**Learning French for Beginners** John Alfort,2020-02-09 If you are looking for a way to learn French quickly and efficiently, without wasting time with complex grammar rules, then read on! My name is John Alfort, I am 45 years old and I was born in Oxford, England. I decided at 19 to spend 3 months of my life in Rome learning Italian and building new experiences. I worked hard during those months, studying several books and taking very expensive training courses. Nevertheless, I still had great difficulty in communicating with my new friends at the end of my stay in Italy. The problem was that I had spent most of my time trying to memorize complex grammar rules (gerund, past tense...), without focusing on the most important aspect of the language: THE VOCABULARY. To quote David Wilkins: Communicating without grammar is difficult but communicating without words is impossible. At that moment, at the young age of 19, disappointed and frustrated by my first failure, I decided to do everything possible to learn Italian, but above all I decided what I wanted to do for the rest of my life: become one of the greatest experts of foreign languages. Today, 26 years later, I can say that I have succeeded. My team and I have succeeded in creating a new and innovative method of learning languages in an easy and intuitive way, revolutionizing the traditional learning process. ABOUT THE BOOK Here is a glimpse of what you will find in this book: BEST way to learn a language and communicate fluently; 1,222 French words YOU MUST know and their translations; The ultimate secret to learning the key grammatical rules you need in a TOTALLY PASSIVE manner; 114 phrases you absolutely must know when travelling - page 168 Because the school system and teachers have been your worst enemy in learning this language. And much more... You NO LONGER have to spend thousands of Dollars on complex language courses. You NO LONGER have to use Google Translator while travelling abroad. You are probably wondering if this book is right for you. You may have tried learning French in the past, but always had poor results. You've probably told yourself you're not suited for this language. However, as you may have figured out by now, this book is different from the others. The reason you haven't got the results you wanted so far is because the LEARNING METHOD was wrong, not you! I have been in this business for over 20 years now and I can honestly tell you that I have helped thousands of students and in particular, have even had 80-year-old clients who had never spoken a word of French in their lives, achieve outstanding results. So, what are you waiting for? You're going to commend yourself for reading this book! Scroll up and click Buy now, don't waste any more time.
