**Peace without Politics? Ten Years of State-Building in Bosnia** David Chandler,2013-09-13 Ten years on from the signing of the Dayton Peace Agreement in November 1995, the legacy of the Bosnian war still shapes every aspect of the political, social and economic environment of the tiny state. This state of affairs is highlighted by the fact that Bosnia is still under international control, with the Office of the International High Representative regularly using its powers to dismiss elected presidents, prime-ministers and MPs and to impose legislation over the resistance of elected legislatures at national, regional and local level. What has changed in the ten years since Dayton? Is international regulation helping to establish a sustainable peace in Bosnia? What lessons can be learned for nation-building in Bosnia? This volume was previously published as a special issue of the leading journal International Peacekeeping.

**The Myth of Normal** Gabor Maté, MD,2022-09-13 The instant New York Times bestseller By the acclaimed author of *In the Realm of Hungry Ghosts*, a groundbreaking investigation into the causes of illness, a bracing critique of how our society breeds disease, and a pathway to health and healing. In this revolutionary book, renowned physician Gabor Maté eloquently dissects how in Western countries that pride themselves on their healthcare systems, chronic illness and general ill health are on the rise. Nearly 70 percent of Americans are on at least one prescription drug; more than half take two. In Canada, every fifth person has high blood pressure. In Europe, hypertension is diagnosed in more than 30 percent of the population. And everywhere, adolescent mental illness is on the rise. So what is really “normal” when it comes to health? Over four decades of clinical experience, Maté has come to recognize the prevailing understanding of “normal” as false, neglecting the roles that trauma and stress, and the pressures of modern-day living, exert on our bodies and our minds at the expense of good health. For all our expertise and technological sophistication, Western medicine often fails to treat the whole person, ignoring how today’s culture stresses the body, burdens the immune system, and undermines emotional balance. Now Maté brings his perspective to the great untangling of common myths about what makes us sick, connects the dots between the maladies of individuals and the declining soundness of society—and offers a compassionate guide for health and healing. Cowritten with his son Daniel, *The Myth Of Normal* is Maté’s most ambitious and urgent book yet.

*A Man Called Ove* Fredrik Backman,2014-07-15 Now a major motion picture A Man Called Otto starring Tom Hanks! #1 New York Times bestseller—more than 3 million copies sold! Meet Ove. He’s a curmudgeon—the kind of man who points at people he dislikes as if they were burglars caught outside his bedroom window. He has staunch principles, strict routines, and a short fuse. People call him “the bitter neighbor from hell.” But must Ove be bitter just because he doesn’t walk around with a smile plastered to his face all the time? Behind the cranky exterior there is a story and a sadness. So when one November morning a chatty young couple with two chatty young daughters move in next door and accidentally flatten Ove’s mailbox, it is the lead-in to a comical and heartwarming tale of unkempt cats, unexpected friendship, and the ancient art of backing up a U-Haul. All of which will change one cranky old man and a local residents’ association to their very foundations. Fredrik Backman’s beloved first novel about the angry old man next door is a thoughtful exploration of the profound impact one life has on countless others. “If there was an award for ‘Most Charming Book of the Year,’ this first novel by a Swedish blogger-turned-overnight-sensation would win hands down” (Booklist, starred review).

*Twelve Years a Slave* Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.
