**An Unique and Scientific Study of Rahu and Ketu** Saket Shah,2020-03-29 Astrology is an integral part of Indian culture. It is as old as the vedas. It explains the celestial phenomena and the corresponding terrestrial events. It explains the cause and effect of events. The main basis of astrological thought is that the celestial phenomena effects the life and events on the earth. It does not permit anyone to conclude any event just as an accident. Celestial bodies generate a lot of energy m their movements and astrology shows us how we can use these energies operative m our lives in the best possible way. Astrology is a science which helps the mankind to put their life in the right path. Astrology was tested and experienced for many centuries and it's knowledge was handed down the ages to new generations. A study of the civilizations flourished m different parts of the world shows that Astrology played an important role m their life. The places where astrology does not flourish are mostly barbarious, lacking in knowledge and they don't have any communication with the universe. In India, astrology has been considered as the best guide to achieve the fourfold objectives of life and they are Dharma, Artha, Kama and Moksa All the activities of human being are directed towards the achievement of these goals and astrology helps us to achieve them in a organized manner. Astrology has reached this stage after nullifying the criticisms, which it has to face from the beginning itself. Astrology has the seven visible grahas - Sun, Moon, Mars, Mercury, Jupiter, Venus and Saturn along with the two lunar nodes - Rahu and Ketu . Rahu and Ketu are accepted as grahas in Indian astrology only. They are considered as shadowy - grahas. The details available about Rahu and Ketu are confusing. Astrological texts don't have a unanimus opmion about Rahu - Ketu. These opinions create confusion in the mind of astrologers as well as astrology followers. So, there is a need of study on Rahu - Ketu. Rahu - Ketu are considered as recent developments by many scholars But, this is not true. Their references are available m vedas itself. So, with a view to give some clear opinion on Rahu - Ketu, I have chosen this subject for study. Further, we know that astrology is the most criticized subject and research in this field are very less. So, I have tried to answer these criticisms and I hope that my study will encourage more researches in this field.

ESOTERIC ASTROLOGY - VOL. 7 Dr. Douglas M. Baker, 2015-09-21 Introduction to: ESOTERIC ASTROLOGY - VOL. 7 THE SOUL'S PURPOSE, CASES 1 - 16 By Dr. Douglas M. Baker This very important work is based on an analysis of the horoscope, placing emphasis on the Rising Sign as it expresses the Soul's Purpose and its nuances. Thus, the universal approach is yet maintained but brought to bear on the specific or existential features of the individual's horoscope. Via 16 detailed analyses in this volume, the earnest student or professional astrologer is given in-depth information regarding Karma, previous lives, chakras, myth, objects for meditation, the Ray of the Soul and of course, the Soul's purpose for the personality. (Vol. 8 treats cases 17 – 33.) The introductory section explains: Symbols and Methods used Planetary Rulers Chart Interpretation Permutations in Basic Symbols Compound Complexes The Rising Sign House Cusps Sun – Earth Opposition Astrological Parsing Literal Parsing Aspects Use of Angular Aspects Planet – Sign – House Influences Intercepted Signs Retrograde Planets Karmic Indications in the Horoscope Whilst esoteric astrology is primarily concerned with the hegemony of the soul as it progressively asserts itself in the life of the individual, it is also capable of providing the personality with direction and useful advice. When we are dealing with Man on the Path, a far, far more accurate an interpretation of his situation, its potentials and limitations for expression is given here by using the esoteric rulers of the Signs of the Zodiac as demonstrated in esoteric astrology. The development of the computer has made the horoscope available to the millions, and it is but a matter of time before the same computers begin to sieve out the “real from the unreal.” In the end, however, the real is only discovered within, and the fullest exposition of esoteric astrology gives the keys to such discoveries within and their correlation to wide and more universal principles. To ignore the individual horoscope is to leave astrology, esoteric or exoteric, with feet of clay. What this writing represents is a wiser and more psychosynthetic interpretation of the horoscope. Thus, providing the interpreter views the horoscope from a point of higher synthesis, the most accurate interpretation of a personality matter may be gauged from particular astrological aspects. Bailey herself, or the Tibetan Master through her, gave the key to the psychosynthetic approach by allocating esoteric rulerships to the Signs for Man on the Path and a further set of rulers, called “hierarchical”, which apply to those disciples who are initiate and engaged in the work of the Hierarchy of this planet, as It implements the Divine Plan for the Earth.

**Science of the Divine** Dr. Shalini Garg, 2021-11-19 Stars and planets have always fascinated us. The steady majesty of these cosmic bodies have had a captivating effect on humans from ancient times. Astrology involves the forecasting of mundane events in one's life through analysing planets, fixed stars and their arbitrary combinations called constellation. Astrology uses a set of rules about the relative positions and movements of heavenly bodies to generate predictions and explanations for events and human personality traits. We can understand the unambiguous truth of how Astrology embodies a sense that life on Earth is affected by events in the wider universe, and how it offers hope of making sense of a bewilderingly complicated cosmos, and reassures us that we are a part of its grand design. The motivation behind this book is to establish a comprehensive, concise yet dynamic guide that can help anyone learn this science.
