360-Degree Life Billy Joe Daugherty,2010-04-13 What if you had a second chance to chart your life? What if you only had a few days to live? Would you love? Would you laugh? Would you give? Would you live differently than you do right now? --Billy Joe Daugherty If possible, would you do a makeover on parts of your life? Most of us would gladly say “Yes!” to a fresh start, and that’s exactly what God offers. So many people live empty and frustrating lives, which is tragic because God desires a full, productive, and satisfying life for His children. 360° Life explores how ordinary people, regardless of their challenges, can experience life-altering change through simple faith. Billy Joe Daugherty weaves material from the Bible, his own experiences, and riveting interviews with contemporary Christians to reveal how not just to survive struggles, but to rise above them. That’s the fulfilling result of a 360-degree life. “Billy Joe Daugherty masterfully leads us back to the resurrection power of Christ that breaks us free from the fears of our past to live a victorious life.” —T. D. Jakes, pastor of The Potter’s House

360[degree Symbol] Diary Luis Goytisolo,2008 Luis Goytisolo's novel, 360° Diary, constitutes a reflection on the act of creativity. The novel is in the form of a diary that begins on the author's birthday and concludes one (lunar) year later. Each day of the week is identified with a theme such as the seasons; the broad movements of history; the biological and psychological cycles of all living beings; and time itself. The author of the diary contemplates and acts upon all the various kinds of knowledge that have come together in his person, either through study, experience, or intuition. Just as in his most well-known novel, Antagonía, Goytisolo uses 360° Diary to explore the human condition and the diverse ways in which the individual comes to know and understand, in whatever limited way, the possibilities of human existence. The totality is a comprehensive, 360° view of contemporary life by an artist employing everything he has learned so as to communicate with the reader willing to follow him in his reflections and, ideally, use them as a starting point for his/her own ideas.

360 Degrees Roger Garhett Burdette,2019-01-30 A World is losing the plot. A time not that long ago people relied on common sense because they had it, a little , not a lot. It was all that was needed. What was right and wrong. They knew how to behave, knew how to help others, respect al around us, knew what to do when things went wrong. Deal with problems safely and quickly as they arose, knew how to help others, worked with theirs and others communities and societies, serving them wholly without question or moan. They got stuck in, together, they had to. Laded in the savage, alone in a hostile environment, isolated and vulnerable, ALLOWED to THINK, ALLOWED to DEVELOP, ALLOWED to become STRONG, ONE becomes TWO, becomes THREE, becomes FOUR, becomes... their challenge became A LESSON FOR US ALL...Cliffon Breeze is in our modern world being pulled in every direction. A life changing event occurs and he becomes four different characters in a different era where Walter, Billy, Charlie, and Larry are launched into a voyage of self discovery with the help of Hairy Dan and many more!, Full of challenge and adventures galore when a changing event occurs and Cliffon is returned to the modern world. Nothing has changed. This four book series continues with 360 degrees Hilary!

A 360 Degree Sudha Mahesh,2021-01-22 A 360 Degree—Amplify the cause & effect There is more to student life than the academic zones. The

book's content comes from the author's self-realization, experience, and observation throughout her career span in education. A change in the outlook of education as Education for life is always a healthy perspective. Therefore, a need to pause, retrospect, and make a conscious decision is right at the starting point of early childhood and education. The purpose of a school, its model, the vision, and the mission is essential. This book's content discusses numerous topics and shares a broader angle to look at a school beyond its academic excellence. The author tries to highlight different yardsticks to measure the parameters of an efficacious school. The book celebrates the School and its success through a 360-degree enhanced vision accommodating quantitative and qualitative factors. Society needs a 360-degree view on defining the school's purpose; a school needs a 360-degree view to amplify the cause and its effect; a parent needs a 360-degree viewpoint on choosing a school for their child.
