But even the Mojave sun can't chase away the shadows when the past is determined to track them down...

A good combination of names is pleasing to the ear, easy to remember, and can help a child be popular and successful in life. Utilizing the techniques found in poetry and phonetics, parents will discover how to examine a surname by the sum of its parts—and match it with the perfect first name. With this unique new method, parents can choose the baby name that everyone is looking for: the perfect one! Here's how it works with the surname Green: Break down the sounds: G, R, long E, and N. These are the four different sounds (or phonemes) in that name. Now refer to those four different lists in the back of the book. The G list has names like Hugo and Morgan... The R list has Rex and Aurora... The E (long) list, Eli and Alicia... The N list, Nathaniel and Lindy... All of these names sound good with the surname Green, so now it's just a matter of personal preference. Readers can scan the lists for the name they like best and choose the perfect match!

Before We Were Strangers Renée Carlino, 2015-08-18 From the USA TODAY bestselling author of *Sweet Thing* and *Nowhere But Here* comes a love story about a Craigslist “missed connection”

post that gives two people a second chance at love fifteen years after they were separated in New York City. To the Green-eyed Lovebird: We met fifteen years ago, almost to the day, when I moved my stuff into the NYU dorm room next to yours at Senior House. You called us fast friends. I like to think it was more. We lived on nothing but the excitement of finding ourselves through music (you were obsessed with Jeff Buckley), photography (I couldn't stop taking pictures of you), hanging out in Washington Square Park, and all the weird things we did to make money. I learned more about myself that year than any other. Yet, somehow, it all fell apart. We lost touch the summer after graduation when I went to South America to work for National Geographic. When I came back, you were gone. A part of me still wonders if I pushed you too hard after the wedding... I didn't see you again until a month ago. It was a Wednesday. You were rocking back on your heels, balancing on that thick yellow line that runs along the subway platform, waiting for the F train. I didn't know it was you until it was too late, and then you were gone. Again. You said my name; I saw it on your lips. I tried to will the train to stop, just so I could say hello. After seeing you, all of the youthful feelings and memories came flooding back to me, and now I've spent the better part of a month wondering what your life is like. I might be totally out of my mind, but would you like to get a drink with me and catch up on the last decade and a half? M

Encouraging learners to explore different facets of society, history, geography, and more, best practices for applying visible learning to social studies curriculum are presented through: · A scaffolded approach, including surface-level learning, deep learning, and transfer of learning · Examples of strategies, lessons, and activities best suited for each level of learning · Planning tools, rubrics, and templates to guide instruction Teachers must understand the impact they have on students and select approaches to maximize that impact. This book will guide you through the process of identifying the right strategy for the right time to successfully move students through surface, deep, and transfer learning.
