

Learning Finnish

Lianne Coffell

Learn to Speak Finnish Stephen Hernandez, 2021-06-23 Absolutely anyone can learn Finnish. It doesn't matter what your excuse is. Maybe you think you stink at languages. Maybe you think you're too lazy. Maybe you flunked out of high school Finnish. The truth is, if you really want to learn Finnish, you can do it! Best of all, you can do it without a lot of effort. The trick is understanding how to learn rather than focusing on what to learn. Learn to Speak Finnish (Without Even Trying) will teach you how to make a concrete plan for study, how to keep it fun, and how to stay motivated--and it will also help you identify which technological tools can help you along the way. So, ditch the textbooks and endless lists of vocabulary and grammar rules. This simple and clear book gives you the perfect roadmap to learning Finnish quickly--and to having fun while doing it!

Finnish Lessons Pasi Sahlberg, 2014 "It is now time to break down the ideology of exceptionalism in the United States and other Anglo-American nations if we are to develop reforms that will truly inspire our teachers to improve learning for all our students--especially those who struggle the most. In that essential quest, Pasi Sahlberg is undoubtedly one of the very best teachers of all." "From the Foreword by Andy Hargreaves, Lynch School of Education, Boston College Finnish Lessons is a first-hand, comprehensive account of how Finland built a world-class education system during the past three decades. The author traces the evolution of education policies in Finland and highlights how they differ from the United States and other industrialized countries. He shows how rather than relying on competition, choice, and external testing of students, education reforms in Finland focus on professionalizing teachers' work, developing instructional leadership in schools, and enhancing trust in teachers and schools. This book details the complexity of educational change and encourages educators and policymakers to develop effective solutions for their own districts and schools.

Finnish: An Essential Grammar Fred Karlsson,2013-02 This second edition of Finnish: An Essential Grammar has undergone profound revisions. The chapter on basic sentence structure has been rewritten and syntax has been given more space. Sections have been added on phrase types, simple clause types, and types of complex sentences. A section on discourse particles has been added. The vocabulary of the copious example sentences has been updated to give it a touch of the twenty-first century. The section on modern colloquial Finnish has been considerably expanded. Internet addresses helpful for any learner of Finnish are provided which make it possible to automatically analyse the grammatical structure of any Finnish words and sentences. It gives not only a systematic account of the structures of the written language, but also features the characteristics of colloquial Finnish. No prior knowledge is assumed on the part of the reader and grammatical rules are clearly explained without jargon. Features include: pronunciation guide, including the tendencies in present-day colloquial Finnish thorough descriptions of morphology (word structure) and syntax (sentence structure) clear rules and an abundance of concrete examples inflection tables subject index internet addresses to online software for grammatical analysis of Finnish. This is the ideal reference source both for those studying Finnish independently and for students in schools, colleges, universities and adult classes of all types.

Teach Like Finland: 33 Simple Strategies for Joyful Classrooms Timothy D. Walker, 2017-04-18 Easy-to-implement classroom lessons from the world's premier educational system. Finland shocked the world when its fifteen-year-olds scored highest on the first Programme for International Student Assessment (PISA), a set of tests touted for evaluating critical-thinking skills in math, science, and reading. That was in 2001; but even today, this tiny Nordic nation continues to amaze. How does Finnish education—with short school days, light homework loads, and little standardized testing—produce students who match the PISA scores of high-powered, stressed-out kids in Asia? When Timothy D. Walker started teaching fifth graders at a Helsinki public school, he began a search for the secrets behind the successes of Finland's schools. Walker wrote about several of those discoveries, and his Atlantic articles on this subject became hot topics of conversation. Here, he gathers all he learned and reveals how any teacher can implement many of Finland's best practices. Remarkably, Finland is prioritizing the joy of learning in its newest core curricula and Walker carefully highlights specific strategies that support joyful K-12 classrooms and integrate seamlessly with educational standards in the United States. From incorporating brain breaks to offering a peaceful learning environment, this book pulls back the curtain on the joyful teaching practices of the world's most lauded school system. His message is simple but profound: these Finland-inspired strategies can be used in the U.S. and other countries. No educator—or parent of a school-aged child—will want to miss out on the message of joy and change conveyed in this book.

