Philo of Alexandria and Greek Myth Francesca Alesse, Ludovica De Luca, 2019 In Philo of Alexandria and Greek Myth: Narratives, Allegories, and Arguments, a fresh and more complete image of Philo of Alexandria as a careful reader, interpreter, and critic of Greek literature is offered. Greek mythology plays a significant role in Philo of Alexandria's exegetical oeuvre. Philo explicitly adopts or subtly evokes narratives, episodes and figures from Greek mythology as symbols whose didactic function we need to unravel, exactly as the hidden teaching of Moses' narration has to be revealed by interpreters of Bible. By analyzing specific mythologems and narrative cycles, the contributions to this volume pave the way to a better understanding of Philo's different attitudes towards literary and philosophical mythology.

A Grammar of the Ugaritic Language Daniel Sivan, 2001-07-19 Ugaritic, discovered in 1929, is a North-West Semitic language, documented on clay tablets (about 1250 texts) and dated from the period between the 14th and the 12th centuries B.C.E. The documents are of various types: literary, administrative, lexicological. Numerous Ugaritic tablets contain portions of a poetic cycle pertaining to the Ugaritic pantheon. Another part, the administrative documents shed light on the organization of Ugarit, thus contributing greatly to our understanding of the history and culture of the biblical and North-West Semitic world. This important reference work, a revised and translated edition of the author's Hebrew publication (Beer Sheva, 1993), deals with the phonology, morphology and syntax of Ugaritic. The book contains also an appendix with text selections.

The Popes, the Catholic Church and the Transatlantic Enslavement of Black Africans 1418-1839 Pius Onyemechi Adiele, 2017-09-01 Mehr als 400 Jahre lang erlitten schwarzafrikanische Männer, Frauen und Kinder während des transatlantischen Sklavenhandels schlimmste Formen der Versklavung und Erniedrigung durch Katholiken und das westliche Christentum. Damals wie heute glaubte niemand an die tiefe Verwicklung der Kirche und des Papsttums in den schwarzafrikanischen Holocaust. Trotz jüngster Behauptungen des päpstlichen Officiums in Rom, wonach die Päpste jegliche Form von Sklaverei verurteilten, so auch im Falle der Versklavung von Schwarzafrikanern, verweisen neuere Studien innerhalb dieses Forschungsfeldes auf das Gegenteil. Die Kirche und die Päpste nahmen vielmehr zentrale Rollen in diesem schlimmsten Verbrechen gegen die Schwarzafrikaner seit Beginn der schriftlichen Dokumentation ein. Mithilfe zahlreicher päpstlicher Bullen aus den Geheimarchiven des Vatikans und einer Vielzahl an königlichen Dokumenten aus dem portugiesischen Nationalarchiv in Lissabon, strebt der vorliegende Band eine kritische und analytische Untersuchung dieses Aspekts des transatlantischen Sklavenhandels an, der über so viele Jahre von den westlichen Historikern und Gelehrten verschleiert wurde. For over 400 years, Black African men, women and children suffered the worst type of enslavement and humiliation from the hands of Catholics and other Western Christians during the transatlantic slave trade. Before now, no one could ever believe that the Popes of the Church were deeply involved in this Holocaust against Black African people. Despite the claims made by the hallowed papal office in Rome in recent years that the Popes condemned the enslavement of peoples wherever it existed including that of Black Africans, recent researches in these fields of study have proved the contrary to be true. The Church and her Popes were rather among the major "role players" in this worst crime against Black Africans in recorded history. With the help of a considerable number of papal Bulls from the Vatican Secret Archives and a great amount of Royal documents from the Portuguese National Archives in Lisbon, the present book is aiming to undertake a critical and analytical inquiry of this aspect of the

transatlantic slavery that has been kept in the dark for so many years by the Western historians and scholars. The results of this studious but fruitful academic inquiry are laid bare in this notable work of the 21st century. Pius Onyemechi Adiele is a Catholic priest of Ahiara Diocese Mbaise and an alumnus of Seat of Wisdom Seminary Owerri and Bigard Memorial Seminary Enugu in Nigeria. He obtained his licentiate in Theology from the famous University of Münster and his doctoral degree in Church History from the renowned University of Tübingen in Germany. At present, he is a research fellow in the areas of African Church History and Enslavement of peoples as well as the pastor in charge of the merged parishes of Lauchheim, Westhausen, Lippach, Röttingen and Hülen in Germany.

