Practical Korean Phrases For Travelers Aaron Huh, 2018-11-01 It's great to take a trip to South Korea, but there may also exist some minor fears that the language may not work. However, the truth is you don't have to know Korean when you travel in South Korea because many Koreans, especially young Koreans, are good at English, and South Korea is a country where English speakers are comfortable to travel. However, depending on the situation, not only is it very helpful to speak a few phrases in local language, it can be a good way for you to enjoy real Korea. Of course, being able to communicate in Korean will make your trip more comfortable. This book covers almost every situation that travelers may encounter, and it is divided into sections by location and situation. It provides a representative phrase pattern for each situation. To help your pronunciation and understanding, each pattern is written in Hangeul (Korean alphabet) with a romanization and its English translation. Thus, if you just put the word that this book provides into pattern phrases, you can speak Korean with confidence even in other situations. Based on this, you will be able to acquire various Korean vocabulary, word order, and sentence structures naturally.
