The Temperature of Me and You Brian Zepka, 2022-01-25 Sixteen-year-old Dylan Highmark thought his winter was going to be full of boring shifts at the Dairy Queen, until he finds himself in love with a boy who's literally too hot to handle. Dylan has always wanted a boyfriend, but the suburbs surrounding Philadelphia do not have a lot in the way of options. Then, he meets Jordan, a completely normal (and undeniably cute) boy who also happens to run at a cool 110 degrees Fahrenheit. When the boys start spending time together, Dylan begins feeling all kinds of ways, and when he spikes a fever for two weeks and is suddenly coughing flames, he thinks he might be suffering from something more than just a crush. Jordan forces Dylan to keep his symptoms a secret. But as the pressure mounts and Dylan becomes distant with his closest friends and family, he pushes Jordan for answers. Jordan's revelations of why he's like this, where he came from, and who's after him leaves Dylan realizing how much first love is truly out of this world. But if the attraction between them defies the laws of physics, love may be the only thing that can keep Jordan and Dylan together. *THE TEMPERATURE OF ME AND YOU* is the story of first love, and the lengths we'll go to figure out our hearts. What starts as an electric, chance encounter at a Dairy Queen quickly evolves into a heated romance, a journey of trust and identity, and a ticking clock for survival.

Rendi has run away from home and is now working as a chore boy at the village inn. He can't help but notice the village's peculiar inhabitants and their problems-where has the innkeeper's son gone? Why are Master Chao and Widow Yan always arguing? What is the crying sound Rendi keeps hearing? And how can crazy, old Mr. Shan not know if his pet is a toad or a rabbit? But one day, a mysterious lady arrives at the Inn with the gift of storytelling, and slowly transforms the villagers and Rendi himself. As she tells more stories and the days pass in the Village of Clear Sky, Rendi begins to realize that perhaps it is his own story that holds the answers to all those questions. Newbery Honor author Grace Lin brings readers another enthralling fantasy featuring her marvelous full-color illustrations. *Starry River of the Sky* is filled with Chinese folklore, fascinating characters, and exciting new adventures.

Receiving Love Harville Hendrix,Helen LaKelly Hunt,2004-10-05 This groundbreaking book from the best-selling authors of *Getting the Love You Want* and coauthors of *Giving the Love that Heals* is the first to address the biggest unexplored issue facing couples today: Most of us are better at giving love than accepting it. We don't realize all the ways that our resistance to appreciation, praise, compliments, and accepting help from others hurts us and cripples our relationships. Many partners learn how to give love, but many more undermine their relationships by for-getting something that is equally important -- learning to receive it. According to the authors, the root of the problem is the self-rejection that began in childhood, when our parents and caretakers unintentionally failed to nurture or directly rejected traits, characteristics, or im-pulses when we were children. We end up rejecting in ourselves whatever our caretakers ignored or rejected in the course of our childhoods. When we become adults, this makes it impossible to let in the love we want and need, even when our partners offer it. As a result, we dismiss compliments, minimize gestures of affection, and create obstacles to true intimacy. In this book, Harville Hendrix and Helen LaKelly Hunt, co-creators of Imago Relationship Therapy, offer a definitive guide to breaking the shackles of self-rejection and embracing the love our partners offer. *Receiving Love* is a very personal book for Drs. Hendrix and Hunt, and much of their own journey is the inspiration for it. Drawing on their renowned expertise, the wide clinical experience of hundreds of Imago therapists, and their own personal experience, the authors are able to offer detailed guidance on how to conquer the problems that come from self-rejection and embrace the gifts that are abundant in every person's life, if only we knew how to accept them. With its groundbreaking theory, challenging processes, and inspiring examples, this book holds the key to loving relationships that last.

Switched on Pop Nate Sloan, Charlie Harding, 2019-12-13 Pop music surrounds us - in our cars, over supermarket speakers, even when we are laid out at the dentist - but how often do we really hear what's playing? *Switched on Pop* is the book based on the eponymous podcast that has been hailed by NPR, Rolling Stone, The Guardian, and Entertainment Weekly for its witty and accessible analysis of Top 40 hits. Through close studies of sixteen modern classics, musicologist Nate Sloan and songwriter Charlie Harding shift pop from the background to the foreground, illuminating the essential musical concepts behind two decades of chart-topping songs. In 1939, Aaron Copland published *What to Listen for in Music*, the bestseller that made classical music approachable for generations of listeners. Eighty years later, Nate and Charlie update Copland's idea for a new audience and repertoire: 21st century pop, from Britney to Beyoncé, Outkast to Kendrick Lamar. Despite the importance of pop music in contemporary culture, most discourse only revolves around lyrics and celebrity. *Switched on Pop* gives readers the tools they need to interpret our modern soundtrack. Each chapter investigates a different song and artist, revealing musical insights such as how a single melodic motif follows Taylor Swift through every genre that she samples, André 3000 uses metric manipulation to get listeners to shake it like a Polaroid picture, or Luis Fonsi and Daddy Yankee create harmonic ambiguity in *Despacito* that mirrors the patterns of global migration. Replete with engaging discussions and eye-catching illustrations, *Switched on Pop* brings to life the musical qualities that catapult songs into the pop pantheon. Readers will find themselves listening to familiar tracks in new ways and not just those from the Top 40. The timeless concepts that Nate and Charlie define can be applied to any musical style. From fanatics to skeptics, teenagers to octogenarians, non-musicians to professional composers, every music lover will discover something ear-opening in *Switched on Pop*.
