Celebrity Biographies - The Amazing Life Of Justin Timberlake and Justin Bieber - Famous Stars
Matt Green, Ever wondered how Justin Timberlake and Justin Bieber rose to stardom? Justin Timberlake has always seemed comfortable entertaining. From an early career as part of

Disney television's Mickey Mouse Club to a role in one of the most successful boy band groups of all-time, Timberlake's winning smile and magnetic personality has charmed audiences across the world. After a negatively publicized breakup and a career lull, Timberlake emerged from the ashes of 'N Sync stronger than ever to launch a successful solo music career. With a string of appearances in popular movies and energetic hosting gigs on television shows, Justin Timberlake has demonstrated that he is one of the most likeable and genuine personalities in show business. By recording and uploading videos of himself to popular social media site YouTube, a perfectly-coiffed preteen from Ontario, Canada stumbled into the biggest musical opportunity of his lifetime. Plucked from the pages of the internet, Justin Bieber became an overnight success when he was developed from an awkward, but angel-voiced adolescent into a swaggering pop music icon. Spawning a rabid following of preteen fans that rivaled the waves of hysteria that followed the Beatles, Bieber's meteoric rise to musical success made the singer one of music's youngest and richest new superstars. Commercial Dance Anthony R. Trahearn, 2023-09-29 This is an exploration of the vital and rapidly evolving world of Commercial Dance, tracing the evolution and merging of Hip-Hop, Club and Jazz dance styles from the music videos of the early 1980s, to today's huge influence on pop music and dance in a multi-media culture. Chapters including 'Iconic Moments' and 'Main Movers' contextualise and analyse culturally significant works and choreographers. With direct contributions from an international array of industry leading dancers, choreographers and creatives - including JaQuel Knight (Beyonce's choreographer), Rich + Tone Talauega (Madonna & Michael Jackson collaborators), Rebbi Rosie (Rihanna's dancer), Dean Lee (Janet Jackson's choreographer) and Kiel Tutin (BLACKPINK's choreographer) - this book shines a light on the creatives in the Commercial Dance industry who have made significant impacts, not just on the world of dance but on popular culture itself. Chapters discussing dance history, copyright law, inclusivity and dance class culture as well as additional contributions from dance scholars enable this book to give credence to

Commercial Dance as a legitimate academic area of study. This is a complete and comprehensive textbook for all dance students at any level of study on college, university or conservatory courses.

From the Bleachers Isaiah Lewis, 2021-07-22 It's often common practice for books to be written from pundits, experts or from the perspective of people who have mastered a particular skill set to the degree in which they can convey it into a book or novel. This book challenges that. In lieu of the current dispensation of divisive politics and partisanship, Isaiah Lewis draws from his experiences as an undergraduate as well as his brief stints working in municipal government in order to give a bird's-eye view, or rather, "bleacher's point of view" perspective, on how power and democracy are playing out in society. This book seeks to bridge the gap of understanding among people working from the ground, up to people who are making some of the most important decisions in our world. It speaks truth to power in a very peaceful yet impactful way. By sharing his personal experiences, setbacks, and inefficiencies, he seeks to help others understand their self-value and how all our actions shape the true meaning of what a democracy should be. The goal of this book is to shed light on the idea that power and democracy transcend government and political tribalism. It also highlights how the aesthetic (or appeal of power) shapes not only our democracy but our lives as well. The author looks to illustrate the importance of not discounting your own experiences and how it is very important to not allow your self-worth or value to be determined by your title or position. Moreover, this book shows that change starts with personal practice and not just policy.

We Gon' Be Alright Jeff Chang, 2016-09-13 In his most recent book, *Who We Be*, Jeff Chang looked at

how art and culture effected massive social changes in American society. Since the book was published, the country has been gripped by waves of racial discord, most notably the protests in Ferguson, Missouri. In these highly relevant, powerful essays, Chang examines some of the most contentious issues in the current discussion of race and inequality. Built around a central essay looking at the rise of the Black Lives Matter movement and the events in Ferguson, Missouri, surrounding the death of Michael Brown, Chang questions the value of the diversity discussion in an era of increasing racial and economic segregation. He unpacks the return of student protest across the country and reveals how the debate over inclusion and free speech was presaged by similar protests in the 1980s and 1990s. The author of *Can't Stop Won't Stop* looks at how culture impacts our understanding of the politics of this polarized moment. Throughout these essays Chang includes the voices of many of the leading activists as he charts how popular voices on the ground and in social media have catalyzed the push for protest and change.-- Provided by publisher.

