The Arhoolie Foundation's Strachwitz Frontera Collection of Mexican and Mexican American Recordings Agustin Gurza,2012 The Strachwitz Frontera Collection is the largest repository of commercially produced Mexican and Mexican American vernacular recordings in existence. It contains more than 130,000 individual recordings. Many are rare, and some are one of a kind. Although border music is the focus of the collection, it also includes notable recordings of other Latin forms, including salsa, mambo, sones, and rancheras. More than 40,000 of the recordings, all from the first half of the twentieth century, have been digitized with the help of the UCLA Chicano Studies Research Center and are available online through the University of California's Digital Library Program. Agustin Gurza explores the Frontera Collection from different viewpoints, discussing genre, themes, and some of the thousands of composers and performers whose work is contained in the archive. Throughout he discusses the cultural significance of the recordings and relates the stories of those who have had a vital role in their production and preservation. Rounding out the volume are chapters by Jonathan

Clark, who surveys the recordings of mariachi ensembles, and Chris Strachwitz, the founder of the Arhoolie Foundation, who reflects on his six decades of collecting the music that makes up the Frontera Collection.--Publisher description.

Rock the Nation Roberto Avant-Mier, 2010-05-06 Rock the Nation analyzes Latino/a identity through rock 'n' roll music and its deep Latin/o history. By linking rock music to Latinos and to music from Latin America, the author argues that Latin/o music, people, and culture have been central to the development of rock music as a major popular music form, in spite of North American racial logic that marginalizes Latino/as as outsiders, foreigners, and always exotic. According to the

author, the Latin/o Rock Diaspora illuminates complex identity issues and interesting paradoxes with regard to identity politics, such as nationalism. Latino/as use rock music for assimilation to mainstream North American culture, while in Latin America, rock music in Spanish is used to resist English and the hegemony of U.S. culture. Meanwhile, singing in English and adopting U.S. popular culture allows youth to resist the hegemonic nationalisms of their own countries. Thus, throughout the Americas, Latino/as utilize rock music for assimilation to mainstream national culture(s), for resistance to the hegemony of dominant culture(s), and for mediating the negotiation of Latino/a identities.

Audiotopia Josh Kun,2005-11-01 Ranging from Los Angeles to Havana to the Bronx to the U.S.-Mexico border and from klezmer to hip hop to Latin rock, this groundbreaking book injects popular music into contemporary debates over American identity. Josh Kun, a MacArthur Genius Fellow, insists that America is not a single chorus of many voices folded into one, but rather various republics of sound that represent multiple stories of racial and ethnic difference. To this end he covers a range of music and listeners to evoke the ways

that popular sounds have expanded our idea of American culture and American identity. Artists as diverse as The Weavers, Café Tacuba, Mickey Katz, Rahsaan Roland Kirk, Bessie Smith, and Ozomatli reveal that the song of America is endlessly hybrid, heterogeneous, and enriching—a source of comfort and strength for populations who have been taught that their lives do not matter. Kun melds studies of individual musicians with studies of painters such as Jean-Michel Basquiat and of writers such as Walt Whitman, James Baldwin, and Langston Hughes. There is no history of race in the Americas that is not a history of popular music, Kun claims. Inviting readers to listen closely and critically, *Audiotopia* forges a new understanding of sound that will stoke debates about music, race, identity, and culture for many years to come.

Decoding "Despacito" Leila Cobo, 2021-03-02 A behind the scenes look at the music that is currently the soundtrack of the globe, reported on and written by Leila Cobo, Billboard's VP of Latin Music and the world's ultimate authority on popular Latin music. *Decoding Despacito* tracks the stories behind the biggest Latin hits of the past fifty years. American Academic Culture in Transformation

