The Ultimate Random Encounters Book Travis "Wheels" Wheeler, Logan Jenkins, Lee Terrill, Greg Leatherman, 2021-10-05 Playing a role-playing game is a delicate dance. If everything runs smoothly, it feels like you and your friends are able to maneuver effortlessly through dramatic, epic, and uproariously silly scenes where everyone gets a chance to shine. And yet, other times it just doesn't come together. Combat slows to a repetitive grind, the Game Master runs out of good Non-Player Character (NPC) ideas, or after twenty-six rounds maybe even the most beautifully designed encounter just gets a bit stale. Sure, you could prep an absolute powerhouse of an all-killer-no filler role-playing session. Spend time getting fun character voices ready for every NPC. But that sounds like way too much work. This is the book you turn to for help. It's a big book of ideas designed to slot right into your existing campaign, organized into neat little tables. If you salivate at chaos magic effect tables and daydream about wild, unexpected die results, you already know it can also be fun to throw caution to the wind and let randomness determine as much as possible. Even the most organized GMs and the tightest adventure modules benefit from a little spice!--

Roll up your character and get ready! THE GREATEST GAMER ON EARTH At the University of California, Escondido, no one would guess that freshman Shesh Maccabee is a hard-core gamer--and in recovery to boot, following a court order, a wireless ban, and months of therapy (all because of one little

seven-day Internet café episode). His friend Mike—who personally prefers Japanese-console RPGs—is tasked with keeping Shesh far away from any computer with access to World of Warfare. Everything's going according to plan—until a Ren Faire fangirl introduces them to the campus gaming club, where they meet Theodore, a fanatical tabletop game master whose single goal in life is to run the greatest Mages & Monsters game in the world. And there just happens to be room for two more players. Soon Shesh and Mike are dragged into the dungeon of hard-core gaming—and cops, baboon men, Sri Lankan cave roaches, and Gothémon card collectors converge in the zaniest adventure that ever involved twenty-sided dice!

The Yellow King RPG (Four 6x9 Slipcase Set) Pelgrane Press, 2020-01-21 Inspired by Robert W. Chambers' influential cycle of short stories, it pits the characters against the reality-altering horror of The King in Yellow. This suppressed play, once read, invites madness or a visit from its titular character, an alien ruler intent on invading and remolding our world into a colony of his planet, Carcosa. Four books, served up together in a beautiful slipcase and GM screen set, confront your players with an epic journey into reality horror: Belle Époque Paris, where a printed version of the dread play is first published. Players portray American art students in its absinthe-soaked world, navigating the Parisian demimonde and investigating mysteries involving gargoyles, vampires, and decadent alien royalty. The Wars, an alternate reality in which the players take on the role of soldiers bogged down in the great European conflict of 1947. While trying to stay alive on an eerie, shifting battlefield, they investigate supernatural mysteries generated by the occult machinations of the Yellow King and his rebellious daughters. Aftermath, set later in the same reality, in present day North America. A bloody insurrection has toppled a dictatorial regime loyal to Carcosa. Players become former partisans adjusting to ordinary life, trying to build a just society from the ashes of civil war. But not all of the monsters have been thoroughly banished--and like it or not, they're the ones with the skills to hunt them and finish them off.

Vanguard RPG Arthur Vasconcellos, 2020-12-30 An independent RPG system, this book contains everything necessary to start an RPG campaign using the Vanguard system. It consists of three contained books: The Player's Book, The

Master's Guide, and The World of Arduna. The reader doesn't need to have any previous experience with even the concept of RPG, but innovative concepts for the game are introduced. Hit points are not used, and with the objective system, rarely does the end of a fight mean the end of life for all members on one side. Narratively, the objective system allows the creation of stories naturally guided by character, making the group focus on the campaign's history without the need for arbitrary attitudes on the part of the master. The World of Arduna provides a world to allow the quick start of the campaign. The world itself is extremely unique, using concepts of astronomy, biology, and sociology for its development, it still includes the usual fantasy elements, such as magic, spirits, and dragons. This book also includes a grimoire with over forty individual spells and a bestiary for use in-game.
