They say you shouldn't ask your mom whether your business is a good idea, because she loves you and will lie to you. This is technically true, but it misses the point. You shouldn't ask anyone if your business is a good idea. It's a bad question and everyone will lie to you at least a little . As a matter of fact, it's not their responsibility to tell you the truth. It's your responsibility to find it and it's worth doing right . Talking to customers is one of the foundational skills of both Customer Development and Lean Startup. We all know we're supposed to do it, but nobody seems willing to admit that it's easy to screw up and hard to do right. This book is going to show you how customer conversations go wrong and how you can do better.

Against the Written Word Ian F. Svenonius, 2023-01-03 If the Gutenberg Bible is the alpha, Against the Written Word is the omega Against the Written Word is the most important, most revolutionary book produced since the advent of the printing press; the book that will liberate readers from reading, writers from writing, and booksellers from peddling their despicable wares. This book ushers in a new era of freedom from reading and all its attendant bedfellows such as Enlightenment thinking and the mass alienation wrought by the phonetic alphabet. Against the Written Word will be a tremendous best seller and simultaneously the last book that anyone will read. With nineteen essays ripping, shredding, tearing apart all the bugaboos that haunt humanity nowadays, Against the Written Word is a must-read for any aspiring radical or would-be gnostic who has a penchant for words, thought, clothes, intoxicants, music, art, expression, etc. The work is presented in a range of writing: essays, screenplays, lectures, sci-fi stories, and manifestos, with topics that include “the rise of incorporated man,” “tourism as the neoliberal mode of military occupation,” a workshop on songwriting for the purpose of suggestion and mind control, and many more. This handsome, illustrated book will correct the paucity of thought that characterizes the modern bookstore, and will practically sell itself. It will call out from the shelf to ingratiate itself to the unsuspecting everyday book browser, who will be hooked and then hungrily consume it. Infected with a wild-eyed evangelism, they will then proliferate it amongst their friends and acquaintances. These new readers will disseminate it, and so on; soon this slim, innocuous volume will define an epoch and steer thought

from here on out. The bookseller will be surprised and pleased to find that it will be the only book they need to stock. Against the Written Word will be dominant in a manner the market has not seen since the Bible tore up best-seller lists in the Middle Ages or Mao's Little Red Book wowed the critics in Red China.
