Popular Music and the New Auteur Arved Ashby, 2013-12 Popular Music and the New Auteur looks at seven contemporary directors whose feature films are characterized by music-video aesthetics. Demonstrating a fresh kind of cinematic musicality, these filmmakers write against music rather than against script, and allow pop songs a determining role in narrative and imagery.

CLASSICAL MUSIC'S LAST HOPE Paul Breer, 2008-05-23 Since retiring from a life as college teacher and researcher, the author has spent most of his time writing books, essays and music. Some of his books explore questions of value (sociology) and free will (philosophy); others focus on music and the fine arts. His essays offer analyses of humanistic psychology and Eastern philosophy. Some of his musical compositions feature full orchestra; others are written for smaller ensembles including classical guitar. The Lady and the Lord represents Breer's most recent venture into literature, the previous four being Illusions of the Heart, a book-length work consisting of two novellas exploring the world of internet romance, Tashi, the tale of a young girl's love for an older man, The Reluctant Savior, the story of a man who discovers the art of healing and spends the rest of his days exploring that gift, and The Unwanted, the account of two men whose lives intersect... a boy from Southern Mexico who journeys north to find a better life in United States, and a Phoenix Sheriff whose life is changed forever by their meeting.

The Last Music Bearer Neil Mach, 2015-03-23 In a medieval world – singing and music is illegal. A secret group of wandering monks brings harmony to those in need. Their movements are constantly watched by a fearsome Order – whose opposing ministry is to eradicate music. A boy named Elis was saved by the minstrel monks. He was trained to be a Music-Bearer. He must complete his mission, while those sworn to hunt him, must destroy him.

Programme Music in the Last Four Centuries Frederick Niecks, 2009-08 This historic book may have numerous typos, missing text or index. Purchasers can download a free scanned copy of the original book (without typos) from the

publisher. 1907. Not illustrated. Excerpt: ... CHAPTER IV. IN GERMANY. The writing of the present chapter cannot be called an inspiring task. Without Wagner's sovereign contempt for the music of his time, and Tchaikovsky's belief in Germany's complete exhaustion, one may yet be unable to grow enthusiastic over the theme. The productivity during the period with which we are concerned has been enormous. But how about the really valuable outcome of it? In the latter part of the 19th century the question was often asked: What remains if you remove from the living German composers Wagner and Brahms? And then there were ever so many people who, while heartily admitting the greatness of one of the two, were not so sure of the other--not to mention those who were all for the one and would have none whatever of the other. Now, ' this exclusive way of looking at men and things is not only unfair, it is absolutely foolish. The men of genius leave room for the men of talent; and the masters en grand for the masters en miniature. To be sure for some time past Germany has not been abounding in musical genius of the first or even second order. But if there has been a dearth of powerful original creativeness and of strikingly outstanding individuality, there has been also a goodly provision of artistic ability well deserving our respect and gratitude, ability displaying itself not merely in technical skill, but often also in imaginativeness, sensibility, and poetic charm. The great bulk of crudities, futilities, and vacuities need not trouble us: they are not peculiar to any one period. One could classify composers into (1) such as write only absolute music, and are uninfluenced by and even averse to the programmatic tendency; (2) such as write programme music, but only in the classical manner and forms; (3) such as go only ...

All You Need to Know About the Music Business Donald S. Passman,2023-10-24 Dubbed “the industry bible” by the Los Angeles Times, All You Need to Know About the Music Business by veteran music lawyer Donald Passman is the go-to guide for everyone in the music business through ten editions, over thirty years, and over a half a million

copies sold. Now with updates explaining why musicians have more power today than ever in history; discussion of the mega-million-dollar sales of artists' songs and record catalogs; how artist access to streaming media, and particularly TikTok, has completely reshaped the music business; the latest on music created by AI; and a full update of the latest numbers and trends. For more than thirty years, *All You Need to Know About the Music Business* has been universally regarded as the definitive guide to the music industry. Now in its eleventh edition, Passman leads novices and experts alike through what has been the most profound change in the music business since the days of wax cylinders and piano rolls: streaming. For the first time in history, music is no longer monetized by selling something—it's monetized by how many times a listener streams a song. And also, for the first time, artists can get their music to listeners without a record company gatekeeper, creating a new democracy for music. The "industry bible" (Los Angeles Times), now updated, is essential for anyone in the music business—musicians, songwriters, lawyers, agents, promoters, publishers, executives, and managers—and the definitive guide for anyone who wants to be in the business. So, whether you are—or aspire to be—in the music industry, veteran music lawyer Passman's comprehensive guide is an indispensable tool. He offers timely information about the latest trends, including the reasons why artists have more clout than ever in history, the massive influence of TikTok, the mega million dollar sales of artists' songs and record catalogs, music in Web3 and the Metaverse, music created by AI, and a full update of the latest numbers and practices.