Thomas Bender, Carl E. Schorske, 2021-03-09 In the half century since World War II, American academic culture has changed profoundly. Until now, those changes have not been charted, nor have their implications for current discussions of the academy been appraised. In this book, however, eminent academic figures who have helped to produce many of the changes of the last fifty years explore how four disciplines in the social sciences and humanities--political science, economics, philosophy, and literary studies--have been transformed. Edited by the distinguished historians Thomas Bender and Carl Schorske, the book places academic developments in their intellectual and socio-political contexts. Scholarly innovators of different generations offer insiders' views of the course of change in their own fields, revealing the internal dynamics of disciplinary change. Historians examine the external context for these changes--including the Cold War, Vietnam, feminism, civil rights, and multiculturalism. They also compare the very different paths the disciplines have followed

within the academy and the consequent alterations in their relations to the larger public. Initiated by the American Academy of Arts and Sciences, the study was first published in *Daedalus* in its 1997 winter issue. The contributors are M. H. Abrams, William Barber, Thomas Bender, Catherine Gallagher, Charles Lindblom, Robert Solow, David Kreps, Hilary Putnam, José David Saldívar, Alexander Nehamas, Rogers Smith, Carl Schorske, Ira Katznelson, and David Hollinger.

Migrant Deaths in the Arizona Desert Raquel Rubio-Goldsmith,Celestino Fernández,Jessie K. Finch,Araceli Masterson-Algar,2016-10-25 Migrant Deaths in the Arizona Desert addresses the tragic results of government policies on immigration. The book's central question is why are migrants dying on our border? The authors constitute a multidisciplinary group reflecting on the issues of death, migration, and policy.

Contemporary Latina/o Media Arlene M. Dávila,Yeidy M. Rivero,2014 The cultural politics creating and consuming Latina/o mass media. Just ten years ago, discussions of Latina/o media could be safely reduced to a handful of TV channels, dominated by Univision and Telemundo. Today, dramatic changes in the global political economy

have resulted in an unprecedented rise in major new media ventures for Latinos as everyone seems to want a piece of the Latina/o media market. While current scholarship on Latina/o media have mostly revolved around important issues of representation and stereotypes, this approach does not provide the entire story. In *Contemporary Latina/o Media*, Arlene Dávila and Yeidy M. Rivero bring together an impressive range of leading scholars to move beyond analyses of media representations, going behind the scenes to explore issues of production, circulation, consumption, and political economy that affect Latina/o mass media. Working across the disciplines of Latina/o media, cultural studies, and communication, the contributors examine how Latinos are being affected both by the continued Latin Americanization of genres, products, and audiences, as well as by the whitewashing of mainstream Hollywood media where Latinos have been consistently bypassed. While focusing on Spanish-language television and radio, the essays also touch on the state of Latinos in prime-time television and in digital and alternative media. Using a transnational approach, the volume as a whole explores the ownership, importation, and circulation of talent and content from Latin America, placing the dynamics of the global political economy and cultural politics in the foreground of contemporary analysis of Latina/o media.

Clown Horror 150 I. D. Oro, 2022-01-23 In a parallel universe the Government of the Racist (G. O. P.) Party wins the 2016 Presidential Election by forming the Fascist Coalition with other right-wing parties. President Führer Devil-Eggs fulfils his promise to the United States of America once elected as his "Made America 4 the Fascist Again," arrives. President Führer Devil-Eggs thanks President Vladimir Putin for his help in winning the election by forming the Best Friends Forever Alliance. Officially known as the Molotov-Ribbentrop Pact sequel this new alliance will

fight the North Atlantic Treaty Organization (N. A. T. O.) and its newest member China. Alternative facts are now scientific proofs by executive orders. Social Security pensions and Medicare health benefits for senior citizens disappear after an executive order arrives which eliminates the taxes that are collected to fund these programs. The A. C. A. The Devilcare Death Panels & Camps feature free healthcare, free death panels where accountants ration off healthcare to save money, and free concentration camps that use government mandated flu vaccines to eliminate citizens, political enemies, and criminals in the country. A cast of characters must now deal with their new reality. Irene has always been the supporting character in the school play and she wants to be the star for once. Osvaldo is trying to fool the government to make money for his retirement. Shmuel is a government worker who is trying to serve his country and fulfil the mission of his department. Anthony knows everything even if his family think that he is just going crazy. Riya is stuck in a dead-end job and finds an opportunity to escape her boring life. Courtney welcomes the challenge of a new job opportunity in the Devilcare Death Panels & Camps. Aryanna knows that she must lead the fight against the fascist in her city.