Teach Yourself Finnish A. H. Whitney, Random House, 1979-05-01

Finnish Lessons 3.0 Pasi Sahlberg, 2021 The first two editions of Finnish Lessons described how a small Nordic nation built a school system that provided access to a world-class education for all of its young people. Now available in 30 languages, this Grawemeyer Award-winning book continues to influence education policies and school practices around the globe. In this Third Edition, Pasi Sahlberg updates the story of how Finland sustains its exemplary educational performance, including how it responds to turbulent changes at home and throughout the world. Finnish Lessons 3.0 includes important new material about: teachers and teacher education teaching children with special needs the role of play in high-quality education Finland's responses to growing inequality, slipping international test scores, and the global pandemic In the midst of national education reforms and global changes driven by public health crises and economic turbulence, Finnish Lessons 3.0 encourages teachers, students, and policymakers to think big and bold when they look for new solutions to improving their schools and entire education systems. This edition provides an even deeper dive into the present world of education in Finland in light of the most recent education statistics and international data, including PISA 2018, TIMSS 2016, and TALIS 2018. "Finland's approach to education reform shows we must address student inequality before we can expect student excellence." –The 2013 Grawemeyer Award Committee "The story of Finnish educational success as told in Finnish Lessons is remarkable . . . this is an important book and educators need to read it." –Educational Researcher "Provides solid background on the historical context that allowed Finland's education system to transform into a powerhouse." –Education Review

Finnish Language Lianne Coffell, 2021-06-14 If you're planning a trip to Finland, you know that you are going to experience days that seem like they never end if you're going in the summer, giving it the name of the Land of the Midnight Sun, or the aurora borealis-the northern lights-during the long Finnish winter nights. You'll also be in for a bounty of other wonders of nature and fascinating Scandinavian culture in Helsinki, Finland's capital. To make the most of your time in Finland, it helps to know a bit of the language, especially those most essential words and phrases. In this book, the author has researched the MOST USEFUL Finnish phrases, grammar rules & words. So don't you don't waste YOUR time and energy on things that just simply don't work

A Grammar Book of Finnish Leila White, 2019

Miracle of Education Hannele Niemi, Auli Toom, Arto Kallioniemi, 2016-11-25 Finnish pupils' success in international student assessment tests and the characteristics of the Finnish educational system are the focus of interest all around in the world. The significance of Finnish educational policy and societal atmosphere are continuously discussed. This book provides explanations, answers and reflections to these questions. Over 30 expert authors have contributed to this book by bringing their own specific research-based points of view. The second edition of the book introduces the new national curriculum for basic education that now provides guidelines

for school-based curricula. Students' learning with engagement and schools as learning communities are core visions of the reform. The authors also reflect on the PISA 2012 results. The book gives an example on how to use PISA information for national improvements. In Finland, all evaluations are enhancement-led and this also includes PISA measurements. The book illustrates how teaching and learning of different subjects is realized in Finnish schools and describes the essential characteristics and methods of teaching, learning materials and research on these issues. The book provides important insight and reflections to international researchers, teachers, students, journalists and policy makers, who are interested in teaching and learning in Finnish schools. It shows the results of the systematic and persistent work that has been done on education and schooling in Finland. The main features of education in Finland are: Strong equity policy. Teachers as autonomous and reflective academic experts. Flexible educational structures and local responsibility for curriculum development. Evaluation for improvements, not for ranking. No national testing, no inspectorate. Research-based teacher education. Teachers' high competence in content knowledge and pedagogy. Trust in education and teachers.

Guide To Finnish Language Freddie Reddick, 2021-06-14 Learning Finnish is far from impossible, and the number of non-Finns who can speak the language is constantly growing. Finnish is typologically agglutinative and uses almost exclusively suffixal affixation. Nouns, adjectives, pronouns, numerals, and verbs are inflected depending on their role in the sentence. Sentences are normally formed with subject-verb-object word order, although the extensive use of inflection allows them to be ordered otherwise. Word order variations are often reserved for differences in information structure. If you are about to travel to Finland or just simply want to learn this complex language, this book is for you. This book is a compilation of Finnish Grammar and Sentence. It teaches the reader to understand quickly the basics of the Finnish Language (a Uralic Language). This book will help the reader to make basic sentences up to the intermediate level. It focuses on grammar and sentence building.

Enjoying the Song of Appearance: An Psychological Symphony within **Learning Finnish**

In some sort of eaten by screens and the ceaseless chatter of instantaneous communication, the melodic splendor and mental symphony developed by the published term frequently disappear in to the background, eclipsed by the constant sound and disruptions that permeate our lives. Nevertheless, nestled within the pages of **Learning Finnish** an enchanting literary treasure overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by an elegant musician of language, that interesting masterpiece conducts readers on a psychological journey, well unraveling the concealed tunes and profound affect resonating within each carefully constructed phrase. Within the depths of this touching examination, we will explore the book is key harmonies, analyze its enthralling writing type, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
