Seismic Digital Shift Yong Hu, 2024-01-18 This book is an in-depth study on the past, present and future of digitalization, an important contribution to the literature on the development of the digital economy in China. The technological revolution in telecommunications has brought a “seismic shift” - the periphery has moved to the center, accelerating the emergence of a new digital world. The adoption and integration of advanced digital technologies such as 5G mobile networks, the Internet of things (IoT), cloud computing, artificial intelligence, big data analysis and robotics means that the traditional economy, with its organizational, productive and governance systems, is merging with the digital economy, with its innovative features in terms of business models, production, business organization and governance. This makes the digital transformation process highly dynamic and complex, thus challenging many aspects of economies and societies. The author discusses not only what digital transformation means for businesses, but also its impact on society at large, inspiring readers to understand China and the world and think about what digital future we would like to have.

My Ramblings Buddy Oxendine,2014-03-05 This book started as silly writings on Facebook that blossomed from there to what you see here. All my stories are made up and fictional but have some real characteristics, like people do drive, people do shop, etc. As you will see, they are written in the first person and I make myself the idiot, hero or whatever else one might call me. I referenced Starbucks simply because they are the most widely known coffee shop in the world. That story is also fictitious. My stories are not meant to be prejudicial toward any ethnic group. I have no desire to offend anyone. I wrote a silly story and people responded very positively and said they wanted more. After writing several stories I received responses about the possibility of compiling all my stories into a book. Of course, I laughed and thought that was silly, but the response was so overwhelming that I began to seriously consider it. A few close friends and family members suggested that I had nothing to lose, so I gave it serious thought. Finally, I was convinced, although grudgingly, to contact a publisher and see what happened. It is still silly to me, but if my friends on Facebook want it, I will make it available. The expense of making this book possible is small compared to the joy I hope it brings to my loyal readers. Enjoy the read and by all means, let me know what you think.

Buddy Plays Soccer Becky Pantaleon,2020-08-18 Lelu had been practicing her soccer moves with Buddy for a good three years, and they had both become very good players. Lelu always preferred to practice with Buddy because he was fast and forced her to play her best. Her team, Goal Girls, was tied for first place in their division and while Lelu was nervous, she was also excited about maybe winning the championship. She practiced for hours every day, leading up to game day. On game day, as Lelu walked on to the field, she noticed that many of her teammates were not there. Coach Dale said that five of the girls had caught the flu and would not be able to play. That left them with only five players, and if anyone got hurt, they would have to forfeit the game. Not only could they not get hurt, they also could not rotate out to rest. How could they play their hardest and not get hurt or tired at the same time? The girls were going to have a tough time beating the Crushers, but they were up to the challenge. With a tied score, their excitement turned to disappointment as they watched Ariana fall and grab her ankle in pain.

The Stone Girl: A Novel Dirk Wittenborn,2020-06-16 The Stone Girl is a riveting tale of

deception, vengeance, and power set against the haunting beauty of the Adirondack wilderness. Deep in the Adirondack Mountains lies a speck of a town called Rangeley. There isn't much to this tiny town, but it is at the crossroads of serene fishing streams off the Mink River, pristine hunting grounds in the surrounding mountains, and vast estates of the extremely rich. It is also the gateway to the Mohawk Club, which houses the Lost Boys, an exclusive group of wealthy and powerful men with global influence and a taste for depravity. Raised wild and poor in the shadows of the Mohawk Club, Evie Quimby was a teenager when she first fell victim to the Lost Boys. Seventeen years later, she is now a world-renowned art restorer famous for repairing even the most-broken statues. After spending half her life in Paris, establishing her reputation and raising her daughter Chloé, Evie has come a long way from the girl who left Rangeley behind. But when Chloé receives a visit from an elegant stranger who claims to be an old friend of her mother's, the ghosts of Evie's past return in full force, pulling her back to the North Country of her girlhood and into the tangled, intricate web of the Lost Boys. Evie bands together with her formidable mother and an embattled heiress, both victims of the Lost Boys, in pursuit of an unusual and heart-stopping vengeance.

'Scuse Me While I Kiss the Sky David Henderson,2008-07-01 The expanded edition of the definitive, critically praised, and most beloved biography of music legend Jimi Hendrix—including previously unpublished photos. Originally published to great acclaim in 1978, 'Scuse Me While I Kiss the Sky was written by poet, scholar, and Hendrix friend David Henderson as a personal favor to Jimi. Since then, it has garnered rave reviews and sold over 500,000 copies, reaching the legions of Hendrix fans worldwide. This most thorough update on the book in ten years is filled with brand-new

photographs and fresh revelations. It includes more of Jimi's personal writing, more details about his romantic relationships and sexual encounters, and more in-depth research by the author into Jimi's music and creative life. At once a grand adventure and a vivid record of 1960s culture and politics, 'Scuse Me While I Kiss the Sky shows Hendrix as a member of the Flower Power and the Black Power movements. With new access to old documents—once covered up by legal barriers—Henderson is now free to tell about Jimi's opposition to the Vietnam war and his controversial support of the New York Panther 21. With his music selling off the shelves, Hendrix is a rock immortal and this is the only book to tell his whole story—now ready to reach more readers in this paperback edition.
