Entertainment Weekly The Ultimate Guide to The Big Bang Theory The Editors of Entertainment Weekly, 2019-05-03
Entertainment Weekly Magazine presents The Ultimate Guide to The Big Bang Theory.

The Great Indian Conspiracy Dr. Praveen Tiwari, 2019-03-18 Saffron terrorism. Is it a fact? Or, is this a myth? After all, do we know enough? The shocking blasts of Malegaon and Samjhauta were projected as 'saffron terrorism'. A new theory, terrorist attacks were tainted as such till, a few years later, Kasab's confession offered solid proof of Pakistan's role in the 26/11 attacks. Though the police had concluded a Pakistani hand for the earlier blasts, it was saffron terrorism which prevented the perpetrators of these attacks from being brought to justice. As a theory, saffron terrorism is not just hurting Hindus sentiments but is also an obstacle to fight real terrorism sponsored by Pakistan and Islamic states. The term was coined by the erstwhile UPA government to garner minority votes and manipulate the vote bank. After all, why were the Malegaon-accused SIMI activists let off? Why did certain politicians declare not to oppose their bail? What was truly behind Aseem's confession? The reliability of these confessions was questionable given the police brutality that the National Investigative Agency exposed. Journalist Praveen Tiwari explores saffron terrorism and reveals through exclusive interviews of senior National Investigative Agency officials, undercover agents and politicians how vote bank politics can compromise ethics and national security. Should the real masterminds behind the blasts be allowed to go scot-free? Should the manipulators of the Samjhauta Express bombings not be held accountable? Should we not investigate those who had exonerated Pakistan of its guilt? An extensive research on communal politics, the book offers indisputable evidence of the 'saffron terrorism' theory as the Great Indian Conspiracy.

Indian Innovators Akshat Agrawal, 2015-05-02 20 ZEALOUS INDIANS. 20 PATH-BREAKING INNOVATIONS. ONE COMMON VISION! Indian Innovators traces the journey of 20 dynamic individuals, who have created cutting-edge products with global mass appeal. Each innovator comes from diverse backgrounds – from those who hold a PhD to those who have had no formal education! Despite this difference, what unites them is their passion for innovation, the grit with which they have fought adversities and their vision for a better world. Each story celebrates the triumphant spirit of these determined individuals in a society that places little incentive on innovation. These innovators have resolved to break the status quo in the Indian innovation landscape! Akshat Agarwal holds a degree in Mechanical Engineering from IIT-Delhi and an MBA from the US. During his IIT days, he was engaged in the design and fabrication of an artificial knee joint for above-the-knee amputees. Akshat is currently a Director at Alpha Beta Classes, an innovative start-up in online and offline education that aims to improve access to quality education for millions in India.

The future of U.S.-India security cooperation Sumit Ganguly, M. Chris Mason, 2021-03-30 This book deals with the evolution, current status and potential of U.S.-India strategic cooperation. From very modest beginnings, the U.S.-India strategic partnership has developed significantly over the last decade. In considerable part, this growth has stemmed from overlapping concerns about the rise and assertiveness of the People's Republic of China, as well as the instability of Pakistan. Despite the emergence of this partnership, significant differences remain, some of which stem from Cold War legacies, others from divergent global strategic interests and institutional design. In spite of these areas of discord, the overall trajectory of the relationship appears promising. Increased cooperation and closer policy coordination underscore a deepening of the relationship, while fundamental differences in national approaches to strategic challenges demand flexibility and compromise in the future.

Visa Wives Radhika MB, 2016-12-15 Women who emigrate to the US on 'dependent visas', to join their husbands working on H1B visas, often do not know what to expect. They uproot themselves from their homes and families and arrive in an alien land to begin life anew, clueless as to what this might entail. Strained marriages and lives thrown out of gear are only some of the complications that ensue. This book gives voice to some such 'visa wives' and their experiences, while offering practical advice on settling in, working, networking, assimilating and making friends, to those contemplating a move to the US.

Essentials of Techno-Pedagogy Dr. A. Muthumanickam, Dr. B. Kannan, Educational technology is an indispensable element of teaching. Teacher educators need knowledge and skills to design and successfully implement technology-enhanced learning. In today's world, most people must continuously improve their abilities and information levels to encounter the challenges of lifestyle. The current era of the 21st century is the data and innovation (IT) time. Each viewpoint of life has got to be synonymous with science and advancement. All over the world, information in all ranges is making tremendous advances. Information and innovation are right now being utilized within the field of education to create effective and interesting instruction and preparation for both understudies and teachers. The term "technology" within the 21st century is a critical issue in many fields, including instruction. This is since innovation has become the interstate information development in numerous countries. Nowadays, the application of technology has experienced progress and has changed our social designs that totally alter the way people think, work, and live. As a component of this, schools and other instructive teaching approaches ought to plan understudies to live in an "information society" to consider ICT support in their instructive programs. "Technology could be a crucial portion of teaching today's students and it is utilized at whatever point conceivable within the classroom so that it moves forward the large learning environment." Students will also get acquainted with innovation since they will utilize it in the future. A great educator not only provides proper ways for students to plan successfully but also motivates them to utilize their abilities in developing their country. This is often the crossover strategy of instructing in which ICT is being utilized for instructing learning circumstances. The combination of both the words "techno" and "pedagogy" implies weaving the innovations into the instructing learning preparation. It needs to consciously recognize the intervening learning environment in order to simplify and clarify the data transmission process to the greatest extent. Hence the thought of the Publication of the Edited book entitled "Essentials of Techno-pedagogy" to make available the rudiments concerning Techno-Pedagogy. This collection includes innovative research and enticing ideas which would tickle the palate of the specialist, the teacher and the curious reader.