Consumerist Orientalism M. Keith Booker, Isra Daraiseh, 2019-10-17 In a postmodern world of globalised capital, how does the concept of Orientalism inform understandings of cultural exchange? In this detailed and wide-ranging examination, Arab popular culture is explored in its relation to American culture and capitalism. Offering new insights on Edward Said's longstanding theoretical lens, *Consumerist Orientalism* presents an updated conceptual framework through which to understand the intercultural relationship between East and West, exploring a wide range of cultural production; from an Oscar-nominated Jordanian film to Turkish-Arab soap operas and Arab-diaspora rap. Drawing on key contemporary critical thinkers and in-depth

cultural analysis, the relationship between capitalism, postmodernism and Orientalism is explored with fresh insights, making this essential reading for students of Middle Eastern culture, globalisation and postcolonial studies.

Jade's betrayal puts her in a dangerous downward spiral with no bottom in sight-until she finds friendship and redemption where she least expects it. Lorna faces the biggest trial in her marriage, and makes an important decision that may end it for good. While Ally may regret the choices made she to get accepted in the club, her exile puts new opportunities in her path, thanks to Brady and his ceaseless desire to win her over-with Barry's help, who is playing his own little game with the Top Moms Committee. But it's Bettina who suffers the ultimate punishment-one that changes her life, and the livelihood of the club, forever.

Transmedia Directors Carol Vernallis, Holly Rogers, Lisa Perrott, 2019-12-26 Transmedia Directors focuses on artist-practitioners who work across media, platforms and disciplines, including film, television, music video, commercials and the internet. Working in the age of media convergence, today's em/impresarios project a distinctive style that points toward a new contemporary aesthetics. The media they engage with enrich their practices - through film and television (with its potential for world-building and sense of the past and future), music video (with its audiovisual aesthetics and rhythm), commercials (with their ability to project a message quickly) and the internet (with its refreshed concepts of audience and participation), to larger forms like restaurants and amusement parks (with their

materiality alongside today's digital aesthetics). These directors encourage us to reassess concepts of authorship, assemblage, transmedia, audiovisual aesthetics and world-building. Providing a vital resource for scholars and practitioners, this collection weaves together insights about artist-practitioners' collaborative processes as well as strategies for composition, representation, subversion and resistance.

Totlandia 4-Book Set Josie Brown, 2015-11-25 ALL FOUR SEASONS OF THE ONESIES YEAR, IN ONE COLLECTION. Book 1, The Onesies (Fall) Book 2, The Onesies (Winter) Book 3, The Onesies (Spring) Book 4, The Onesies (Summer) The Pacific Heights Moms & Tots Club is the most exclusive children's playgroup in all of San Francisco. For the city's ultra-competitive elite, the club's ten annual spots are the ultimate parenting prize. But not everyone is PHM&TC material. The club's founder, Bettina Connaught Cross, adheres to strict membership rules: Moms only. No single parents or working mothers allowed. Membership is an arduous commitment. And there's no room in the club for scandal, bad behavior, or imperfection...from tots or their moms. In a world of power and prestige, no one has more than Bettina. And as every mom in Pacific Heights knows, you simply cannot cross her. But this year's admissions process is more rigorous than ever, pitting prospective members against each other to prove their mettle. But four of the six candidates vying for the remaining four slots have a secret that would knock them out of the running. Jade is a former stripper and porn actress, who has been absent for most of her son's life. Jillian's husband cleaned out their joint accounts and left her for his pregnant assistant. Ally never even had a husband—just a sperm donor—and she's hiding a high-ranking corporate job. And Lorna fears that her son may have special needs... just the excuse her sister-in-law, Bettina,

needs to deny her entry to the club. Can these hopeful moms keep up appearances long enough to outlast the competition? Or will their chances—and their private lives—go up in flames? Friendship. Lies. Seduction. Betrayal. Welcome to Totlandia.