One Last Song Mike Ayers, 2020-10-13 An ironically upbeat book that asks some of today's most inimitable musicians which song they would choose to be the last one they ever hear *Variety* Best Music Book of 2020 *TIME* Best Book of Fall 2020 Selection If you could choose the last song you'd hear before you died, what would it be and why? Your favorite song of all time? Perhaps the one you danced to at your wedding? The song from that time you got super stoned and just let the chords speak to you? It's a hard question that Mike Ayers has thought about for years. In *One Last Song*, Ayers invites 30 musicians to consider what song they would each want to accompany them to those pearly white gates. Weaving together their explanations with evocative illustrations and poignant interludes—what your song to die to says about you, what songs famous people have died to, and more. The book offers insight into the minds of famous artists and provides an entry point for considering how integral music is to our own personal narratives. Artists Featured: Jim James of *My Morning Jacket*, André 3000, Killer Mike, Jeff Tweedy of *Wilco*, Phoebe Bridgers, Richard Reed Parry of *Arcade Fire*, Sam Beam of *Iron & Wine*, Colin Meloy of the *Decemberists*, Wayne Coyne of *The Flaming Lips*, Lauren Mayberry of *CHVRCHES*, A.C. Anatomy of a Song Marc Myers, 2016-11-01 "A winning look at the stories behind 45 pop, punk, folk, soul and country classics" in the words of Mick Jagger, Stevie Wonder, Cyndi Lauper and more (The Washington Post). Every great song has a fascinating backstory. And here, writer and music historian Marc Myers brings to life five decades of music through oral histories of forty-five era-defining hits woven from interviews with the artists who created them, including such legendary tunes as the Isley Brothers' Shout, Led Zeppelin's Whole Lotta Love, Janis Joplin's Mercedes Benz, and R.E.M.'s Losing My Religion. After receiving his discharge from the army in 1968, John Fogerty did a handstand—and reworked Beethoven's Fifth Symphony to come up with Proud Mary. Joni Mitchell remembers living in a cave on Crete with the mean old daddy who inspired her 1971 hit Carey. Elvis Costello talks about writing (The Angels Wanna Wear My) Red Shoes in ten minutes on the train to Liverpool. And Mick Jagger, Jimmy Page, Rod Stewart, the Clash, Jimmy Cliff, Roger Waters, Stevie Wonder, Keith Richards, Cyndi Lauper, and many other leading artists reveal the emotions, inspirations, and techniques behind their influential works. *Anatomy of a Song* is a love letter to the songs that have defined generations of listeners and "a rich history of both the music industry and the baby boomer era" (Los Angeles Times Book Review).

Love Goes to Buildings on Fire Will Hermes, 2011-11-08 Punk rock and hip-hop. Disco and salsa. The loft jazz scene and the downtown composers known as Minimalists. In the mid-1970s, New York City was a laboratory where all the major styles of modern music were reinvented—all at once, from one block to the next, by musicians who knew, admired, and borrowed from one another. Crime was everywhere, the government was broke, and the city's infrastructure was collapsing. But rent was cheap, and the possibilities for musical exploration were limitless. *Love Goes to Buildings on Fire* is the first book to tell the full story of the era's music scenes and the phenomenal and surprising ways they intersected. From New Year's Day 1973 to New Year's Eve 1977, the book moves panoramically from post-Dylan Greenwich Village, to the arson-scarred South Bronx barrios where salsa and hip-hop were created, to the Lower Manhattan lofts where jazz and classical music were reimagined, to ramshackle clubs like CBGBs and The Gallery, where rock and dance music were hot-wired for a new generation. As they remade the music, the musicians at the center of the book invented themselves: Willie Colón and the Fania All-Stars renting Yankee Stadium to take salsa to the masses, New Jersey locals Bruce Springsteen and Patti Smith claiming the jungleland of Manhattan as their own, Grandmaster Flash transforming the turntable into a musical instrument, David Byrne and Talking Heads proving that rock music ain't no foolin' around. Will Hermes was there—venturing from his native Queens to the small dark rooms where the revolution was taking place—and in *Love Goes to Buildings*

on Fire he captures the creativity, drive, and full-out lust for life of the great New York musicians of those years, who knew that the music they were making would change the world.

Music and Heritage Liam Maloney,John Schofield,2021-04-14 Music and Heritage provides new thinking about the diverse ways people engage with heritage. By exploring the relationships that exist between music, place and identity, the book illustrates how people form attachments to place and how such attachments are represented by sound and music-making. Presenting case studies and perspectives from across a range of genres, the volume argues that combining music with heritage provides an alternative and productive opportunity to think about heritage values and place attachment. Contributions to this edited collection use a diversity of methods, perspectives, cues and genres to reflect critically on issues related to these and other interconnections in ways that encourage new thinking about the character, meaning and purpose of cultural heritage, and the various ways in which people can interact with it through sound – thus re-encountering the supposedly familiar world around them. Taking heritage studies, musicology and place-making research in new directions, Music and Heritage will be of interest to academics and students engaged in the study of heritage, history, music, geography and anthropology. It will also be relevant to those with an interest in how music relates to place-making and place attachment, as well as to practitioners and policymakers working in the planning, design and creative sectors.

Ready For a Brand New Beat Mark Kurlansky,2013-07-11 Can a song change a nation? In 1964, Marvin Gaye, record producer William “Mickey” Stevenson, and Motown songwriter Ivy Jo Hunter wrote “Dancing in the Street.” The song was recorded at Motown’s Hitsville USA Studio by Martha and the Vandellas, with lead singer Martha Reeves arranging her own vocals. Released on July 31, the song was supposed to be an upbeat dance recording—a precursor to disco, and a song about the joyousness of dance. But events overtook it, and the song became one of the icons

of American pop culture. The Beatles had landed in the U.S. in early 1964. By the summer, the sixties were in full swing. The summer of 1964 was the Mississippi Freedom Summer, the Berkeley Free Speech Movement, the beginning of the Vietnam War, the passage of the Civil Rights Act, and the lead-up to a dramatic election. As the country grew more radicalized in those few months, “Dancing in the Street” gained currency as an activist anthem. The song took on new meanings, multiple meanings, for many different groups that were all changing as the country changed. Told by the writer who is legendary for finding the big story in unlikely places, Ready for a Brand New Beat chronicles that extraordinary summer of 1964 and showcases the momentous role that a simple song about dancing played in history.
