Each chapter tackles a different situation, gives a brief outline of what manners are appropriate for it, and offers advice on how to teach and reinforce them to children of different ages. There is also a What to Expect chart broken down by age, and a Q & A section devoted to questions concerning children and manners.

Mommy's Phone Amy Lu-Etienne, 2020-05-30 Help Your Children Build A Healthy Relationship With Technology Mommy's phone does so many things. But there are also things that a phone can't do. A phone can't play hide and seek with me or kiss me goodnight. People and the love they give are

irreplaceable and what ultimately make us happy every day. Our children are born into a world where social relationships are constantly redefined as technology evolves. Through this story, we hope to equip our children with the ability to navigate their future world with proper judgment as well as to instill in them the value of human connection. This book offers a balanced view on technology by using the example of a smartphone. The story explains the convenience it brings, but, at the same time, its limitations are made clear.

Why Can't I Have a Cell Phone? Teddy Behr, 2019-05-31 Ten percent of book proceeds will be donated to St. Jude Children's Research Hospital National Cancer Institute. Please help me get my message known. Parents should limit their child's use of a phone. Or better yet, restrict their time on the internet. Children must learn to express themselves, each in their own way. And be encouraged to use their imagination again, today. This may appear to be an insignificant rhyming scheme. But the reality is children cannot take

their eyes off that glowing screen.□ There are two crucial questions: At what age should a child get a smartphone? Do smartphone and social media addiction begin at an early age? Does your child: Withdraw from family, preferring to be on the phone? Get angry or disturbed when the phone is not available? Are school, daily chores, and activities affected by excessive phone use? Are there changes in mood, eating habits, and sleep? Simple fixes: Educate your children on cell phone use. Make a plan to limit their time on the phone. Monitor who your children communicate with. Establish no-phone zones . For children ages 4 - 8 This is a cute story about Anderson the aardvark who is always begging his father for a cell phone. He is so excited when he finally gets one for his birthday. How does he handle this new responsibility?. How do Anderson and his family deal with his growing addiction to social media? I am betting, this book will be of value in a classroom setting. It's an important topic, I'm sure you will agree. It also includes a book discussion page and coloring section for free. In my writings, I take pride. This book would be great as a children's guide. Take a look, you decide. With wit and humor, these stories aim to influence children in positive ways. They learn the importance of basic common decency and moral behavior. Through fun-filled adventures, the characters encourage more personal interaction with family and friends rather than a dependency on social media. Help these brave children at St. Jude. Why Can't I Have a Cell Phone Yet? Mary Lee Kendal,2018-12-08 Everyone has a phone. But my hand is all alone. Why can't I have a phone yet? Why is it something I just can't get? Why Can't I, Have a Cell Phone Yet? Is a social story that portrays a young boy who struggles with the fact his parents won't allow him to have a cell phone like all the other kids. The boy meets several animals, including a dragon, a cat and an eagle on his journey. The animals help him realize that maybe it's not the right time. Join him on his cell phone journey. What will the animals teach him? Technology is changing the way children socialize with others. The boom of social media has completely changed the way we view others and social interactions. Social skills in children

need to develop in person face to face before they can develop in cyberspace. It is not uncommon to find a Facebook profile belonging to a six-year-old. Do six-year-olds really need social media? In my personal opinion, NO! Move over Dr. Seuss, Mary Lee Kendal is in town. During Mary Lee's years as a teacher, she found the best way to teach was to be entertaining without being entertainment. She saw how children and teens are extremely creative if you just give them a chance. Kids learn in many different ways. Some learn through reading, playing, singing, dancing, rhyming, or even drawing. They learn visually, and by writing poetry. They love to creatively express themselves and her classroom was one place they could do that. So how did she come up with the quirky Dr. Seuss type rhyming books? As a kid, she loved to rhyme. She was always encouraged to write, read, rhyme, play, act, sing, dance, and be as creative as possible by her parents. She feels her books bring in many of the favorite ways to learn. Her social stories are meant to be read together aloud with an adult or older sibling and a child bringing the bond between each other even closer. All of Mary Lee's social stories are meant to educate in an entertaining way. If I can help one child feel a little bit better about whom they are; build self-confidence, increase self-esteem, help them realize they are not alone, and deal with peer pressure, then I have done what I have set out to do. Stay Tough Kids! Mary Lee Kendal

Quiz Kids Martin A. Gardner, 2013-08-07 Quiz Kids was a network radio program that aired from 1940 to 1953 featuring smart children answering difficult questions submitted by listeners. Part of radio history during its golden age, Quiz Kids thrived during a period of dramatic change in America. Audiences marveled at the speed with which the Kids answered the most difficult questions, vaulting the show beyond the producers' wildest expectations. Eleanor Roosevelt invited the Kids to the White House to meet with them. Their appearance at the Senate is discussed in the Congressional Record. During World War II, they toured America and raised \$120 million in war bonds. They were guests on Jack Benny's radio show

for three consecutive weeks. Walt Disney, Bob Hope, Fred Allen, the Lone Ranger, Gene Autry and other famous people were on their program. This thorough history describes the creation of the program, its national popularity and the children who made it such good listening.
