Terms & Conditions R.,2021-04-22 Master satirist tackles the contract everyone agrees to but no one reads For his newest project, R. Sikoryak tackles the monstrously and infamously dense legal document, iTunes Terms and Conditions, the contract everyone agrees to but no one reads. In a word for word 94-page adaptation, Sikoryak hilariously turns the agreement on its head—each page features an avatar of Apple cofounder and legendary visionary Steve Jobs juxtaposed with a different classic strip such as Mort Walker’s Beetle Bailey, or a contemporary graphic novel such as Craig Thompson’s Blankets or Marjane Satrapi’s Persepolis. Adapting the legalese of the iTunes Terms and Conditions into another medium seems like an unfathomable undertaking, yet Sikoryak creates a surprisingly readable document, far different from its original, purely textual incarnation and thus proving the accessibility and flexibility of comics. When Sikoryak parodies Kate Beaton’s Hark A Vagrant peasant comics with Steve Jobs discussing objectionable material or Homer Simpson as Steve Jobs warning of the penalties of copyright infringement, Terms and Conditions serves as a surreal record of our modern digital age where technology competes with enduringly ironclad mediums.

Fluent Forever Gabriel Wyner,2014-08-05 NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn’t learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he’s discovered. Starting with

pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.

How You Can Profit from Credit Cards Curtis E. Arnold, 2008-06-06 Who would not be interested in getting an interest-free loan for 12 months for any type of purchase just for taking a few minutes to complete a credit card balance transfer offer? Or a free round-trip airline ticket twice

a year just for making purchases on a rebate card? Or lowering their insurance premiums by hundreds of dollars a year just by raising their credit score? Obviously, just about every consumer is interested in saving money and getting freebies! Hence, the universal appeal of this book cannot be overstated. Today, the average American household has 12.7 credit cards. Banks maximize their profits by nickel and dimeing and outsmarting their cardholders: that's why credit cards are their most profitable product. Banks spend billions enticing consumers with rebates, freebies, low-introductory rate offers, and airline miles. Learn how to take full advantage of these offers, without paying for them through brutally high interest rates, fees, and penalties! Arnold offers specific advice targeted to young consumers who are being aggressively targeted by credit card marketers; retirees facing credit discrimination; Americans recovering from bankruptcy or other debt problems; and even consumers with great credit. You'll learn the techniques he has personally used to escape credit card debt, creatively finance his wedding, car, and home purchases, and earn thousands in credit card perks every year.

Lying Lips and Deceitful Tongues Isabella Petersen, 2021-04-12 This is the story of a woman stricken with grief by the unexpected loss of her husband. Unbeknownst to her, this grief, which she suppressed because she was a very strong and fearless person, became very vulnerable and fell victim to a network of intrigue and lies. Penney-a strong, independent woman, who would be the very last person one would think who would fall prey to a scam-proves that if it happened to her, it could happen to anyone. Having met someone through a recommended dating site, on the one and only time she searched, she met the man of her dreams. Little did she know that Michael was not who he projected to be, and she would become involved in a network of numerous lies, deceits, and a very professional organization of scammers and hackers. After eighteen months and the loss of her

money, she discovered the scam. It was at that time she took control of her life and fought back. This is the story of how the impossible became the possible. How she pressured law enforcement who were reluctant to investigate/prosecute her case based upon their own experiences and results until she uncovered important information that inspired them to fight for her. She was on a mission to achieve results. These scam investigations never have a happy ending, so she was told, but Penney wouldn't accept that answer. She wanted justice and would not stop until these criminals were apprehended. Read how she discovered the criminal world of scammers, the Sakawa Boys of Ghana and a little-known fact about this country. More importantly, you'll read how prayer and her faith played the biggest part of her discoveries.