PRAISE FOR THE TOTLANDIA SERIES: I love a good mommy send-up as much as the next gal, and this peek into the ridiculousness of the San Francisco upper crust is delightful. Whether or not you've ever had the pleasure (or pain) of joining a playgroup, Brown's tale is as charming as it is cringeworthy. I laughed, I winced, I kept scrolling." —Romantic Times "With affairs, pending divorces, secret jobs, and unsavory pasts, each wannabe member hides something that could blow her chances for good. Like the characters in reality shows such as "Dance Moms," the women in Pacific Heights might be over-the-top, but in the end, the best interests of their kids are (almost) always at heart. Laugh-out-loud funny and sometimes touching, the "Totlandia" novellas serve as the perfect quick read for busy moms or anyone looking to escape with some gossipy fun." —Examiner.com

Josie Brown writes Totlandia with her usual storytelling flair. The dialogue is smooth and flowing. The characters are easy to side with or become angry with, depending on each situation. The scenery is easy to visualize. And we mustn't forget all the sex (blushworthy, at that) and scandal that is a staple of a true Josie Brown novel. It's like a soap opera for mommies. Guilty pleasure, anyone? —Melissa Amster, Chick Lit Central "This book is wonderfully written and has more than just drama. There are touching moments, parts that made me laugh out loud, and as I read the story I felt like I was reading a television show!" —Divine Secrets of a Domestic Goddess

Totlandia by Josie Brown was just a real joy to read. I loved the variety of characters, the balance of funny and serious moments, and just the

wacky story. I cannot wait to see what is next in the series!" -The Book CellarX "Brown did it again! She wrote a book that is both hysterical and original. She gets at the heart of motherhood and all its glory and shame! Brown loves to develop numerous characters and you sure to connect with one, if not all in some way. She makes you think, with whimsy and fun. I absolutely adore her writing and I cannot wait to drive into Book Two of this series!" -Mommy Book Nerd

Hate to Want You Emma Lea, 2022-07-20 Forced to retire due to injury, ballet star Quinn Markam returns to his hometown to choreograph an up and coming group of dancers. And he's not happy about it. Bitter because of his untimely retirement and depressed because the only job he can get is with the B Company, Quinn is not in the least prepared to deal with a young upstart like Beth who is determined to become the next big thing. Bethany Reynholm has lived and breathed ballet and dance since she was old enough to walk. Nothing feels better to her than letting go and letting the music flow through her. And now she is on the brink of achieving her dream, she just has to impress the one dancer she has idolised for years, except that he is nothing like she expected. Quinn Markam, the dancer she has looked up to for so long, turns out to be a big disappointment. He is bitter, rude and impossible to please and despite all that, she's attracted to him, much to her own disgust. Beth wants Quinn to see that he still has an amazing opportunity in the world of dance, if he can just get over himself. And if he can do that, then there might be a chance for the two of them as well.

David Fincher: Mind Games Adam Nayman, 2021-11-23 David Fincher: Mind Games is the definitive critical and visual survey of the Academy Award- and Golden Globe-nominated works of director David Fincher. From feature films Alien 3, Se7en, The

Game, Fight Club, Panic Room, Zodiac, The Curious Case of Benjamin Button, The Social Network, The Girl With the Dragon Tattoo, Gone Girl, and Mank through his MTV clips for Madonna and the Rolling Stones and the Netflix series House of Cards and Mindhunter, each chapter weaves production history with original critical analysis, as well as with behind the scenes photography, still-frames, and original illustrations from Little White Lies' international team of artists and graphic designers. Mind Games also features interviews with Fincher's frequent collaborators, including Jeff Cronenweth, Angus Wall, Laray Mayfield, Holt McCallany, Howard Shore and Erik Messerschmidt. Grouping Fincher's work around themes of procedure, imprisonment, paranoia, prestige and relationship dynamics, Mind Games is styled as an investigation into a filmmaker obsessed with investigation, and the design will shift to echo case files within a larger psychological profile.