Colour Terms in the Old Testament Athalya Brenner-Idan, 1983-02-01 The OT semantic field of 'colour' is presented as a coherent, interdependent, and graded linguistic structure. The relevant lexical items are organized under the following categories: primary (basic) terms; secondary and tertiary terms; terms for pigments, dyes, painting and paints; and terms for stains, speckles, and other phenomena related to colour. Proper names, and names of objects which carry 'colour' associations are discussed as well. Many OT texts are discussed in detail. Finally, the OT colour field is compared to its Mishnaic Hebrew counterpart, and an Appendix dealing with the renewal of the same lexical sector within modern spoken Hebrew brings the study up to the present.

Women and the Colonial State Elsbeth Locher-Scholten, 2000 *Woman and the Colonial State* deals with the ambiguous relationship between women of both the European and the Indonesian population and the colonial state in the former Netherlands Indies in the first half of the twentieth century. Based on new data from a variety of sources: colonial archives, journals, household manuals, children's literature, and press surveys, it analyses the women-state relationship by presenting five empirical studies on subjects, in which women figured prominently at the time: Indonesian labour, Indonesian servants in colonial homes, Dutch colonial fashion and food, the feminist struggle for the vote and the intense debate about monogamy of and by women at the end of the 1930s. An introductory essay combines the outcomes of the case studies and relates those to debates about Orientalism, the construction of whiteness, and to questions of modernity and the colonial state formation.

Eschatology and the Covenant Bruce Longenecker, 2015-01-29 This extensive and detailed analysis compares Paul with the author of 4 Ezra against the background of Sanders's portrayal of early Judaism. 4 Ezra and Paul would seem to have one significant point in common: their common displacement from the covenantal 'pattern of religion' which was so prevalent in Early Judaism. It is from this perspective that Longenecker undertakes his comparison.

The Preacher's Portrait John R. W. Stott, 1961 Stott takes a fresh look at some of the words used in the New Testament to describe the preacher and his task in order to gain a clearer view of God's revealed ideal for the preacher-what he is and how he is to do his work.

Indigenous Language Revitalization Jon Allan Reyhner, Louise Lockard, 2009 This 2009 book includes papers on the challenges faced by linguists working in Indigenous communities, Maori and Hawaiian revitalization efforts, the use of technology in language

revitalization, and Indigenous language assessment. Of particular interest are Darrell Kipp's introductory essay on the challenges faced starting and maintaining a small immersion school and Margaret Noori's description of the satisfaction garnered from raising her children as speakers of her Anishinaabemowin language. Dr. Christine Sims writes in her American Indian Quarterly review that it covers a broad variety of topics and information that will be of interest to practitioners, researchers, and advocates of Indigenous languages. Includes three chapters on the Maori language: Changing Pronunciation of the Maori Language - Implications for Revitalization; Language is Life - The Worldview of Second Language Speakers of Maori; Reo o te Kainga (Language of the Home) - A Ngai Te Rangi Language Regeneration Project.

Lamprophyres N. M. S. Rock, 2013-11-11 Following their recognition by GÜmbel (1874), lamprophyres were treated for an entire century as little more than obscure curiosities. Although this situation has changed recently, with a flowering of publications and active workers, lamprophyres remain almost the only group of igneous rocks which have not yet received attention in a dedicated monograph. In five exploratory reviews (1977-1987), the writer aimed to set out what was known about these rocks. The IUGS Subcommission on igneous rock systematics had meanwhile presented its nomenclatural framework (Streckeisen 1979). All this has now been overtaken by a recent explosion of interest, epitomized not least by lamprophyres' greater prominence in the 4th International Kimberlite Conference Proceedings. More data have become available since 1985 than over the entire previous century, and it is obviously impossible for such an extraordinary outpouring to be fully reviewed in this first, preliminary book. At the risk of dissatisfying some readers, therefore, this book concentrates on factual matters, and on a broad overview rather than minutiae. Because not even a world map of known lamprophyres was previously available, almost half the book is deliberately taken up by the first global lamprophyre compilation, and its commensurately extensive Bibliography. Such a compendium of largely objective information is believed to be of more immediate interest and lasting value than a premature pottage of petrogenetic polemic. Chapters 1-7 bring previous studies up to date, and concentrate on factual information.

