The Annihilation Score Charles Stross, 2016-06-28 From the Hugo Award-winning author of *The Rhesus Chart* comes another supernatural case from *The Laundry Files*... Dominique O'Brien—her friends call her Mo—lives a curious double life with her husband, Bob Howard. To the average civilian, they're boring middle-aged civil servants. But within the labyrinthine secret circles of Her Majesty's Government, they're operatives working for the nation's occult security service known as the Laundry, charged with defending Britain against dark supernatural forces threatening humanity. Unfortunately, one of those supernatural threats has come between Mo and Bob. An antique violin, an Erich Zahn original, made of white human bone, was designed to produce music capable of slaughtering demons. Mo is the custodian of this unholy instrument. It invades her dreams and yearns for the blood of her colleagues—and her husband. And despite Mo's proficiency as a world-class violinist, it cannot be controlled...

Laundry Love Patric Richardson, Karin B. Miller, 2021-03-30 Patric is going to be the Ina Garten of laundry. —Good Day L.A. A MOST ANTICIPATED BOOK by GMA.com, The Washington Post, Working Mother, Good Day L.A., and more! Patric Richardson, aka the Laundry Evangelist," reveals his revolutionary methods for cleaning clothes—and making laundry loads more fun. Doing laundry is rarely anyone's favorite task. But to Patric Richardson, laundry isn't just fun—it's a way of life. After years of running Laundry Camp at the Mall of America for thousands of eager learners, he's

ready to share his tips, tricks, and hacks—bringing surprise and delight to this commonly dreaded chore. Sorting your laundry? It's not all about whites and darks. Pondering the wash cycles? Every load, even your delicates, should be washed using express or quick-wash on warm. Facing expensive dry cleaning bills? You'll learn how to wash everything—yes everything—at home. And those basically clean but smelly clothes? Richardson has a secret for freshening those too (hint: it involves vodka, not soap). Changing your relationship with laundry can also change your life. Richardson's handy advice shows us how to save time and money (and the planet!) with our laundry—and he intersperses it all with a healthy dose of humor, real-life laundry stories, and lessons from his Appalachian upbringing and career in fashion. Laundry Love will make you wonder why you ever stressed about ironing, dry cleaning, or (god forbid) red wine spills on your new couch. No matter the issue, Richardson is here to help you make laundry miracles happen—wrinkles and stains be damned.

Make me not me Ingemar Fredriksson, 2020-09-28 Do we really need more consumer 'stuff'? While most everyone will answer 'No,' we still see thousands of new products and services launched every day. These compete for our attention with already inundated markets filled with existing products - in the midst of the most intense information flows in history. Traditional adverts are not a cost-effective solution and like much more. So how can you successfully catch consumers' interest? This book provides the answer. It's all about adapting to the demands of entertainment - which means product stories that are simultaneously sales driving and identity building. The book presents volumes of examples - including how one of the most wide-spread breakfast cereals was

originally developed as a way to counteract masturbation. It also fully explains concepts like Business mindfulness, the 'Happy Valley phenomenon,' and 'Copperfield rhetoric.' Moreover, you read about how a single word is used to encourage consumers to buy eggs from chickens that are less healthy and how consumers were led to pay 12 times more for their bowl of oatmeal porridge. Before concluding, the book provides a simple model for how to build quality product stories using four cornerstones, five elements that sell stories, and the 'ICE' you need. Ingemar Fredriksson has over 40 years' experience in business development and marketing while holding senior management positions in many Swedish and international companies. His previous books have all reached best-seller listings, several for many years, having received many positive reviews and wide media attention.
