Arthur L. Slotkin

Back to the Boy James Arthur, 2017-10-05 'The thought behind this book is not just me wanting to tell my story in the standard autobiographical fashion but to create a kind of self-help book that includes my story. There are many things people don't know about me and maybe when they read about those things they will have an understanding of the journey I have been on, why I've made the mistakes I have and hopefully help other people overcome their adversities.' Life has presented its fair share of setbacks for James Arthur, from his disrupted childhood - during which he felt like a stray and a misfit, entering the care system in his teens - to a very public fall from favour just at the point when all his dreams should have been coming true. With an extraordinary comeback over the last few months, starting with #1 single Say You Won't Let Go and his Platinum album Back From The Edge, Back To The Boy shows the British singer and songwriter not only reflecting on his past but also his return to the charts, and the phenomenal global success that followed. James shares his struggles with mental health issues which led to drug-abuse, and how he dealt with the feelings of intense pressure and loneliness that accompanied his sudden rise to fame. Back to the Boy gives an insight into the life of one of the most exciting musicians of today, and how his experiences are reflected in the blend of raw emotion and passion in his music. This is a story of hope and self-discovery to inspire those who have ever hit rock-bottom and managed to pick themselves up again.

Doing the Impossible Arthur L. Slotkin, 2012-07-26 Apollo was known for its engineering triumphs, but its success also came from a disciplined management style. This excellent account of one of the most important personalities in early American human spaceflight history describes for the first time how George E. Mueller, the system manager of the human spaceflight program of the 1960s, applied the SPO methodology and other special considerations such as "all-up" testing, resulting in the success of the Apollo Program. Wernher von Braun and others did not readily accept such testing or Mueller's approach to system management, but later acknowledged that without them NASA would not have landed astronauts on the Moon by 1969. While Apollo remained Mueller's priority, from his earliest days at the agency, he promoted a robust post-Apollo Program which resulted in Skylab, the Space Shuttle and the International Space Station. As a result of these efforts, Mueller earned the sobriquet: "the father of the space shuttle." Following his success at NASA, Mueller returned to industry. Although he did not play a leading role in human spaceflight again, in 2011 the National Air and Space Museum awarded him their lifetime achievement trophy for his contributions. Following the contributions of George E. Mueller, in this unique book Arthur L. Slotkin answers such questions as: exactly how did the methods developed for use in the Air Force ballistic missile programs get modified and used in the Apollo Program? How did George E. Mueller, with the help of others, manage the Apollo Program? How did NASA centers, coming from federal agencies with cultures of their own, adapt to the new structured approach imposed from Washington? George E. Mueller is the ideal central character for this book. He was instrumental in the creation of Apollo extension systems leading to Apollo, the Shuttle, and today's ISS and thus was a pivotal figure in early American human spaceflight history.

Babylon Is Falling! Is Falling James Arthur, 2011-08-25 The world's Social Orders, Economic Systems, Political Systems and Religious Systems are collapsing and there is nothing that can be done to stop their demise. Several tripwires have been activated that are at this time impossible to neutralize. (Once you get the toothpaste out of the tube it is impossible to put it back.) Find out how all of the world's current catastrophes were foretold to occur and are absolutely certain to be fulfilled to the letter. The Bible Code does not show 2012 or 2013. Nothing past 2011. A coincidence? Not on your life. We are seeing the run-up to WW III at this very time. It will begin on the Euphrates River with the Quartet (EU, UN, US & Russia) and Iran/Syria as participants and will ultimately expand into global nuclear war. We are currently seeing unprecedented political and social unrest across the planet. Global economies are imploding, joblessness is soaring, home foreclosures are increasing as home values are continuing to tank. Sickness and obesity are increasing as medical and big Pharma prices balloon. Crime is rampant and increasingly more violent. The resurgence and acceptance of Homosexuality has always signaled the fall of empires. Obsession with sports and entertainment have provided the ultimate distraction for our unsuspecting sheeple as they are being fleeced by International Banksters and their own Government. Our Nobel Peace Prize winning POTUS has now expanded our military aggression to include six different countries, draining much-needed resources from here at home. You should forget about Presidential elections for next year and concentrate on seeking one of the two-billion permanent jobs that are coming available shortly. Its time to begin cross-training now. Find out where and how (the training is Free too!). Weather anomalies continue as flooding on a massive scale hits many countries. Earthquakes, tsunamis, volcanoes erupting, nuclear accidents, uncontrollable wildfires, tornadoes, cyclones, scorching heat waves, drought...every day seems to bring more bad news. Does all of this mean the end of the world is upon us and that civilization as we have known it is over? Yes. If you would like to know what comes after that you need to read this book. You will be surprised to know what comes next. It isn't what you've been told by your religious teachers but it has all been foretold by the Prophets.
