World Film Locations: Florence Alberto

Zambenedetti, 2014-09-15 Florence, with its rich history, privileged place in the canon of Western art, and long-standing relationship with the moving image, is a cinematic city equal to Venice or Rome. *World Film Locations: Florence* explores the city as it is manifested in the minds of filmmakers and filmgoers. Contributors to the collection consider a wide range of topics, including the tourist's perception of Florence, representations of art and artists on screen, the camera-friendly Tuscan countryside and mouthwatering local cuisine and filmic adaptations of canonical Italian literature. Through scene reviews of films, including *Bobby Deerfield*, *A Room with a View*, *Tea with Mussolini* and *Under the Tuscan Sun*, *World Film Locations: Florence* delves deeper into the makeup of the city, looking at both familiar and unfamiliar locations through the lens of such filmmakers as Roberto Rossellini, Mario Monicelli, Brian DePalma and Ridley Scott.

Remote Capture Jody Butterworth, Andrew Pearson, Patrick Sutherland, Adam Farquhar, 2018-04-16 This is a must-read how-to guide if you are planning to embark on a scholarly digitisation project. Tailored to the specifications of the British Library's EAP (Endangered Archives Programme) projects, it is full of sound, practical advice about planning and carrying out a successful digitisation project in potentially challenging conditions. From establishing the scope of the project, via practical considerations about equipment, work routines, staffing, and negotiating local politics, to backing up your data and successfully completing your work, *Remote Capture* walks you through every stage. Bursting with helpful hints, advice and experiences from people who have completed projects everywhere around the globe from Latin America to Africa to Asia, this book offers a taste of the challenges you might encounter and the best ways to find solutions. With a particular focus on the process of digitisation, whether using a camera or a scanner, *Remote Capture* is invaluable reading for

anybody considering such a project. It will be particularly useful to those who apply for an EAP grant, but the advice in these pages is necessary for anyone wondering how to go about digitising an archive.

John Wayne Was Here Roland Schaeffli, 2021-06-09 John Wayne worked on film sets around the globe. This book follows the trail, from his beginnings on the Fox backlot to his final filming in Lone Pine, California. Locations in Mexico, Normandy, Rome, Madrid, London, Ireland, Libya and Africa are covered, along with his favorite vacation spots in Hawaii, Acapulco, Greece, Monaco, and the Hollywood hot-spots he frequented. Anecdotes revisit his most famous scenes, including Rooster Cogburn's charge in True Grit

(1969) and Davy Crockett's last stand in *The Alamo* (1960). Production details describe how San Diego stood in for Iwo Jima, how Old Tucson was turned into El Dorado, and how Genghis Kahn ruled over the deserts of Utah. Never before published photos present then-and-now views in this first of its kind guided tour for film location hunters and Wayne aficionados.

World Film Locations: Marseilles Marcelline

Block, 2013-01-01 As France's oldest city, Marseilles has a significant cinematic culture, dating back to the 1890s when the Lumière brothers shot many films there. Due to its prolific film industry in the 1920s, Marseilles was referred to as "the French Los Angeles." *World Film Locations: Marseilles* examines the representations of this port city in cinema, through essays and film scene reviews devoted to an exploration of its topography as depicted by Jean Epstein, Jean-Luc Godard, Jean-Pierre Melville, Jean Renoir, Jean-Jacques Beineix, and many others. This volume showcases Marseilles's diversity as articulated onscreen: from the winding streets of the Panier to the Old Port's noisy markets, from the bustling Canebière to the dockyards of the Grand Port Maritime, from the cliffs of Provençal encircling the city to sun-drenched calanques leading to the dazzling cerulean sea. *World Film Locations: Marseilles* features maps of film scenes, high-quality screengrabs, and images of movie locations as they appear today, accompanied by original texts penned by leading international film scholars and critics and an interview with Marseillais director Robert Guédiguian. Marseilles has been named a 2013-14 European Capital of Culture and this book is a fitting and timely tribute.

World Film Locations Alberto Zambenedetti, 2016 The prototypical rust belt city, Cleveland has long served as an emblem of late twentieth-century urban decay. But recent decades have brought a cultural and economic renaissance--a revival that has been reflected and aided by the growing number of films being shot on location there. This new entry in the *World*

Film Locations series offers the first-ever extended look at Cleveland on screen. Richly illustrated with images from dozens of productions, it reveals Cleveland to be usefully chameleonic, appealing to some filmmakers for its modern downtown's ability to mimic more prominent (and more expensive) cities, to others for the way its shuttered factories and decaying docks signify contemporary urban distress. With entries on such classics as *The Fortune Cookie*, *The Deer Hunter*, *A Christmas Story*, and Marvel's *The Avengers*, as well as lesser-known films, the volume reveals Cleveland to be a far more compelling, and far more varied, on-screen presence than even most film buffs would expect. Like all the books in this series, *World Film Locations: Cleveland* is designed to appeal to cinephiles and scholars alike, while also serving as a silver screen souvenir for those who make the city their home as well as for those who visit it.
