The follow-up to the award-winning EXTINCT BOIDS, this book features more of the incredible art of cartoonist Ralph Steadman. This time the focus is not on the birds that are gone, but the ones that there's still time to save. These are the 192 Critically Endangered birds on the IUCN Red List, species such as the Giant Ibis, the Kakapo, the Sumatran Ground-cuckoo and the iconic Spoon-billed Sandpiper - these, along with a number of classic Steadman creations such as the Unsociable Lapwing, are the NEARLY-EXTINCT BOIDS. Woids are again by author, conservationist and film-maker Ceri Levy. Together, Ceri and Ralph are THE GONZOVIATIONISTS.

Necessary Trouble Sarah Jaffe, 2016-08-23 Necessary Trouble is the definitive book on the movements that are poised to permanently remake American politics. We are witnessing a moment of unprecedented political turmoil and social activism. Over the last few years, we've seen the growth of the Tea Party, a twenty-first-century black freedom struggle with BlackLivesMatter, Occupy Wall Street, and the grassroots networks supporting presidential candidates in defiance of the traditional party elites. Sarah Jaffe leads readers into the heart of these movements, explaining what has made ordinary Americans become activists. As Jaffe argues, the financial crisis in 2008 was the spark, the moment that crystallized that something was wrong. For years, Jaffe crisscrossed the country, asking people what they were angry about, and what they were doing to take power back. She attended a

people's assembly in a church gymnasium in Ferguson, Missouri; walked a picket line at an Atlanta Burger King; rode a bus from New York to Ohio with student organizers; and went door-to-door in Queens days after Hurricane Sandy. From the successful fight for a 15 minimum wage in Seattle and New York to the halting of Shell's Arctic drilling program, Americans are discovering the effectiveness of making good, necessary trouble. Regardless of political alignment, they are boldly challenging who wields power in this country.

Just One Bite Jack Heath, 2019-06-04 Timothy Blake, ex-consultant for the FBI, now works in body disposal for a local crime lord. When the FBI calls Blake in to investigate a missing university professor, Blake recognizes him as the dead man in his freezer. Then another man goes missing. And another. There's a serial killer in Houston, Texas, and Blake is running out of time to solve the case. His investigation takes him to a sex doll factory, a sprawling landfill in Louisiana and a secret cabin in the woods. As they hunt the killer together, FBI agent Reese Thistle starts to warm to Blake—but she also gets closer and closer to discovering his terrible secret. Can Blake uncover the killer without being exposed himself?

*The Secret Thoughts of Successful Women* Valerie Young, 2011-10-25 Learn to take ownership of your success, overcome self-doubt, and banish the thought patterns that undermine your ability to feel—and act—as bright and capable as others already know you are with this award-winning book by Valerie Young. It's only because they like me. I was in the right place at the right time. I just work harder than the others. I don't deserve this. It's just a matter of time before I am found out. Someone must have made a terrible mistake. If you

are a working woman, chances are this internal monologue sounds all too familiar. And you're not alone. From the high-achieving Ph.D. candidate convinced she's only been admitted to the program because of a clerical error to the senior executive who worries others will find out she's in way over her head, a shocking number of accomplished women in all career paths and at every level feel as though they are faking it—impostors in their own lives and careers. While the impostor syndrome is not unique to women, women are more apt to agonize over tiny mistakes, see even constructive criticism as evidence of their shortcomings, and chalk up their accomplishments to luck rather than skill. They often unconsciously overcompensate with crippling perfectionism, overpreparation, maintaining a lower profile, withholding their talents and opinions, or never finishing important projects. When they do succeed, they think, Phew, I fooled 'em again. An internationally known speaker, Valerie Young has devoted her career to understanding women's most deeply held beliefs about themselves and their success. In her decades of in-the-trenches research, she has uncovered the often surprising reasons why so many accomplished women experience this crushing self-doubt. In *The Secret Thoughts of Successful Women*, Young gives these women the solution they have been seeking. Combining insightful analysis with effective advice and anecdotes, she explains what the impostor syndrome is, why fraud fears are more common in women, and how you can recognize the way it manifests in your life.

**Chromos** Felipe Alfau, 1999 Chromos is one of the true masterpieces of post-World War II fiction. Written in the 1940s but left unpublished until 1990, it anticipated the fictional inventiveness of the writers who were to come along - Barth, Coover, Pynchon, Sorrentino, and Gaddis. Chromos is the American immigration novel par excellence. Its opening line is: The moment one learns English, complications set in. Or, as the novel illustrates, the moment one comes to America, the complications set in. The cast of characters in this book are immigrants from Spain who have one leg in Spanish culture and the other in the confusing, warped, unfriendly New World of New York City, attempting to meld two worlds that just won't fit together. Wildly comic, Chromos is also strangely apocalyptic, moving towards point zero and utter darkness.

*Landscapes of the Metropolis of Death* Otto Dov Kulka, 2013-01-31 Otto Dov Kulka's memoir of a childhood spent in Auschwitz is a literary feat of astounding emotional power, exploring the permanent and indelible marks left by the Holocaust Winner of the JEWISH QUARTERLY-WINGATE PRIZE 2014 As a child, the distinguished historian Otto Dov Kulka was sent first to the ghetto of Theresienstadt and then to Auschwitz. As one of the few survivors he has spent much of his life studying Nazism and the Holocaust, but always as a discipline requiring the greatest coldness and objectivity, with his personal story set to one side. But he has remained haunted by specific memories and images, thoughts he has been unable to shake off. Translated by Ralph Mandel. 'The greatest book on Auschwitz since Primo Levi ... *Competency Index for the Library Field* Betha Gutsche, Brenda Hough, 2014 WebJunction has just completed an update of the Competency Index for the Library Field. The original 2009 edition has been a valuable resource for libraries, helping staff identify and obtain the knowledge, skills and support needed to power relevant and vibrant libraries. However, it was time for an update. With ever-increasing economic, social, and educational demands, libraries have experienced dramatic changes in community needs and the tools available to serve those needs. Three elements in particular have been emphasized throughout: 21st century skills, accountability, and community engagement. WebJunction intends for the Index to be widely shared and adapted by a variety of libraries to meet their individual needs. -- Publisher description.
