Made by Dad Scott Bedford,2013-05-07 The Snail Soup Can Decoy to keep the candy stash safe. The Customizable “Keep Out” Sign to deter meddlesome siblings and parents. A Bunk Bed Communicator made from cardboard tubes (“Psst! Can you keep the snoring down?”). Clever, whimsical, and kind of genius, here are 67 unique projects that will turn any dad with DIY leanings into a mad scientist hero that his kid(s) will adore. No screens, no hi-tech gadgetry. **Made by Dad** combines the rough-edged, handmade ethos of a Boy Scout manual or The Dangerous Book for Boys with a sly sense of humor that kids love. Scott Bedford, a creative director by day and Webby Award–winning blogger by nights and weekends, wields an X-ACTO knife, magic marker, and prodigious imagination to create endlessly delightful projects for his two sons. He knows that kids like

contraptions and gadgets, things that are surprising—a chair that appears to be balanced on eggshells. Things that are complex—a multilevel city, with buildings, tunnels, and roads, built from old boxes around the legs of a table. And especially things with humor—the Snappy Toast Rack, made to resemble a crocodile’s gaping mouth. The projects are shown in full-color photographs, and the instructions are illustrated in detailed line drawings that exude personality. Some are quick and simple enough to be done in a coffee shop; others are more of an afternoon project—yielding hours and hours of rich, imaginative playtime.

Community College Leaders on Workforce Development William J. Rothwell, Patrick E.

Gerity, Vernon L. Carraway, 2017-01-31 This book has two things going for it that are rarely combined—it is fundamentally purposeful and it is useful. As the authors point out, there is a trilogy of needs confronting any business leader with a change agenda and/or transitioning into a new top role: influence, coalition building, and performance consulting. Of the three, performance consulting has received the least amount of attention in both the public and private-sector businesses. Because the focus on performance consulting rests primarily on the worker and the workplace environment, the authors contend that we must have a picture of how that environment has changed over the years. In this book, visionary leaders of community colleges will present their views about the present

challenges and future approaches needed for community colleges to be successful.

The Nickelodeon '90s Chris Morgan, 2021-06-21 There is an entire generation that grew up on Nickelodeon. The network started to get its footing in the '80s and in the '90s became the defining voice in entertainment for kids. For the first time ever, in this book, the entire expanse of '90s Nickelodeon has been collected in one place. A mix of personal reflection and media criticism, it delves into the history of each show with humor and insight. It revisits shows such as Rugrats, Clarissa Explains It All, and Legends of the Hidden Temple, one by one. More than an act of nostalgia, this book looks critically at the '90s Nick catalog, covering the good, the bad, and the weird.
