Smith,2021-05-18 GRAMMY Award winner Michael W. Smith's The Way of the Father offers a deeply personal reflection on his father Paul Smith's legacy and its profound effect on every area of his life. Through the life and lens of his earthly dad, the multi-platinum selling Christian artist gives glimpses of a Father in Heaven that anyone can approach and experience. Michael W. Smith, multi-platinum artist, celebrated songwriter, producer, best-selling author, and acclaimed actor, himself a father of five adult children and grandfather of sixteen, calls upon his humble experiences of growing up in a small West Virginia town to share his father's story. Each chapter identifies a quality and characteristic of his dad that came out of an

obedient and sacrificial life, committed to serving his Abba Father, including: Finding truth in tragedy Loving unconditionally Persevering through pain Bringing righteousness to the world Influencing and inspiring generations Discovering identity and approval in Christ Paul Smith was a familiar face in the crowd at Michael W. Smith’s concerts over the years. A kind and joyful man who would sing, dance, and worship to the singer’s countless number one hits, with his countenance beaming brighter than the spotlights on the stage, Paul would often introduce himself to those nearby and talk about how proud he was of his son. From the artist’s early days as a struggling musician in Nashville to his death in 2015 (the year his son’s album sales surpassed 15 million), Paul was always Michael’s biggest fan. Michael shares how his dad inspired and encouraged him using biblical principles and virtues. Now, Michael passes on these same truths through stories, testimonies, origins of songs, and personal insights from his family life and thirty-five plus years of touring as a Christian artist. He hopes that by sharing his father’s legacy, readers will come to find that no matter who our earthly parents have been in our lives, our Abba Father will never fail us. The Way of the Father will likewise challenge readers in their faith journeys so they will one day hear, “Well done, good and faithful servant. You have fought the good fight, run the race, and have been found faithful”—just like Paul Smith heard on the day he was called home to be with his Father.
