🔗 **THE ALPHA DRIVE**, 2015-11-17 It's the year 2055 and an anarchist organization has taken control with the aim to create a world-class society. Half of humankind is unknowingly living in an alternate reality called Dormance . . . and there are no plans to wake them up. Sixteen-year-old introvert Emery Parker is one such dormant. An academic scholar who avoids ruffling feathers at all costs, Emery finds herself being transferred to a boarding school on the outskirts of Arizona. Little does she know, a family secret has the power to change the course of the future. When she's approached with an opportunity to free the dormants, she sees no other choice but to accept, even though failure could mean having her memory wiped clean. But when tech-savvy Torin Porter reaches out to her from the other side, Emery begins to question everything she was told about Dormance. If her family's secret falls into the wrong hands, the world as she knows it will be faced with irreversible consequences. Now Emery must play both sides to uncover the truth about her family's past or risk leaving mankind to live in an unconscious reality.

🔗 **HOUSE OF LEAVES** Mark Z. Danielewski, 2000-03-07 "A novelistic mosaic that simultaneously reads like a thriller and like a strange, dreamlike excursion into the subconscious." —The New York Times Years ago, when House of Leaves was first being passed around, it was nothing more than a badly bundled heap of paper, parts of which would occasionally surface on the Internet. No one could have anticipated the small but devoted following this terrifying story would soon command. Starting with an odd assortment of marginalized youth -- musicians, tattoo artists, programmers, strippers, environmentalists, and adrenaline junkies -- the book eventually made its way into the hands of older generations, who not only found themselves in those strangely arranged pages but also discovered a way back into the lives of their estranged children. Now this astonishing novel is made available in book form, complete with the original colored words, vertical footnotes, and second and third appendices. The story remains unchanged, focusing on a young family that moves into a small home on Ash Tree Lane where they discover something is terribly wrong: their house is bigger on the inside than it is on the outside. Of course, neither Pulitzer Prize-winning photojournalist Will Navidson nor his companion Karen Green was prepared to face the consequences of that impossibility, until the day their two little children wandered off and their voices eerily began to return another story -- of creature darkness, of an ever-growing abyss behind a closet door, and of that unholy growl which soon enough would tear through their walls and consume all their dreams.