The Popes and Slavery Joel S. Panzer, 1996 This book reveals how the Church has in the past and still does speak up decisively to halt the infamous trade in human flesh.

The Cathars Malcolm Barber, 2014-06-17 The Cathars are one of the most famous heretical movements of the late twelfth and early thirteenth centuries. They infiltrated the highest ranks of society and posed a major threat not only to the Catholic Church but also to secular authorities as well. The movement was finally smashed by the crusade and the inquisitional proceedings that followed. This new study is the first comprehensive history of the Cathars. It addresses major topics in medieval history including heresy, orthodoxy and the Crusades as well as providing a history of the social and political history of Languedoc and the rise of the Capetian dynasty. A fascinating study of the development of radical religious belief and its violent suppression.

Goering Cross Examined Jacqueline George, 2014-07-13 When Field Marshall Hermann Goering, Deputy Führer and commander of the Luftwaffe, appeared before the Nuremberg Tribunal in 1946 to answer for his crimes, the world was watching. Much of Europe had directly suffered through the war that he and the Nazi system had brought to the continent, and now he would have to answer for his crimes. On the other hand, Germany was full of Nazis who had been defeated but did not feel any part of the guilt for those terrible events. Would Goering be able to stand up for them, and give them hope for the future? Goering proved to be intelligent and

resourceful, a natural leader who dominated the other defendants at the trial and showed no self-doubt at all. The evidence he gave on his own behalf made the unthinkable seem reasonable, the normal reaction of a government and country under threat from outside forces. He denied all knowledge of war crimes, and the crimes against humanity that were now being uncovered. Only cross-examination by American and British prosecutors could force him to admit his complicity, but Goering was far too clever to be pinned down easily. Here, in the actual words spoken by the three adversaries, is the story of the American prosecutor Supreme Court Justice Robert Jackson and his British colleague Sir David Maxwell-Fyfe fighting to bring the true story of Goering's crimes into the light. Using complete court transcripts, with commentaries on each session, this book allows the reader to follow the battle day by day. All three men, and especially Goering, jump from the pages in the words they used seventy years ago. This is Goering from a different angle, seen not through his deeds but as you might see him at a town hall meeting. He is talkative and charismatic, even when on trial for his life and with the ruins of the Third Reich around him. His trial is followed through to the end, and the book has an Epilogue from his fellow defendant Albert Speer. This very readable book brings together the many strands of the Goering war crimes trial in a way that allows the interested but legally challenged reader to appreciate the hubris and depravity of the Reich's Deputy Führer. The reader is left with the impression that Goering, throughout his trial, believed in the righteousness of the Nazi Cause and was surprised and disappointed in the final outcome. Goering's testimony to the Tribunal is both chilling and a fitting final testimony to the Nazi era.

Jewish Traditions in Early Christian Literature, Volume 1 Paul and the Jewish Law Peter Tomson, 1990-01-01 While interest in Paul's relationship to Judaism has been growing recently, this study adds an important aspect by comparing Paul's practical instruction with the ancient halakha or Jewish traditional law. First Corinthians is found to be a source of prime importance, and surprisingly, halakha appears to be basic to Paul's instruction for non-Jewish Christians. The book includes thorough discussion of hermeneutic and methodological implications, always viewed in relation to the history of Pauline and Judaic study. Attention is also being paid to the setting within Hellenistic culture. Finally, conclusions are drawn about the texture of Paul's thought and these are applied to two 'theological' passages decisive for his place in Judaism. Historical and theological implications are vast, both regarding Paul's relationship to Judaism, his attitude towards Jesus and his Apostles, and the meaning of his teaching concerning justification and the Law.
